Receipt is acknowledged of your letter of November 27th concerning the above purchase order for school desks to be supplied to the Mission Indian Day School, Fort William.

In reply, it is advised this order is still outstanding. Mrs. Osborne has telephoned this office on several occasions and is quite dissatisfied with the way in which this order is being filled, which also expresses our sentiments. Any action you may be able to take to expedite the shipping of these desks would certainly be much appreciated.

Sir :-

I have the honor to quote
hereunder, a communication from
Miss Louisa Sykes, teacher of the
Mississauga Indian School, dated
1st Inst., and would respectfully ask
for instructions as to what reply to
make Miss Sykes :-

" Ever since the school has been
" established in Mississauga, it has
" been the rule to allow all white children
" to attend. Mr. Phipps said it would
" be too bad not to allow them to
" attend, as there was no other school
" for them to go to, and the Priest also
" insisted on them going, on account
" of them being Catholics, always, with
" the understanding that the ^{parsons} ~~pastors~~
" would pay for their teaching, and as
" long as the Indian children were
" not neglected or annoyed in any way."

 " father made plates and put them in
 " a corner of the school for them. I
 " sent in my bill, but she refuses to
 " pay me, although she has been

 " dollars. Mr. Edward Sayers died
 " and left all his money to her and
 " her children. She handed my bill
 " to her lawyer Mr. H. Kay, Paulk

 " Now dear Mr. Ross, Lawyer H. Tadden

Sir,

In answer to that part of your letter wherein I am asked to explain why I did not report the resignation of the former teacher of the Mississauga Indian School I beg to say that the teacher never sent in her resignation but on the contrary told me she was willing to go on but wait a few days. in the meantime some pressure was brought to bear that she did not like to resist and did not go to her school I then, as I always done before, gave notice to the Missionary who looks after the Indians to look up a good teacher for Mississauga Indian school, and he was some time in finding one to suit him. This is a right that the clergy insist upon choosing the teachers for the Indian schools the next time a teacher leaves the school I will inform the Department and not the Priest -

Chief Joe Sangessiek, of the Mississauga band, states that there are twenty-two children of school age who would attend the Mississauga school, if it were reopened.

In view of this statement the Department would like to have a report from you in the matter, as, if such is the case, it would appear to be advisable to reopen the school/

In answer to your letter of December the 6th last past and numbered 151703/1 re the number of children at Mississauga Indian reserve I beg to say that I have visited a good many of the Indian Houses on the reserve and I can find about 12 children who are living there and they are not there all the time when the father goes to work in the lumber camp he takes his family with him they do not stay steady in one place, another thing the old School House is out of repair and is not fit to teach in it might do in summer but not in cold weather.

I would strongly advise that the school be not opened this winter as it would cost a goodly sum to fix the old School House

Dear Mr Hagan, - I have put
in 2 nights in Mississauga.
Friday night I was almost frozen
to death, between 12 & 1 at night
to keep myself from being frozen
to death I had to go to the
church at that hour & take all
the bed clothes of Father Richard
and I come back & try to sleep.
On my bed there is a very light
cotton & wool pair of blankets
& a light comforter. You will ask
the folks in the Dep. how they
would like to try & sleep in the
cold with only a little covering.
Tell them if they want me to re-

along 2 pairs more of wool
blankets each pair to weigh
5 lbs. at the very least &
a bed spread of some kind.

Ottawa, February 1, 1909.

The Deputy Supt. General,-

Mr. Agent Hagan has inclosed a letter from the Teacher of the Mississauga Indian school, in which she asks for additional furnishings for the teacher's quarters and that her salary be increased to \$400 a year.

Miss Kehoe, the person referred to, has been in charge of this school for a year, but no Inspector's report ^{the} on ~~this~~ school has come to hand. Judging by her letter, I would not consider it any great loss if she was to accept one of the better offers she claims to have received, as she would most likely leave the Department in the lurch when it suited her convenience.

The Department has gone out of its way to make her comfortable and she is still dissatisfied and I doubt if anything would please her.

She claims to have a first-class certificate from the province of Quebec but the Department has never seen it and she was appointed by the Rev. Father Richard without first obtaining its authority.

I would not recommend that her salary be increased without first having a report from the Inspector, as her letter is carelessly written and badly expressed.

Sir, — Your letter with cheque enclosed —
safely received — Many thanks for having
complied with my request at such an early date.
Have you any idea where your humble servant
is situated? I am in the wilds of Mississauga by
the side of a road leading to a number of lum-
ber camps which are but a few miles distant.
It is quite common to see twenty-five and thirty
men go by, late and early, intoxicated and co-
lor, some so much the former that they do not think
anything of drinking from a bottle almost in front
of the school door — On two occasions three men at
one time and two at another remained around
the school, wrestling for some time, often, in this
condition they call at my door for something to eat.

Once, since I have been here I was obliged to fire two shots from my window almost at midnight — A big strong, abn. (white) man, crept up to my door and there knocked harshly several times — I sat there ready to collapse with fear — then I picked up courage, went to the window and fired two shots — The rascal, never spoke while he was knocking, the lamp was burning and he could see the light quite plainly through the cracks of the door and at the same time if he had known it, a gentle push would have opened the door as there was nothing holding it but two short screws in a ten or fifteen cent lock — The night itself would scare you, it being dark as dungeon, snowing, blowing, raining, etc. For this reason, I was, and am, I might say all the time about scared to death, living alone in such an isolated place behind such poor locks etc. Where, if the door and windows were safe and sure I would not almost die of fear when they would knock, which is quite often — After getting that awful midnight fright I bought for my outside door, two strong bolts, two pairs of hinges and four locks for the two windows — Recently I have had shutters made for my windows, to be put

on, from the inside which will be a great protection to cold and burglars, also — When I get the storm door up I shall feel as though I do not need to sleep any longer with one eye open.

Believe me, if it is worth one dollar a year to remain here, it certainly is worth five hundred at the very least but I shall be perfectly satisfied at present, with a pair of One Hundred a year. I could keep a companion if I had four hundred a year. — To give you an instance of my situation. The Indians, who live by the side of this road, when they go on a hunting or fishing expedition remove their wives and families to other places to remain during their absence.

Yours, Sir,

Your obedient servant,

Annis Kehoe

Ottawa, December 6th, 1909.

Madam,

I have to acknowledge the receipt of your letter dated October 15th, which reached the Department only on the 4th instant, asking for the reasons stated therein that your salary be increased from \$300.00 to \$400.00 per annum.

In view of the rather unsatisfactory attendance at this school the Department would like to know whether, in your opinion, the giving of a simple mid-day meal to the children would prove an inducement to them to attend more regularly, and, if so, whether you would be willing to prepare such a meal with the assistance of the older girls in the school.

In several Indian school in the Northern part of the Province the Department provides material for the purpose of teaching the Indian girls the making of simple garments. When completed this clothing is given to the most deserving pupils and the Department would like to know whether you would be willing to undertake work of this nature.

If the attendance could be increased by the means indicated and if you would undertake the instruction in sewing the Department would be disposed to grant you the increase asked for to date from October 1st, last.

The Department will be glad to hear from you in reference to these matters at an early date.

Your suggestions are the best that could be thought of in this case. I cannot see why this should not be a means of getting the children to attend more regularly. The Santa Cecilia Union is, at the present time the attendance will be real good, but as the new year opens, I fear, they will again, come back to the same old thing in the same old way, come five day meetings put food. I sincerely hope I may be mistaken. The food, and the simple garments will be a great encouragement and may keep the child right along. Ottawa, December, 22nd, 1909.

Sir,

I beg to advise you that the Department has decided to increase the salary of Miss Annie Kenoe, teacher of the Mississauga School, from \$300.00 to \$400.00 per annum from the first of the current quarter. This increase is made on the condition that Miss Kenoe teach plain sewing and knitting to the girls and prepare a simple mid-day meal to supplement the lunch brought by the children. The supplies for this purpose will be provided by the Department.

Be good enough to have an axe purchased for this school.

Sir, — On Sunday 9th, I saw the Chief, touring the Reserve, on snowshoes, (went from one wigwam to the other).

On Monday A.M., at 9 o'clock sharp, in walks further on purpose — how relieved I felt and thought, Peace, on Mississauga earth must be coming.

Medard Boyer and his wife told some of my friends at Brinsford River, that Mr and Mrs Dykes would continually keep urging the Indians to work against me till there would be trouble said an Indian could be real dirty (in my words) if he took the notion. Yet, if I called on one of those Indians who gave me all the information, I doubt if I could get one of them to come forward and swear to all they told me.

In acknowledgment to your letter (No. 151703/5) of the 8th, I beg to say, I have already forwarded to the Department, through the Agent, (Mr. Hagan) the account for provisions etc. bought in January. If I remember correctly, I did so, the very day I made the purchase.

Judging from the enclosed letter, I would say the Department has already received the account for the provisions, etc. bought in January, though I may be wrong — Might I ask, to please let me know if I am?

I understood from the enclosed letter, that authority was given me to make a second purchase, if my provisions should run out, which they did. Believe me, I would never have taken it upon myself to do so. My earnest wish is to give entire satisfaction to all

I am out of pork, have lard enough on hand to

beans and mustard, to do for some time yet. I gave 95 meals this

two garments that are not finished, one for a child 15 years, material
for some 5 yards, the other for a child 11 years, material for some
5 1/2 yards. When these two ^{garments} are finished it will make seven
garments in all and I think I have on hand what will

Madam,

I have to acknowledge the receipt of your letters of the 25th and 26th ultimo in reference to the purchase of supplies to continue the mid-day meal at the Mississauga School.

In reply I beg to say that you were written to on the 23rd ultimo and informed that no further expenditure could be authorized till a detailed statement showing the meals served and the expenditure to date is received.

The Department is pleased to see the interest you are taking in this work and also to see ^{that} it is having a beneficial result in so far as the attendance is concerned. The object in giving these supplies is to supplement the lunches brought by the children themselves, not to provide a full meal, and I may say that in other day schools the cost is about two cents per meal per pupil. It will, therefore, be necessary for you to purchase fewer supplies.

As soon as the statement asked for in the letter above referred to is received you will be authorized to make further purchases.

In reference to the teacher's desk and chair I beg to say that these were ordered at the same time as the new pupils' desks in September, last, and the Department has not as yet been able to ascertain whether the order was placed by the Agent, or whether some mistake was made in the shipment. The matter will, however, receive further attention at once.

further expenditure till the Dept. authorized me to do so, which I did not, nor will not. Though, I have kept the mid-day meal going to date with what I had on hand along with vegetables, etc. that I gave myself to make up the meals to date. I have on hand tea, sugar, mustard and salt to do for another while but am completely out of pork, rice, lard and beans.

My reason for keeping the meal going, is this. Eleven pupils, who had been in the woods since last October, started to school on Monday A.M. the 21st, and I wanted to do my little utmost to keep them in school. It is an unusual thing for these Indians to come home ^{at} this time of year. They do not generally come till about the 1st of July.

Some of the parents of the children have thanked me sincerely for the good meal, I give their children. I told them all thanks was due to the Dept. They certainly do appreciate it. Yes! I gave them all they could eat, every day at the mid-day meal but I never served pork and beans at once. They are getting to be real spicy little fellows, for instance, they will say, Miss Lebe, would you please give me a little more sugar in my tea. All such assertions, which I really enjoy to see them bright enough to make such remarks. Serving this meal gives me a grand opportunity of teaching the pupils, table etiquette, though they may never practice it.

Next week, I expect I shall have an attendance of from twenty to thirty, therefore, it will take no small amount of supplies. Should I have that number.

We have nine simple garments finished. They all look neat and comfortable (if I might say so). The following are the ages of the children who are wearing the garments to school every day, also three pairs of mittens finished and being worn to school.
 15 years, 9 years, 12 years, 7 years, 10 years, 11 years,
 11 " " " " 8 "

I have, yet, on hand two yards of flannellette, not enough to make a garment. What shall I do with it? might I ask the Dept.? The thread is about all used up. I have a little bit of yarn too left.

What a rest I am having this week? not any knitting, sewing or mid-day meal to attend to. The meal is simple but it requires many an extra step to serve it.

All week, I have thirty pupils in school. One of my pupils can read fluently, English, Latin and Indian, can, also, play the piano a little and is a very nice singer. If they would attend school as White children do some of them would do very nicely.

In school they are real jealous of one another, they do not believe in, imparting their knowledge to others.

In school hours I teach English only.

During recreation, I can not trust the children out of my sight. When I first came here I saw them act as the hawks of the field if I might use the expression.

I expect, ere this, there is a letter from the Department in the Office, for me giving orders to resume the mid-day meal.

The Department has noted your remarks that the parents on the Mississauga Reserve usually go away about the end of April and do not return till the last week in June. In view of this fact would it not be advisable for you to take the annual leave during this period, if satisfactory to you? The Department would have no objection, and thinks that it would, under the circumstances, be in the best interests of the children. Would, that the Department would give the Indians orders to fence the school ground and make it level, also pull out the stumps. In my estimation, it would be as well for them to spend some of their money in this way as to give all of it to John Dykes, for intoxicating drink.

I have thought many times that if the old desks were placed in the old school and the latter made into a council house it would be much better than to have the Indians assemble under a roof where there is, in the cellar, barrels of intoxicating drink.

Sir, -

I have been disappointed in my expectations. I presume the early breakup had something to do with it or the mid-day meal and the simple garments.

Most of the Indians with their wives and families left here on the A.M. of the 14th for what I supposed to be an absence of two months or thereabouts - To my great surprise they all returned on the 22nd, and to-day the school is full of children - I had all arrangements made to leave this eve for Ottawa, my disappointment is better imagined than described.

Since January 1909, school has been in operation without taking any holidays - For the first six months, I might say, I taught Saturdays and holidays, Sundays and holidays, on the former I taught for the sake of the children ^{convenient} on the latter I had religious instructions.

To-day, I was speaking to the Chief, he told me they were all going away again but he thought most of the women would remain at home with the children so that they could attend school.

On the 3rd and 10th, a number of the pupils made their first Communion, they did it so nicely that it has made a great impression upon the parents. At all times the Indians think a great deal more of their church than the school.

Were it not for the Disturbance of the Peace (Mr and Mrs Dykes) working continually against me, I think I would go any how, but there is no knowing what they might do or talk the Indians into doing during my absence, should I go.

They (Mr & Mrs Dykes) have told the Indians, individually, that I am going to ask for an article which will cost \$80. I am at a loss to know what it might be. Probably if I knew I might be tempted to ask. They know perfectly well that when the Indian's money is spent on the school they cannot get ^{it} and I presume, this is the reason they are interfering so much. They have no influence, whatever, over the present Chief, but are doing their very utmost to have him put out and in his stead put Joe Wabanahang or (Manningstar in English) the latter will do ^{anything} for them. Enclosed, please find a note I received from ^{him} through John Dykes's influence. I think I shall send ahead some of the letters which I wish you to read, so as not to take up too much of your precious time, should I call. I will remain here till May 2nd ^{or 3rd} and by that time I shall know if the pupils are going to remain or not and if they are I shall not go.

ADDRESS REPLY TO THE

Ottawa, March 24th, 1910.

Madam,

I have to acknowledge the receipt of your two letters of the 16th and 19th instant respectively, and in reply I beg to say that the Department trusts that the mid-day meal is now being supplied as usual, in accordance with permission given you on the 14th instant.

You may also purchase a small quantity of flannel-ette and the necessary thread, etc., to continue your lessons in sewing.

The Department has noted your remarks that the parents on the Mississauga Reserve usually go away about the end of April and do not return till the last week in June. In view of this fact would it not be advisable for you to take the annual leave during this period, if satisfactory to you? The Department would have no objection, and thinks that it would, under the circumstances, be in the best interests of the children. Be good enough to let me have your views on this matter at your earliest convenience.

Your obedient servant,

Sir,

My supplies are completely run out, served mid-day meal since March 21st, up to the 29th, April meals given 63¢.

Used up what supplies I had of my own on hand as I did not want to leave any here.

The fifteen yards of flannel that I got last and the two yards I had on hand has been made into three dresses for children twelve years of age.

Teacher's desk and chair came on the 28th, and I paid for it.

Madam,

I have to acknowledge the receipt of your letter of the 25th ultimo, in which you enclose certain correspondence received by you from Mr. Hagan, the Agent, and an Indian of the Band.

In reply I beg to say that the Department is quite aware that matters of this kind occur, which, although apparently trivial, cause the teacher a great deal of annoyance, but as little notice as possible should be taken of them by you and it would be well for you not to forward further letters of this kind to be placed on file in the records of the Department.

The Department wishes you to use your best judgment and to do whatever you can to further the interest not only of the children, but also of the Indians on the reserve. It is recognized that no teacher can expect, under ordinary circumstances, to please all the parents of children attending the school and great tact is needed to successfully carry out your work.

Your remarks with reference to the holidays have been noted and it is pleasing to learn that the Indians are sufficiently interested in the welfare of their children to leave them at home rather than take them with them on their hunting trips, and as soon as you have finally decided to

I beg leave to say that I have had a great number of complaints laid against the Teacher at Mississauga, Miss Annie Kehoe. Madore Boyer is the Principal complainant. He says, that when she makes out her quarterly school report she puts fictitious names on to make believe she has a large school. here is a number of names of children who have not been to school for a long time, not since last December. Frank Dayburch 3 children, Pahlwairwaitung 3 children, Ahshahbuck 1, Shamogan 2, Paigvernissai 1, Sabrash 2 - Madore Boyer 3 - he also reported that there were only about 3 or 4 Indian children going to school. I have not visited the school as often as I would like to, for this reason I went once to visit the school during school hours and the Teacher was not at the school house nor any pupils. I drove on and called at the Hudson Bay Store to enquire if they knew why there were no school while I was there some of school children came in and told us they were in the church the children said they saw me at the school house but could not say whether the Teacher saw me or not.

Sir,

I have to acknowledge the receipt of your letter of the 13th instant making further complaints against Miss Annie Kehoe, teacher of the Mississauga Indian school.

In reply I beg to say that, after careful examination of the quarterly return showing the attendance of pupils at this school, the Department has failed to find the names of the children whom you state were placed on the returns without being in attendance at the school, with the exception of those of the names of Labrash and Boyer.

The Department considers that it would be more in the interests of the school if you would work harmoniously with the teacher instead of siding with those who are evidently endeavouring to make her position as uncomfortable as possible.

Dear Sirs;

Mrs. John Dyke of Mississaga is here on behalf
of the Indians on the Mississaga Reserve.

She states that they are not at all satisfied
with the teacher, Miss Annie Kehoe, who is at present occupying
the position of teacher at the Miss^{iss}aga Reserve. They have com-
plained to the Indian Agent here, Mr. Samuel Hagan, but fear that
the Agent could not have reported to you as they received no reply
and nothing has been done.

In the first instance this young lady is receiving
\$100.00 to feed the Indian children, while the Indians are quite
able and willing to feed their own children and would much prefer
to do so. As a matter of fact she has not been doing it and has
been receiving the \$100.00 for nothing *as they complain*

They also complain that this teacher has not been
doing her duty towards the children in not keeping the school open
during the time of year when all regular schools are running. It
seems that she closes the school, and goes away on holidays when ~~ever~~
it pleases her. There were other times that the teacher was engag-
ed with other parties in the school, during school hours, and had
the door locked so that the children could not get ~~in~~ and they were
exposed to the cold.

Indians ask that this teacher be removed. They have requested Mrs. Dyke to intervene on their behalf.

Mrs. Dyke is well known to some of the members of your Department. Mr. Campbell and Mr. Chittie, the timber inspector are both acquainted with Mrs. Dyke. She is a lady who has the respect of the whole community and has always taken a deep interest in the affairs of the Indian on the Mississauga Reserve. They go to her with all their troubles, and for that reason she has come to me on their behalf, requesting me to write you and place the matter before you.

There seems to be some friction between the Indians and the Missionary, the Rev. Father Richards, over the school teacher. They have asked the Reverened gentleman to have her removed but it appears that he wants her to stay.

At present there is a very strong feeling against the young lady. They say that she has been receiving money from the Department in the name of some of the indian women, when in reality the money has been for herself, the others having nothing to do with it. They do not get the money that is provided for the scrubbing of the school and matters of this kind, in fact they have not been doing that work, and have given the young lady no authority to use their names in getting money from the department for the work done.

There are a great many complaints of this kind. In

fact it would fill a large volume; I am only reciting a few of them so that you can understand the feeling against this young lady teacher. In order to discover the truth or falsity of these statements it would be necessary to have a man on the ground to investigate. As matters stand I am afraid that this teacher's usefulness among the Indians is much retarded.

I may further say that owing to the fact that the Indians bring their complaints to Mr. & Mrs. Jno. Dyke, there is considerable friction between these people and the Indians and some very hard things have been said by the teacher against Mr. and Mrs. Dyke, which charges Mr. and Mrs. Dyke repudiate as being altogether without foundation. Of course, I cannot enter into full particulars of this matter and tell you all that is being said as it requires a man on the ground to fully understand the position of affairs. Mrs. Dyke does not intend to be slandered over this matter and feels very strongly the statements that have been made by the teacher and desired the Department to know the full circumstances. If an Inspector is sent up, have him go to Mrs. Dyke who will fully inform him.

I may say that in all matters of this kind it has been customary to send letters to you through the Indian Agent and it would be my desire to do so in this case but for the fact that the Indians say that they have forwarded so many complaints to the Agent, about which they have heard nothing, they think

Sir, -

I re-opened school last week with an attendance of fifteen pupils. To-day I have eleven. The day I landed at Blind River and Indian told me the Mississauga Indians were all home about six or eight days. If this assertion is a true one, supposing, I did remain in school for the month of May and June. I presume I would have been alone the greater part of the time. I am sure that Mr Dyke, with the assistance of our good agent accuses me for stealing, cheating, etc. I presume they did as much of that sort of thing themselves during their life time. They judge me likewise. The Chief (John Farmer) is just after me John Dyke, wants the Indians to lock me the first chance they get. I have been consulted by Mr. Julian Lantin with reference to the education of his children who live at the Indian Reserve at Mississauga. Mr. Lantin states that Miss Kehoe is the teacher in charge of the Indian school there and he has paid 50¢ a piece per month for the education of his children in the Indian school, but Miss Kehoe informed him recently that she would not teach his children for less than one dollar per month each and would later charge him \$1.50 per month each. Madam,

I have to request that you will report at once whether you have any white children attending the Mississauga Indian school. If so state how many, their names and the terms on which they are received.

The Department is informed that you have been charging Mr. Julian Lantin 50 cents a month each for his children and that you have stated that you would not teach them in future for less than \$1.00 a month and, later on, would charge them \$1.50 per month. Be good enough to state whether this information is correct and, if so, what disposition has been made of the fees received from Mr. Lantin and how it is you have taken it upon yourself to make any arrangements of this kind without consulting the Department, which reserves to itself the right of fixing and imposing the fees. The Department would also like to know whether Mr. Lantin lives on the reserve. Where white children living off the reserve attend an Indian school they are expected to pay for their tuition at a rate not exceeding 50 cents a month, but, before they are asked to do so, the consent of the Department must be obtained and the fees be payable to it.

There are five white children who have attended school; one regularly, four irregularly. Their names are Rosie and Philip Lantain; Willie, Frank and Jimmie Lang, the Lang children come only a day now and then. As a rule, Philip Lantain attends regularly, but, not the other four.

When I first came here, I was informed, that it had been customary for all white children who attended school to pay 50^{cents} each, a month, and this fee, the teacher had the benefit of. Therefore, I did only what I was told my predecessors had done.

Yes! I did say I would charge in the future \$1.00 a month, for this reason, I thought it worth it. Three of those white children are now in the III Grade and will have to be taught separately a great deal.

Dear Sirs:

I wrote you on July 25th, with reference to the education of Mr. Julian Lantine's children and received your reply a couple of weeks ago that you were investigating this matter, and that you would let me hear from you soon. My client has been making inquiries recently and I would be glad to have some thing definite to report to him.

Awaiting your reply, I remain,

Yours very truly,

MEMORANDUM.

I reached Thessalon about midnight and on Sunday morning I sent word to Mr. Hagan that I was there and would like to see him. He came over in the afternoon and we arranged to leave for Mississauga on Monday noon. We took the train to Blind River where we got a horse and buggy and drove out to the Mississauga Reserve about five miles.

The school on the reserve is in charge of Miss Annie Kehoe and was in session when we arrived there.. There were 8 children present, 5 boys and 3 girls. All the children were very backward in their studies, only one boy being able to read at all and the other children in the a b c class. The school-house was scrupulously clean and well equipped. The register showed that there are 33 pupils on the roll, but the attendance is very irregular and the average varied from 10 to 17 during the year.

A family named Dyke, who live on the borders of the reserve and keep a small trading post, are very bitter against Miss Kehoe, especially Mrs. Dyke, who employed a lawyer at Thessalon to write to the Department asking for her dismissal on certain stated grounds. I tried to get

at the bottom of the trouble and came to the conclusion that these charges were based on the personal dislike of Mrs. Dyke for Miss Kehoe. They are both hot headed Irish women and are very bitter against each other. Miss Kehoe is a confirmed old maid and set in her ways and does not think that Mrs. Dyke has any business to interfere with her. The Dykes have lived there for a number of years and have a good deal of influence with the Indians who deal with them and Mrs. Dyke thinks that Miss Kehoe's presence on the reserve interferes with her interests and her peace of mind and wants her removed. Miss Kehoe admitted having dickered with the Indians and I warned her to cease this practice. Mrs. Dyke said some pretty hard things about Miss Kehoe's character, but on making careful inquiries I was unable to find anyone who would substantiate her statement. Miss Kehoe and the Agent do not pull well together. Mr. Hagan is an Orangeman and Miss Kehoe is a Roman Catholic and is backed up by Father Richard and the Bishop. Miss Kehoe is not much of a teacher, but it would be a difficult matter to get a ~~better~~ better one to live on the reserve.

As a result of my visit I do not think that the Department would be justified in dismissing her to gratify the Dykes and I think Mr. MacKay, who also visited the reserve a short time before I was there, will bear me out.

Sir, —

Lately, there has been days that I have been alone, alone in school, the Indians with their children being absent and I expect that if school is kept in operation until the end of June, I shall be alone the greater part of the time — Last September, three or four families with their children took their leave, and are expected home about July 1st, and will very likely pitch their tents near the school and did last July and August, and have their children attend school should it be in operation, one of those families have five children to attend, they will very likely leave again in September, unless change their routine — I am perfectly satisfied to teach in July and August if it is the wish of the Department — My annual leave during May and June — I rather expect for me to explain the above to the Department.

A meeting was called at Mississauga to discuss School matters

Moved by David Boyer seconded by John Farmer, that we respectfully ask the Indian department, to remove Miss School. from our School, and send us another, sooner possible for several seasons.

When absent with our children, she can be found ready to teach, and upon our return she is away, most of us are here now but the Teacher is away, but when she returns it will be Berry time, and we will be away again.

She has not had more than five children in one day, since last Xmas, and three of them were white children, the following declared emphatically, that they would not send their children to this Teacher

Sir,

I have to acknowledge the receipt of your letter of the 19th instant stating that at a discussion of school matters on the Mississauga Reserve it was decided to ask the Department to remove Miss Kehoe from her present position as teacher of the Mississauga school.

In reply I beg to say that the Department is not prepared to accede to this request, as there is nothing on file to show that it would be justified in summarily dismissing Miss Kehoe.

The Department expects you to assist the teachers in your Agency and so long as there is a school open on the reserve will expect you to see that the children attend regularly, as required by the regulations.

Madam,

I have to acknowledge the receipt of your letter of the 3rd instant, and in reply I beg to say that while the Department regrets very much your illness, it cannot extend for any further great length of time the re-opening of the Mississauga Indian School. It is hoped, however, that you will be able to resume your duties in a few days. After September 1st no further salary will be paid.

I may say that in a communication received from the Indian Agent dated May 12th he states that he visited the school on the 26th of April but found it closed and the door locked and that he was informed that there had been no school since Easter. If this information is correct you will readily understand that the Department cannot allow any further extension of time, but will have to look for a new teacher if you are not able to take up the work by September 1st.

P. S.

Last fall a professional person was obliged to tell Dykes that if anything serious should happen to me or the school they would be directed at once, it seems I was to be burned alive some night.

Last winter when the new Chief was elected, these are people, had him about talked into going to Ottawa to discharge a number of the Officials, with the Ind. Dept. said there were too many employed, ^{there doing the work for the Indians} and in this way, these money were being used up.

I am told there is a fresh report out against my character in that our Northern country and very likely it originated where all the other false ones have. Say my long absence from Misses Pampa is due to going off among the rocks with the Official from the Ind. Dept. last summer. The doctors, whom I had employed in the East my operations may have been brought on by great worry ^{and} or from a hurt — God alone, knows how all these many, many false reports that have been put out against ^{me} are travelling and as many will believe them as not.

Sir, Sir

Letter No. 151703/1, dated 18th, received this eve.
Once more I offer the good Department my sincere gratitude
for their many acts of kindness during my recent illness - They
have been so very considerate in every way and more especially
for not having dismissed your humble servant on receiving one
false communication from our honorable Agent Hagan, his false
informers, etc., I am almost positive, as John Dyke & Mrs Dyke and their
object in doing so was to have the Department dismiss me, at once, while
gone - Ever since I took up my quarters at Mississauga our noble Agent
and John Dyke (6 1/2 days & another) do not scruple at anything in order
to get the Department to dismiss me - Believe me, if I live to go on
another annual leave, the Dept. will again be falsely informed of some
thing awful against me through our noble Agent and Dyke, they are
determined, sooner or later, to gain their object.
Such an awful, false assertion as the following, Mississauga school, not
in operation from Easter to April 26th, make Agent Hagan, must have
known perfectly well he was banding in a false report to the Department.
If all in time Dyke told me of Mr Hagan, while I boarded there, I do not blame
him in the least, least to keep in Dyke good graces, and do anything
for them against me - If I remember correctly, I wrote the Dept.
on or about April 26th, saying there were days I was alone in school
and that I thought by May 1st, up to June 30th, I would be alone the
greater part of the time as the Indians would be absent from
home - On Wednesday April 26th, I was in school from 9 o'clock

A.M. to 4 P.M. and believe me, our noble Agent
and did not appear on the scene that day, another false
assertion. On Thursday April 2nd, I remained in school
from 9 o'clock A.M. to ~~4 P.M.~~ 3 P.M. with not any pupils
present and at 3 o'clock, I left school for Rhincl River, that
evening I met our noble Agent Hagan, on the street in an
intoxicated state, he told me he had just come from Mississauga
and found the school locked, I told him I did not have
any pupils that day so I left at 3 P.M. I also told him it
would be a good thing for me to go on my "annual leave"
as I would be alone the greater part of the time for the
next 2 months, anyhow. No! he said I could not get off before
June 30th, as it would make so much extra work for him,
change his whole routine etc. and that it did not matter
to me whether there was a child in school or not as long as
I put in my time.

The side that I was last operated on is all healed up
except a spot about the size of a 50 ct. piece and I surely think
that by Sept. 1st, this will be healed. Supposing it is not,
"for better or for worse," I shall go to Mississauga and re-open
school on Sept. 1st, my health is perfect, if the sore would
only be healed. No doubt it will be risky to go where there
are so many gums if it is not healed. Probably the
good Dept. would give me permission to re-open on the
A.M. of the 5th, the first being on Friday and Labor
Day being on the 4th, Please let me know if it will be
allright.

Madam,

I have to acknowledge the receipt of your letter of the 12th instant, and in reply I beg to say that the Department, after giving the matter careful consideration, has decided that in view of existing circumstances it would be well to appoint a new teacher to take charge of the Mississauga School. That there may be no hardship, however, you will be allowed your salary to the end of the current quarter. It will not, therefore, be necessary for you to return to the Mississauga Reserve.

Madam,

This letter not sent

Sometime ago you applied for a position as teacher of the Goulais Bay Indian School, but the position had been filled. The Department expects to have a vacancy at the Mississauga Indian School on October 1st, next. This school, however, is in an outlying district and the Department thinks it would be well if you have not yet made any engagement to come to Ottawa and have a personal interview in respect to the conditions and the work at this school. If you think well of this suggestion I shall be glad to see you at any time.

Madam,

The Department is in receipt of the Agent's report on the Mississauga School for the month of October which shows that on the date of his visit there were only three pupils present, all girls, ~~km~~ although there are between 20 and 30 children that should attend.

This shows a decidedly unsatisfactory condition of affairs and it is thought to be in the best interests of both the school and yourself that there should a change of teachers at the end of the current quarter. You should, therefore, take such steps as you consider necessary to obtain for yourself another situation as your services will not be required after the 22nd of December by this Department.

Rev. Sir,

I have to acknowledge the receipt of your letter of the 23rd instant in reference to advertising for a teacher for the Mississauga School.

In reply I beg to say that the terms of your proposed advertisement are satisfactory to the Department, excepting that it is considered that you should insert the word "qualified" before "English teacher". The Department will pay a salary of \$400.00. As it is your privilege in this case to make a nomination you are at liberty to use such means as your judgement dictates to secure the services of a teacher. It is, of course, understood that the Department will not be liable for any expenditure contracted by you in obtaining the applications that will be submitted to it for final decision.

Father Richard was informed that Miss McGuey had not resigned her position as teacher of this school as far as the Department was aware, and she was expected to remain on another year, as the Department has no wish to lose her services. To Mr. J. S. McLean,

On the 29th of June I told Miss Lillian McGoey that on account of her bad conduct she could not retain her school at Mississauga. She promised to give up her scandalous life at once. Then I told her that, if she kept her promise, she could retain her school. She continued to conduct herself as before. On the 13th of July she told me that she had sent in her resignation to the Department. Though the Indian Agent on the 14th inst., the Department in a letter of the 20th, and the Indian Agent again on the 22nd, assured me that they had not received any intimation that Miss McGoey intended to resign, she persisted in saying that she had sent in her resignation, until yesterday at last she admitted that she had not. Since she will not resign of her own accord, I will ask the Department to remove her from the Mississauga School. Such is the

wish of the Chief and all the Indians of Mississauga, who held a meeting in the latter part of June for the purpose of asking the Department to remove Miss M^cGoey from her school on account of her scandalous life. I advised them to refer the matter to the Agent on his coming visit on the 22nd of July for the payment of annuities. I might add here that is also the wish of her own mother. She wrote to me on the 24th inst.: "I never approved of my daughter keeping that school, when I heard how she was situated. I sincerely hope that you will use your influence that she will not get that school for another year. Lillian was too young and inexperienced in the world to hold such a position" I think she is not eighteen yet.

Since nearly a year Miss M^cGoey is keeping company with a young tramp, who makes her neglect her school very seriously. From January 1913 to May 1914 she spent her week ends at Mrs. Alphonse Berthellette's at Blind River. Mrs. A. Berthellette lives now at the Hiawatha Hotel, Sault Ste Marie, Ont. Mrs. Berthellette told me that Miss M^cGoey closed her school and left for Blind River often on Friday.

morning, and some-times as early as Thursday or even Wednesday; that very seldom she was back for her school before Monday noon, and often was back for her school only on Tuesday or Wednesday. Many times she would be a whole week away from her school. Indians told me that children who went to school on Monday morning in the Winter, had to remain the whole forenoon shut out in the cold. The young man or tramp above mentioned came and spent every evening shut up in the school alone with Miss M^cGoey. I saw him myself leaving the school as late as quarter to twelve at night. Indians tell me that she used to remain alone with him in the dark in her school, and wait till he would be gone to light her lamp. The young man often spent the whole day at the school, and, as the Chief remarked to me, it was then recess the whole day for the children. Mr. and Mrs. Berthellette refused her as last admittance to their house, because Miss M^cGoey would not give up keeping company till midnight with that young man. She gave dances at night in her school at least four times for young men and young girls of Blind River. In order to continue to keep

company with that young man, she has not gone home nor taken any vacation, but has secured a position as book-keeper in a butcher's shop in Blind River.

Since I have experienced that Miss M^cGoey is in the habit of lying and deceiving, and her sister, Mrs. Herbert A. Reilly, wife of the C. P. Ry. ticket clerk at Sauls Ste Marie, told me that her sister Lillian had always the habit of lying and deceiving, I am inclined to think that Miss M^cGoey may not have been overscrupulous in making out her quarterly reports; but of course it is impossible now to get at any data. I was at Mississauga from the 26th to the end of the month of June, and know from personal knowledge that Miss M^cGoey left her school on Friday night, the 26th, and never came back to teach, but remained in Blind River till the end of the quarter. Now for the sake of curiosity you might look at her report for the two last days of the quarter, namely Monday and Tuesday, 29th and 30th of June, 1914.

A teacher in a Catholic school should be, not only a nominal Catholic, but also a practical one; but Miss M^cGoey is not. She was warned that both the Priest at Blind River and myself would refuse her the sacraments

MEMORANDUM.

Mr. Scott,-

Last month the Rev. Father Richard, Roman Catholic Missionary in charge of the north~~e~~ shore of Georgian Bay, wrote the Department asking if Miss McGoey, teacher of the Mississauga Indian School, had sent in her resignation. He was informed that she had not done so. Mr. Agent Hagan wrote the Department on the 28th ultimo enclosing a letter from Miss McGoey from which it would appear that some trouble had arisen between herself and Father Richard. Mr. Hagan was told that if the Priest had any complaints to make against the teacher they should be put in writing. Father Richard has now written the Department accusing Miss McGoey of neglecting her school and making grave insinuations against her character.

Mr. Hagan in his letter above referred to says, "I am sorry to say that I do not believe a word of it. The lady in question is as good as gold. She has brought the school up from two children to nineteen and the Indians were well

well pleased with her work, but they are superstitious and they are afraid of the Priest. He wants the lady to send in her resignation. I do not want to lose the teacher as she is the best in my agency and as far as I can find out the stories told are a tissue of falsehoods."

In view of these conflicting statements I think the matter should be investigated in justice to the teacher.

REPORT OF INSPECTOR J.P. FINN ON THE MISSISSAUGA SCHOOL.

TEACHER?

Lilian McGee.

There has been considerable gossip about the teacher of this school and there is no doubt that she has acted indiscreetly in the past. I reminded her of the impression that many people are getting of her work, - that she wasn't paying strict attention to duty etc. I have also advised her not to have any more young men accompany her to or from the school etc etc.

My own idea of the matter is that she is fine virtuous, young woman, but she has ~~shown~~ not shown the best of judgement in the matter of conduct.

It is on the recommendation of Father Richard, that I now apply for the position as teacher, in the Mississauga School.

I have been teaching, during the past year, in the St Ignatius School, Steeleton and my work proved very satisfactory, but, owing to the fact, that I had not a Canadian Certificate, I was obliged to resign my position.

I should be very pleased to have full particulars from you, and as soon as possible, as I have another berth in view.

Dear Sir.

Owing to a rather bad attack of the grip, I was not able to return to open school on the day appointed, but opened up last Friday the 7th. Well Mr Hagan, I have had rather a heavy doctor's bill to pay, and it has left me rather short, so I should be very much obliged to you, if you could send me the money which is due to me for the clearing of the school, as it will help out quite a little. There should be 3 months coming, as I only received for the month of September. Since the beginning of this term, I have only had 3 pupils, and I must own, the life is very monotonous out here, so I think, I shall most likely send in my resignation a month before the Easter holidays, as it is playing very hard on my nerves, and, the salary being so small, it does not allow me the necessary things after my board bills are paid. I was at the school house on the Mississauga River Indian Reserve and looked over the Building and found it all in good repair, everything alright but the well, either the well is dry, or the Pump is out of order, and there is no wood for the stoves, the Indians would like to have the school opened as soon as possible

While in Sault Ste. Marie, a certain matter was called to my attention and I promised to mention the matter to you. I do so only in the way of a report to call the matter to your attention so that you may give it your earnest consideration.

The school near Blind River on the Mississauga Reserve is also closed, there being about 30 children without schooling.

No doubt, one of the chief causes is lack of teachers. It is too bad to have children growing up illiterate. Would it help in the procuring of teachers if the local Clergy were allowed to recommend teachers for these schools?

Kindly give the matter your earnest consideration. I remain,

Yours very sincerely,

Sir, -

The Separate School Inspector, Mr. J. M. Bennett, in a report on his inspection of the Indian schools in his district, recommends that the Indian school on the Mississauga Reserve be re-opened after the coming summer holidays. He states that there are about 30 children of school age on the Reserve for whom no educational facilities are provided. He also states that if the local Clergy were allowed to recommend a teacher that there is no doubt a suitable one could be obtained.

I have to request that you will furnish a report as to the advisability of re-opening this school. You should state the condition of the school building, and the equipment, such as desks, blackboards, etc., if any, that would be required, and what repairs would be required to put the building in good shape.

You might take up with the local Missionary the question of obtaining a suitable teacher, as it is most desirable that educational advantages be provided for the Indian children of this Reserve. We will be prepared to pay a fair salary, depending upon the qualifications which the teacher possesses.

You should give this matter your early attention in order that, if it is decided to re-open this school, time will be given to make any repairs, etc., required to the building and have it in condition by the 1st of September, next, when it is hoped that the services of a suitable teacher will be obtained.

You should also state what provision there is at this point for the accommodation of a teacher.

In reply to letter of May 4th re the school at Muskrat. beg to state that I have been over & examined the school & find that by mureseing or papering the building throughout it will be all right.

There are two rooms in the school a bedroom & kitchen for the teacher apart from the school room. Would suggest pulling off the old paper & mureseing all the rooms.

The outside of building ought to be painted. ~~also the~~ pump at the school needs repairing and a covering made over same.

There are missing from the storehouse utensils Forks. Knives. plates etc. also the weather is in very bad condition for the bed.

Sir:-

I have to acknowledge receipt of your letter of the 15th instant, stating the repairs that would be required to place the school and teacher's residence on the Mississauga Reserve in good condition to re-open the school and carry on the work.

In reply I beg to say it is noted that this building will need to be murescoed throughout the interior in both the classrooms and teacher's living quarters, also that the outside of the building requires to be painted and the pump repaired.

I have to request that you will submit prices from a number of persons competent to do this work. These amounts should cover the cost of the labour and the material necessary in removing the old paper and murescoing all the rooms, as well as cleaning the floors and placing the building in a good, sanitary condition. You should also furnish, separately, a price for the painting of the outside of the building and another figure covering the cost of repairing the pump and placing a cover over it. It will be necessary to state the kitchen or other utensils needed, such as forks, knives, plates, bedding and other furniture, with the approximate cost of the same.

We will undertake at least the cleaning and repairing of the inside of the building, putting the pump in good repair and furnishing the articles required for the teacher's use. The painting of the outside of the building, however, will depend upon the cost of having the work done.

You should submit the prices for the work mentioned as soon as possible, in order that it can be undertaken and completed before the end of August, next. I request, therefore, that you will give this matter your prompt attention.

The question of obtaining the services of a teacher will be given consideration when this work is authorized to be undertaken.

Regarding gratuity paid me on leaving the Garden River. Enclosed please find copy of letter dated May 6th, 1921, sent me by the Department. Pardon me, but you will find in last paragraph of copy condition on which I agreed to accept the gratuity. I have to acknowledge the receipt of your letter of the 29th ultimo, with further reference to your re-engagement as teacher in an Indian day school, and enclosing copy of a communication which you received from the Department with reference to your again taking up duties in Indian day school work.

While, as stated in a former letter, we have never taken back into our service a teacher to whom a retiring allowance has been granted, we will be prepared, in your case, to do so. There is a vacancy for a teacher in the Indian school on the Mississauga Reserve, near Thessalon, Ont., which we are re-opening. There is a teacher's residence provided, and we will have both the school and residence cleaned and put in good condition.

If you would accept the position as teacher at this school, you should communicate immediately with Mr. C. F. Rothera, Indian Agent, Thessalon, Ont. The salary allowed will be at the rate of \$600 per annum, plus any bonus provided by law.

Dear Sir:

Your favor of the 5th instant was duly received and advice therein noted. Many thanks for giving me an appointment in the Mississagua Reserve. I may say I shall accept same and will report for duty September 5th. I have written the Indian Agent, Mr. Rothera, Thessalon, Ont. to that effect. I am sorry, owing to qualifications, that my application could not be considered for the Hunter's Point School, because having taught sixteen years in the Province of Quebec, four more years teaching there would entitle me to a Pension. However, should my health stand the test of teaching again for any length of time, perhaps the department would kindly transfer me to said Province, should a suitable opening occur.

Thanking you again for kind consideration, I am

I have to acknowledge the receipt of your letter of the 14th instant, regarding the repairs required to the school and teacher's residence on the Mississauga Reserve, and enclosing an estimate of the cost of painting the building.

In reply I beg to say that the Department agrees with you that it would be cheaper to supply the material and have the work done by day labour. You may, therefore, arrange for the purchase of the paint, muresco and any paper required. It will be necessary to obtain competitive prices from a number of dealers before making the purchase, and the paint, etc., should be purchased from the firm quoting the lowest price. You should arrange for competent labour to do the painting and the other decorating required to both the school and teacher's residence.

Proper time sheets should be kept for the men doing the work, and you should forward properly certified vouchers, in duplicate, covering the expenditure incurred in the purchase of the material, to which should be attached a memorandum showing the names of the firms asked to quote a price and the prices quoted. The time sheets for the labour should be forwarded, in duplicate, properly receipted.

The Department will leave the matter of placing the school and teacher's quarters in good condition in your hands to make the best arrangements you can to have the work done by day labour, and at the lowest possible cost. The work should be completed by the end of August, next, in order that the school will be ready for occupation by the 5th of September, next, when it is proposed to re-open the school.

I shall be pleased if you will state whether any blackboard material, desks, etc., are required, or whether the quantity of these supplies on hand is sufficient.

The Department is informed by Miss Margaret MacNulty, teacher of the Mississauga River Indian Day School, that, owing to the condition of her health, she will not be able to continue in charge of this school. She states that she hopes to be able to resume duties about the beginning of the new year. The Department, in acknowledging her letter, has informed Miss MacNulty that, unless she feels quite assured that she will be able to resume duties at the time stated, it would be in the best interests of the work for her to resign.

In reply to letter of October 5th .
The day Miss McNulty and Miss McKitchen arrived at Mississauga I was at the school, had been there before and had the chief meet the train several times, until I received word that on account of sickness the teacher would be late in opening the school. Miss McNulty told me that Miss McKitchen was going to stay with her as she was not feeling the best owing to an operation, and she did not like to be alone. The last time I visited the school Miss McNulty told me she was going home until Xmas and Miss McKitchen would take the work, until that time I told her she had better write the Department of her intentions at once, as I did not know anything about Miss McKitchen, and thought that owing to her recent illness, she was going to be a companion to her. Wrote Miss McKitchen in regards to her age and qualifications, and am enclosing same.

The Department is advised by Miss MacNulty that, when she was at the Mississauga River Indian Day School last month, she enrolled forty-two pupils and that more than half are white children. She further states that, as a result of these white children attending the school, the classroom is overcrowded.

While the Department has no particular objection to white children attending our schools if there is accommodation for them, it should be distinctly understood that the Mississauga River School is primarily intended for Indian children and, if the room is overcrowded, you should so inform the white parents and advise them that their children cannot be accepted. Please let me have a full report regarding this matter, stating the number of white children that are in attendance at the present time. You should, also, state if their parents pay school taxes to any municipality.

You should inform Miss McKitchen at once that supplies sent to the school by this Department are intended for the Indian children only and must not be given to the white children.

It is noted from your letter, that, if there is any overcrowding, the white children will leave. The Department does not understand exactly what you mean by this. Please let me have a more complete explanation.

Are the parents of the white children who are attending this school in a position to pay anything for their tuition? In cases where Indian children attend white schools, the Department is always required to make a grant. In replying, you should state the name of the township or district in which these white children reside and the name of the white school which they should attend.

Dear Sir,

In answer to letter of October 27th, in regards to white children attending the Indian School at Mississauga River . There are at present 12 white children attending the school. These children live adjacent to the Reserve, in the township of Cobden, and their parents do not pay any school taxes , as there is not a school in the municipality. The School these children should attend is at the Town of Blind River, a distance of from three to five miles. The parents of the children are not able to pay school fees. When the children were allowed to attend school , it was understood that if there was not room , they would have to stop going.

Your obedient servant.

Sir,-

I beg to acknowledge the receipt of your letter of the 29th ultimo, in which you advise that Miss MacNulty intends to return to the Mississauga River Indian Day School after Christmas. The Department has, also, received a letter from her to the same effect and I enclose, for your information, a copy of our reply.

If, at any time, the attendance of the white children interferes with the Indian children attending this school, you should advise the parents that white children cannot be accepted as pupils. This school is primarily intended for our wards.

Madam,-

It is noted from your letter of the 28th ultimo that you intend to resume duties at the Mississauga River Indian Day School after the Christmas holidays.

It has been customary for some time to allow the white children to attend this school on the understanding that there is room for them. The Indian children should, of course, receive your first consideration and, in preparing the quarterly returns, the names of the Indian children only should be shown. You might, however, place a note on the return, stating the number of white children in attendance.

Sir,-

Miss MacNulty, teacher of the Mississauga River Indian Day School, visited the Department today and, in the course of conversation, she stated that, when she left the school at the end of September, there were 22 white children and 22 Indian children attending. She further stated that there are only fourteen double desks in the school and that, consequently, the room was very much overcrowded.

Miss MacNulty considers that there are many more white children attending this school this year than formerly. Is this a fact and, if so, you might state the reason. She also advises that a number of white children in the immediate vicinity attend school in Blind River. Why is it not possible for all the white children to attend school there? If the figures given by Miss MacNulty are correct, there is only accommodation for the Indian children at the Mississauga River Indian Day School.

In your letter of November 15th, last, you stated that there were only 12 white children attending this school. The Department desires a report from you regarding the white children in attendance at the Mississauga River School. Please state the number of white children that have been attending during the present month and the number who will likely attend during the March quarter. You should, also, state the number of Indian children who have been attending during the present month and the number of these that will likely attend during the March quarter.

Please let me have the information requested in this letter as soon as possible.

I wish to refer to your recent visit to the Department, regarding certain matters in connection with the Mississauga River Indian Day School. Concerning the heating of the teacher's living quarters, the Department is informed by the local Indian Agent that all teachers who have taught at this school for the last 10 years have found the present arrangements to be satisfactory and the living quarters comfortable. It is not recommended that a coal stove and coal be supplied.

With reference to the water supply, the Agent states the well, which is near the school, has been cleaned out and is ready for use, and he says, further, that all the requirements sufficient for a school are at Mississauga. Only last year, the Department made alterations to the living quarters, making them comfortable for the teacher.

Regarding the attendance of white children, the Agent states that only 12 attended last month and he expects there will be the same number when the school re-opens. As long as there is accommodation, the Department desires that the white children attend and receive the regular classroom instruction and no white child should be refused admittance unless Mr. Agent Rothera approves.

The Department would be pleased to hear, at the earliest possible date, whether you intend to resume duties as teacher on the 4th proximo or not.

Ottawa, January 17, 1933.

Sir:

The Department has received a further communication from Miss Margaret MacNulty, teacher of the Mississauga River Indian Day School, regarding the attendance of white children. Miss MacNulty states there is seating accommodation for 28 pupils only, while there is a possible attendance of 25 Indian children. The report received for the December quarter, last, shows there was an average attendance of 19 Indian children. She states that she recently discussed this matter with you in the presence of Dr. Langlois. She also states that while only 12 white children attended, there was a further like number who had been sent home last fall and that there was also a still further number who could attend.

The question of continuing the attendance of white children at this school will have to receive serious consideration, and I have to request that you will state definitely the number of Indian children who have been attending each day since the school reopened on January 4th, last, and the total number who could attend. You can obtain this information from the teacher's register. You should also state the total number of white children in the neighborhood of the school who wish to attend regularly. You should state further the necessity for the attendance of white children. It is considered that if there are the number of children stated by Miss MacNulty they should establish their own school. The Department will expect you to give as full particulars as possible regarding the white children, together with your recommendation as to whether the white children should be refused permission to attend after, say, the end of the present school year - June 30th, next. Your early reply giving this information is requested.

Miss MacNulty complains about the cold condition of the school. She states that some of the window sashes are half an inch away from the frames. If this is so, could you not arrange to have weather stripping placed around these windows?

Please state the distance of the well from the school. It is noted in your letter of December 26th, last, that it has recently been cleaned out and made ready for use.

A. F. MacKenzie,
Secretary.

TO DATE OF THIS LETTER

Sir, In answer to letter of January 17th

When I was in Mississauga visiting the school last week, the matter of the white children came up. There are seats in the school to accommodate 28 children, and the attendance has averaged 19 Indian children. Miss MacNulty gave me the names of 24 white children who could, and would like to attend our school, but the parents know, that if there is not room for them, they will have to stop. I told Miss Macnulty in the presence of Dr Langlois to report to me when the school becomes crowded, and I will make room for our own children. These white children are living in the township of Cobden and the nearest school is Blind River, and am told that if these children were allowed to attend the Blind River School they would have to pay the Seperate school Board \$4.50 for each pupil a month. There were 12 white children attending the school last fall, and Miss MacKitchen did not object neither did the teachers before, but were pleased to help those children who are really unfortunate in living where they are with no school to go to. Would recommend that the white children be allowed to attend the school, until our school is crowded, and then I will write or go and see the parents and know they will do what we ask. Will have the window sashes attended to. The well is about 100 yards or so from the school. Had Dr Langlois send the water away to be tested.

Sir:

I have your letter of the 20th instant, with further reference to the attendance of white children at the Mississauga River Indian Day School.

In this connection it is noted that you will see there is no overcrowding in the seating accommodation at this school and that you will arrange, if the necessity arises, with the parents of the white children regarding those whom you consider should attend. Miss MacNulty, the teacher, is being informed accordingly. The arrangement that the white children continue to attend is for the balance of the present school year only. The continuance of permission for the white children to attend will have to receive consideration before the school reopens for the academic year beginning on or about September 1, 1933. I may say that this Department is under no obligation to provide school facilities for the white children. If you have an opportunity, you might discuss the matter with the leading members of the white families, informing them that it is doubtful if school facilities can be provided for their children after the present school year, and you should again refer this matter to the Department for final consideration early in August, next, giving, at that time, your opinion as to whether the privilege should be continued or not.

It is noted you are having the water in the well from which the school obtains its supply tested. It is hoped that it will be found in a satisfactory condition.

Dear Mr Phelan

Will you please excuse me to come again (my previous letter was May 16th), and write to you about Mississaga's school-teacher, but I am doing it at the request of His Grace Our Bishop Scollard. - Bishop Scollard is now visiting my missions, giving in the same time the sacrament of Confirmation. - We were already in Mississaga, and His Grace asked me about the schoolteacher. - I told His Grace what I had told you before, adding perhaps that she is, most of the time, contrary to what says the missionary. - His Grace ~~there~~ asked me to write you again, telling me to let you know that I was doing so under his suggestion. -

Himself also recommended me Miss Meadigan, whom he knows personally.

Dear Mr Phelan
P.C.

In your so kind letter of December 15th you were asking me, that, if I was finding any strong objection to Miss Mac Neulty, teacher in Mississauga, to let it be known to you. -

This is what I think to be said about Miss Mac Neulty. -

About the moral point of view, her conduct is perfect; but I will have some objection about her way of acting towards the children. She does not seem to have a very acute pedagogical and psychologic sense. At my first visit, since she is back, I went, as usual to school; the first very thing she did was to run down some of the pupils showing me their mistakes. I was very much surprised. - On the other hand, I know positively that these same pupils were making some real efforts and doing their best. -

Everything there, according to her mind was bad, the Iroquois in St Regis (where she taught) were far better. If she had told me ~~in~~ ~~his~~ ~~is~~ privately, it would have been all right, but she was saying this before everybody in class, and of the course this was repeated by the children to their parents. - - - She does not seem to know what is to encourage these Indians, what is perhaps the most important with them.

Everywhere I went there she was always complaining about something; she is disgusted about the Indians; she does not want to use any food that an Indian would have touched, the comfort is not satisfactory, the Government does not give her enough comfort - - - It is tiresome, everytime to hear her complains.

I do not think Miss Mac Gully is fit to teach in our Indian Missions, I mean the lonely places, because she is not ready enough to accept the small sacrifices, and the abnegation required by the mission life.

It is true that her health seems pretty poor, she is often complaining about her throat, and the difficulty for her to teach and talk, Nevertheless, about what she told me, even when she was suffering from her throat, she continued to teach. -

I heard a few Indians telling their desire

to have another teacher; especially for this reason of not encouraging the children, and too easily saying here and there what she is thinking, ^{un}favorably, about such a one or such another one. -

They would be pleased to have again Miss McKitchen coming back; she was very popular, though, most likely, she had not the same value in science as Miss Mac Neulty. She was also able to make the children ~~thing~~ sing. The little concert she had for Christmas time made a good impression on the Indians. - She was certainly encouraging the children, who were pleased to come to school. -

Another school-teacher, Miss Meadigan from Blind River told me also her desire to teach in Mississauga. The advantage would be perhaps, that every week she would be able to go home. She is now teaching in Spragge and, I think, she is succeeding well. Having Miss Meadigan in Mississauga, so close to Blind River, where her family is living, would give a certain guarantee for the moral

point of view. This is also Mr Rothera's idea.

This is, dear Mr Phelan, what I might say about Miss Mac Neulty: her moral conduct seems to be perfect, but she is not fit for the teaching among the Indians, at least in the small missions, not encouraging them, too particular, too difficult to please, wanting too much comfort...

It may happen that the school-teacher in Batchewana leaves. ~~Miss Slogan (or Sloan, or Sloan) who was teaching formerly in Saganak, then in Barrow and now living in West Bay (Manitowishia Isl) waiting for a place, would be perhaps good for this mission. (1)~~

Excuse me, dear Mr Phelan, to take so much of your time. - I pray our Lord, to give you His Blessings and to help you in your important work

Religiously yours in Christ

Father Paul Pind'homme. S.J.

- (1) I met Mr Grenning who told me that Miss Caseley had no place of teacher yet. - I would be please if she had the preference. - She was in Garden River, and turned catholic last Christmas. -

Your Excellency:

I beg leave to acknowledge the receipt of your letter of February 23rd and to state that I have visited the Indian school at Mississauga. I have observed the abnormal behaviour of the teacher Miss McNulty, such as refusing to touch the Indians or their clothes, wearing rubber gloves to touch them, throwing powder in the school room in order to disinfect it etc. Miss McNulty is an efficient enough teacher, although her whole attitude seems to be antagonistic to the Indians. I did not mention this in my report since I did not feel sure enough of this fact to mention.

Dear Mr. Mackenzie:

I had heard from some parties of the exaggerated precautions adopted by the teacher of the Indian School of Mississauga. I had heard also that her practices and manners tends to antagonize the Indians. To assure myself of the truth of the complaints, I communicated with the Inspector, who visits that school. I enclose you his reply - He evidently considers her tactics and attitude abnormal. Any one who knows the Indians will understand that a teacher in order to be efficient in her work must first win the affection of the pupils. She will get nowhere with them if she antagonizes them.

I think it would be advisable to let this Miss McNulty go at the end of the school year and get another. Having a Normal School in North Bay many of our local girls obtain teaching certificates - and as there is a surplus of teachers some are without schools.

Yours sincerely,

Dear Sir:

Re.

Re. Mississauga

It may happen that the question be already settled about the school-teacher in Mississauga, it may happen also that it is not, and it is with this hope that I am bringing a few details which may help in the decision--

I was in Mississauga these days, the first time since the school is over, and I had the visit of some of the Indian parents complaining about the school-teacher..

It seems that Miss MacBulky was surpassing her rights towards the children. Luke often, told me the parents, she was keeping the children late, sometimes until six o'clock in the evening, and sometimes also making them coming one hour before the school opens in the morning.

For some of the children leaving far, especially in winter time, it is too hard. — Myself, when I was coming to the mission, I was surprised to see the children leaving so late from school; nevertheless, I never said anything, estimating that there was a reason for it. But when this thing occurs too often, the sufficient reason is not more there.

I wonder also, if it is a good paedagogical counsel to tell the children, and forbid them to say anything to their parents of what she had said in school; and saying also to the children, that there is no use for their parents to come and see her, that she will not accept any complaint from them. — The result is that some of the children have less respect for their parents, and more incline not to listen to them. —

The parents came and ask me, if there will not be any possibility for their children to be accepted in Spanish. Of course, I answered them that this was impossible, because they were leaving close to the school, but this is an indication of the spirit of discontentment which exists among the people.

I certainly insist that Miss McVouly be changed. She is just making herself be feared by the children; they submit because they are afraid of her, but they do not like her, and the general impression is that she should be changed. —

The children have no courage at work, too often she is too stern, and too severe. - She is most likely a very good school-teacher for a city-school, but for a small country school, or a mission, she is not of that type that will make a good work. She has not only to teach the children, but she has also to form their character and to educate them. - She is not encouraging the children, and too many times she said openly that she was despising the ^{Indian} children. - The parents heard about it, and this makes the work very hard for the missionary. - I am afraid to put myself in cause, this being able to make my testimony of smaller value, but I am obliged to say that I found that there is no cooperation possible with Miss McNeulby. - I would have difficulties with the six or seven other school-teachers I have in my missions, I would say that it is due to myself, but I must admit that in all the other places I am getting along fine with the school-teachers, and that we are able to do some good work for the children. -

In Mississauga, it is the contrary that happens; when I suggested something, I mean in my line, church or teaching of religion, - I never interfered with anything in school - Miss McNeulby did the contrary of what I was asking her. - In the small missions, we need the help of the school -

44
teacher, if we want to ^{be} able to do some good work;
in Mississaga for two years we lost our time. -

I must make an exception for the three months Miss McKitchen
was teaching. Of course, because young, Miss McNeulby despised
her, and said that she was no good, but the facts and results were
there; the children were more encouraged, more pleased, and
more ready to do something; she had the talent to make them
work, and like their work. - I could add also that her
talent as a musician, playing and singing, made her be in favour.

We have also that other testimony, that, when Miss McKitchen left,
most of the children went to the station, 3 miles distant, to
greet her and tell her they were sorry to see her leaving. -

They would not do it for Miss McNeulby. - During the time
Miss McKitchen was there, there was certainly an atmosphere
of release, contentment, and peace. -

I wish earnestly that we could have her coming back
to Mississaga, it is the general wish parents and children. -
She was teaching this year in Renfrew, but I know, that
anytime we will need her, she will be ready to come
again and teach in our missions. - She understands
the teaching more under that idea to devote herself for
the good of the poor children than of a way to make
a living, and have in the same time an easy life. -

Miss McNeulby does not want to admit any fault in herself, she
seems to have the persuasion that she is perfect ~~perfect~~ in every detail. Indepen-
dent, and very set in her ways and ideas, queer also, she is contrary. -

As I am writing to Your Honour, I will take the opportunity to recommend Miss Cazaly, for the school of Goulais Bay; as far as I know, and about what Mr G. Lums, our Indian Agent for that district, told me, she should be able to do a very good work. - It is also the opinion of Mr Greening, and of our Bishop, Mgr Scollard. -

We were, all, sorry that Miss Duff decided to leave, because during the four years she was in that hard mission, she did a very good work, and was well liked; - but as she is leaving to settle definitively her life for better, we can only approve her. -

Thanking you in advance for the interest you will take in this matter, I beg Your Honour to accept my regards

Yours truly in Christ

Mr. Philip Phelan,

Dear Mr. Phelan:

I wrote to the Department some months ago pointing out the singularities of a certain Miss McMully, the teacher in the Indian day school of Mississauga, near Blind River. Knowledge of this lady's idiosyncracies was brought to me by the missionary priest and his complaints were confirmed in a letter which I received from the Separate Schools Inspector. Following information from such reliable authorities, I wrote on April 10th last to Mr. McKenzie of the Department, and recommended that Miss McMully be not re-engaged at the end of the past school year. Mr. McKenzie, in a letter dated April 16th, in reply stated, that my recommendation would be given very careful consideration. The missionary priest informed me a few days ago, that Miss McMully had been, as far as he could learn, re-engaged for the coming year. I cannot understand how the Department could re-engage this teacher unless it considered the representations made in my letter of April 10th to be unworthy of credence.

There are several good, normal-trained teachers without schools, and it is not necessary to keep any teacher in a school with such marked peculiarities, and such singular antics, that the Indians themselves notice them, remark about them, and ridicule them. I trust, that the Department may revise its decision, if it be true that it has ~~re~~ engaged Miss Mc-Nulty in the Mississauga School.

I have learned, that Mr. Downey has left the Indian School on the Pie River near Heron Bay. - In my opinion there should be a male teacher in that school, or an elderly (I mean 30 or 35 years old) female teacher in that school. - It is a most isolated place, and I do not think a young lady could remain there very long. - If you have not a teacher for that school, I would try to get a suitable one for it. With best wishes, I am

Memorandum:

THE HONOURABLE THE SUPERINTENDENT GENERAL.

Since September 1st, 1932, Miss M. MacNulty has been teaching at the Mississauga River Indian Day School, Reserve No. 8, Electoral District of Algoma East.

For several years, Miss MacNulty was teaching at the St. Regis Village Indian Day School and, while the reports received indicated that she had good teaching ability, the Department found it necessary to dispense with her services at the St. Regis Village School at the end of June, 1931, owing to the fact that she was unable to live harmoniously with the other teachers.

She was re-engaged in 1932 as teacher of the Mississauga River School.

Separate School Inspector Maurice inspected the Mississauga River School on May 16th, last, and reported as follows:-

"The pupils have progressed very much since the last year in all the subjects of the course of study. The teacher has given the pupils systematic training in all the subjects with success.

"Although the pupils in charge of Miss MacNulty have been progressing this year, it may

be advisable to transfer the teacher to another school if at all possible on account of the misunderstanding between the teacher, the parish priest and the Indians.

"The missionary in charge of the Mississauga Mission has been in my office several times complaining about the teacher on matters not pertaining to her teaching. It seems that the Indians are not satisfied with her on account of this misunderstanding between the missionary and the teacher."

The local missionary, Rev. P. Prud'homme, S. J., wrote the Department recently, stating that Miss MacNulty's services were unsatisfactory both to him and to the Indians.

I am now in receipt of a letter from Rt. Rev. D. J. Scollard, Bishop of Sault Ste. Marie, in which he states that, owing to Miss MacNulty's peculiar disposition, her services are most unsatisfactory and His Lordship, therefore, requests that we dispense with her services.

You will note from the first part of this memorandum that reports received show that Miss MacNulty has good teaching methods. At the same time, from our previous experience with Miss MacNulty at the St. Regis Village School, the Department understands the reasons for the present complaints regarding her.

I should appreciate your direction in this matter in order that a reply may be made to His Lordship Bishop Scollard.

MEMORANDUM:

The Honourable the Superintendent General.

Noted
I wish to refer to memorandum of August 16th last, regarding the request made by the late Right Rev. D. J. Scollard, Bishop of Sault Ste. Marie, that the services of Miss M. MacNulty, teacher of the Mississauga River Indian Day School (Reserve No. 8, Electoral District of Algoma East), be dispensed with, owing to certain friction which had developed between herself and the local Catholic Missionary on the Reserve. At that time, you instructed that Miss MacNulty's services be retained for the term ending the 31st instant, and that the matter be again submitted for your consideration.

Owing to the death of His Lordship Bishop Scollard, no further action was taken.

Miss MacNulty has been in the employ of the Department for several years. Both the public school inspector and the local Indian Agent have invariably reported her teaching services to be satisfactory. The only complaint that has been made against her is lack of tact in her dealings with the Indian parents, and the complaint of the Roman Catholic Missionary, unrelated to her teaching service.

*Approved
S. G. M.*
In fairness to Miss MacNulty, it should be stated that the disagreement between herself and the local Missionary is not entirely one-sided. The Missionary is aggressive, and, during his visits to the school and reserve, Miss MacNulty has considered that his instructions, which practically amount to a demand, are not always in the interests of the classroom work.

I would submit for consideration that, as no recent complaints have been received regarding Miss MacNulty, and also in view of her lengthy and satisfactory service, that she be continued as teacher, at least for the balance of the present school year ending June 30th, 1935.

The Honourable the Superintendent General,-

*No action
at present*

I beg to refer to memoranda of August 16th and December 24th, 1934, regarding the services of Miss M. MacNulty, teacher of the Mississauga River Indian Day School (Reserve No. 8 - Electoral District of Algoma East).

The late Right Reverend D. Scollard, Bishop of Sault Ste. Marie, requested that Miss MacNulty's services be dispensed with, owing to her inability to work in harmony with the local Catholic missionary on the reserve. You approved of her services being continued as teacher for the balance of the present school year, ending June 30th, 1935.

*For Departmental action
J. G. M.*

I may say that there have been no recent complaints. Her work in the classroom is satisfactory and the pupils under her charge have made progress. This is a rather difficult situation to deal with, in fairness to Miss MacNulty, against whose teaching services there has been no complaint. The principal reason for requesting her dismissal was her lack of tact in her dealings with the Indian parents and the local Catholic missionary.

I am submitting this case for your consideration and direction as to whether Miss MacNulty should be given notice that her services will not be required after June 30th, next, the end of the present school year, or whether her services be retained for a further period.

Dear Mr. Phelan:

As the school year draws to a close, I have been thinking of a new teaching position for next year. If possible, I would like to continue to teach in an Indian school.

Reverend Father Moylan has heard that there will be a vacancy at Mississauga school for September. He suggested that I write to you and ask if this be the case would it be of any advantage to me to apply for this school.

Should I send in a formal letter of application to Ottawa?

With reference to your letter of the 16th instant I may say that we have no intimation as yet that the teacher of the Mississauga school intends to give up duties.

It is extremely difficult at the present time for the Department to arrange a transfer from one Indian school to another due to the fact that when a vacancy occurs there is always some local person who considers that he or she should receive the preference.

Public School Inspector Carriere,
in his report on the Mississauga Indian Day School

"Seven children of school
age are not attending this school.
They have gone to the woods with
their parents. These pupils will

next spring when they come back".

I am anxious to secure a report from
you with respect to the absence of these children and
why it was necessary for the Indian parents to take
these children to the woods. In view of the war
conditions now confronting us, it is not the intention
of the Department to keep schools open with comparatively
small enrolments, and it is certainly not the desire
or intention to keep schools open and in operation if
Indian parents are not sufficiently interested to make
an attempt to have their children attend regularly.
Your immediate attention to this matter will be very
much appreciated.

In reply to your letter 36-1-1, January 16th, I beg to state the reason the Indian parents mentioned in your letter took their children to the woods with them last Fall was that they could not secure work around the Mississauga Reserve. Therefore, they decided to go back into the woods with their families where fish and game was more plentiful and were of the opinion that this, in addition to what they could make out of trapping, would enable them to make a fair living for their families during the winter months.

Dear Sir:

I am enclosing herewith, for your consideration, a request I have received from the Indians of the Mississauga Indian Reserve asking that they be granted a new teacher for the opening of the School next Fall.

For the last two seasons the Indians of the Mississauga Reserve have requested that Miss MacNulty be transferred to some other school.

On June 17th, 1941, I wrote recommending that if possible Miss MacNulty be given a transfer as she was anxious to be transferred herself.

Since then, relations between herself and a number of the parents of children attending school have not improved.

I am of the opinion that it would be in the best interests of all if arrangements were made whereby Miss MacNulty could be transferred and a new teacher replace her next Fall.

Dear Sir:

With reference to your letter of the 10th instant, regarding the teaching services at the Mississauga Indian Day School, Miss MacNulty wrote to the Department in April and intimated her intention of giving up duties at this school at the end of June. At the same time she requested to be transferred to some other Indian day school. Up to the present we have been unable to suggest any other school to which she could be transferred.

Yours truly,

Dear Mr. Sheehan:

Will you kindly consider this as an application for position as teacher of the Mississauga Indian School, which I understand is now vacant.

I have taught school some years ago but, have been a house wife a number of years until my husband's death 6 years ago.

Now I find I have to have employment. and hearing of the above vacancy, I decided I could handle such a school quite successfully.

No doubt you have forgotten me, but I met you in N. Bay several times when I was with

No doubt you heard of Bob's death - very

Now if you can do anything for me in

Will you let me know at your earliest

Dear Mr. Laurence,

I am writing to apply for

I understand that many are being

subjects off by private study in the evenings. as
it is, I have spare periods to fill in by the

I have visited there several times and have an
idea of the Indian mentality.

A number of children on the Mississauga Reserve have to come a long way through a bush trail to school. On my last visit to the Reserve I found that these children were arriving at school soaking wet on account of having to come through wet grass and brush.

I arranged with the Indians to brush this trail so that the children would be able to get through without getting wet. The cost of same was \$18.00. Kindly advise if it will be in order to forward vouchers in favour of the Indians who did this work.

Mr. J. A. Marleau, Indian Agent,

I am in receipt of a letter from Indian Agent Laurence, in which he encloses an application from Mrs. Paul Petahtegoose for a transfer to the Mississauga Day School. In this letter she requests salary at the rate of \$100.00 a month.

You will remember that when she was appointed we were doubtful if she could carry on the school, in view of her family responsibilities. Apparently, she has been successful, as in a recent report from the School Inspector he commented favourably on the work that she has done.

I cannot see any particular reason for her desiring to transfer to the Mississauga School, and, in any event, we are not prepared to approve this transfer, as the living quarters are not sufficiently large for a married woman with three children.

We have been allowing Mrs. Petahtegoose \$80.00 a month, plus bonus of 17%. We are prepared to increase the salary to \$90.00 a month, plus bonus for 1945-46, if you consider such action advisable. At this rate she would be earning slightly over \$100.00 a teaching month, and, as she is an Indian, there is no income tax deducted from her. Please let me hear from you.

Ottawa, July 20, 1945.

Dear Madam:

I am in receipt of your letter of the 13th instant, in which you make application for appointment as teacher of an Indian day school.

I presume that you are Catholic and we require a Catholic teacher at the Mississauga Indian Day School. This school is located three miles from Blind River, Ontario, with teacher's living quarters attached to the school. Salary is allowed at the rate of \$95.00 per teaching month, plus bonus of 17%. There is a deduction of 5% from the basic salary for the Retirement Fund and the money placed in this fund is returned with interest when you give up duties as teacher of an Indian school. There are, of course, the usual deductions for income tax. The school should re-open on September 4, 1945. Please let me know at once if you are interested in this school.

Yours very truly,

Philip Phelan,
Chief, Training Division.

Dear Sir,

Re: Mississauga Indian School, Miss M. Rachotte informed me toward the end of the school year that she was resigning her position. Could you please let me know if a new teacher has as yet been obtained?

I would have written you sooner but for some time I had hopes of persuading Miss Robichaud to apply for that school in preference to Cutler. As it turned out she was quite unimpressed with my arguments and has from what I have heard, signed on definitely for Cutler.

Mr. Laurence told me that he supposed the Mississauga school had been taken, since he had heard nothing to the contrary, but I would like to know definitely before it is too late to look for a suitable teacher.

An early reply to this inquiry would greatly oblige

Yours very sincerely

Dear Father McKey:

I have your letter of the 25th instant, with reference to securing a teacher for the Mississauga Indian Day School.

We have not as yet secured a teacher although I had an application recently from Miss Patricia M. Nador, 147 A Main Street South, Weston, Ontario and I wrote to her on the 20th instant but have not yet received a reply.

If you know of a qualified teacher that you wish to recommend I would appreciate hearing from you.

As you know there is also a vacancy in the West Bay School in Manitoulin Island and we are likely to have other vacancies. Consequently, if you know of any applicants we will very likely be able to give them positions.

Yours truly,

Dear Mr. Phelan,

I am writing to enquire if there are any teaching positions vacant in any of the Indian Schools, preferably in Southern or Eastern Ontario. My certificate is an Ontario Permanent First Class Certificate. I taught for eight years in the Brzawah Indian Day School. I would be able to commence duties on September 4th.

Appreciating an early reply,

I remain,

Dear Sir,

Thank you for your favour of July 27th. I have not answered it up to now because I have been able to find no trace of a suitable teacher for the Mississauga school. All the prospects that came to my knowledge are either going to Normal or have taken positions at a much higher salary than the Indian Department is able to offer.

There are however, two possible teachers still in the field. One is a Mrs. Pelletier from Wikwemikong who is in her sixties and has not taught for a number of years. She knows of the opening and would like to take the position in order to support her father or mother, I am not sure which, who would live at the school with her.

The other is Mrs. Moran who was so successful at Mississauga a couple of years ago. She would be afraid to go back without a telephone but I think if I could promise her a pay-phone, even, she could easily be persuaded to return. If you could obtain sufficient priority to secure a phone I would gladly pay at least part of the expenses of installation, if that would be the means of obtaining so good a teacher.

Yours very truly

Dear Father McKey:

I have your letter of the 7th instant, with reference to securing a teacher for the Mississauga School. I do not think it would be advisable to consider Mrs. Pelletier.

I also regret to say that I do not think we can secure any priority for a telephone. As a matter of fact, I feel that if you could get in touch with the District Manager of the Bell Telephone Company you would have as much chance as we have of having them place a phone near the school. The Department would not be in a position to bear any of the cost, as we do not supply phones to Indian day schools.

I tried to secure Miss Christine Wakegijig who applied for a school, but by the time my answer reached her she had secured another situation. We are still making enquiries and if anyone is available, an appointment will be made. However, if Mrs. Moran will take the school, we would be glad to re-appoint her.

Dear Mr. Phelan.

The delay has been unavoidable. I definitely stated when at the Dept. that I was not as free as previously to take a school in the north, because of my mother, who is eighty, and more or less an invalid.

Since receiving your letter, I have been trying to locate some person to live with her. Everyone suitable is receiving some sort of pension, so that it is difficult to secure a steady person.

I am, however, preparing to take over at Mississauga again, providing the Indian Dept's instructor their Ind. Agent about interference with the teachers.

In the meantime, I shall make ready, getting there as soon as I can.

Should any vacancy, close at hand, come to your attention, I would be glad to know of it before Oct. 1st.

Thanking you,

I am,

Sincerely,
Margaret McNulty.

16. **Employer to Disallow Claims for Excessive Number of Dependents.** To be entitled to the full tax credits for a dependent **other than the taxpayer's own children or grandchildren** (or children as defined in Item 8 (1) above), a taxpayer must contribute at least \$400 per annum to the support of such dependent. Many persons are unaware of this limitation. For tax deduction purposes, employers will make deductions from the salary or wage of any employee claiming more than two such dependents in Item 5 as if the employee had only two dependents in addition to his own children or grandchildren (or children as defined in Item 8 (1) above). The employer will notify the employee that he must submit proof of any claim for more dependents to the District Inspector of Income Tax. If the employee proves to the satisfaction of the Inspector that he is entitled to further allowances, the employer will be advised accordingly.
17. **Employer to Scrutinize Claims by Single Persons for Married Status.** The definition of a "Self-contained Domestic Establishment" contained in Item 9 indicates clearly that a taxpayer is not entitled to claim Married Status by reason of supporting a dependent therein unless the dependent actually resides with the taxpayer. Therefore, employers are instructed to check the address shown under Item 4(C) or 4(E) with the taxpayer's own address in Item 2 (which should show where he is actually living at the time of making the declaration) and in every case where the addresses are not the same the employer must make deductions as if the taxpayer were a single person, with or without dependents as the case may be.
18. **Employer's Responsibility Regarding Form T.D.1.** The employer will have regard to the instructions contained in Items 16 and 17 above and will otherwise make certain that the form is fully completed. If any employee shows children under 16 years of age as dependents under Items 4 or 5, he must also complete Item 6 or the employer shall not take account of such dependents under 16 years of age for tax deduction purposes. He will also delete as a dependent under Item 5 the name of any person whom the employee has already listed in Item 4 unless the claim for married status came within paragraph (C) thereof. If the employer has reason to believe that any of the information on this form is incorrect or false, he will not act upon the declaration until the employee has made the appropriate confirmation or correction. In case of doubt, the matter should be referred to the District Inspector of Income Tax.
19. **Action upon Receipt of Amended Form T.D.1 during Currency of Year.** Employees are required to file an amended Form T.D.1 if any change occurs in status or dependents. The employer should give immediate effect to a change from "Single" status to "Married" status; to an increase in the number of dependents and to any substantial change (i.e. in excess of \$1.00 per month) in the Family Allowance cheque. A change from "Married" status to "Single" status (e.g. where the employee becomes a widower) should not be made effective until the first pay period in the next calendar year because the employee will still be entitled to claim "Married" status for the whole of the calendar year in which the change took place. Similarly, a decrease in the number of dependents should not generally require a change in the deductions until the following calendar year with one important exception due to the provision that a taxpayer may not claim as a dependent any person who has an income in excess of \$400 during the calendar year. If, for example, a son who was previously supported by an employee and was claimed as a dependent on Form T.D.1 takes up employment from which he will earn over \$400 during the calendar year, immediate effect should be given to the amended form T.D.1 as otherwise the employee will be left with a substantial balance of tax to pay with his return on Form T.1 Special or T.1 General.
20. **Further Information or Forms** with respect to deduction of tax may be obtained from any District Inspector of Income Tax.
21. **Completed Forms T.D.1 must be Kept on File** by the employer in order that they may be available at all times for payroll inspection by officers of the Taxation Division.

I regret to have to inform you that the Mississauga Indian Day School was destroyed by fire yesterday. I understand it is a total loss, the only things saved were the cook stove, table and a few desks.

The fire started when an oil lamp, accidentally hit by the teacher, Paul Berthelot, exploded.

As there is no other building suitable for a School, I am endeavouring to make arrangements to use the Church as a temporary classroom.

Attached please find clipping from the Sault Daily Star, to give you the particulars of this fire.

35-Year-Old Blind River School Burns

(Special to The Star)

BLIND RIVER.—The Mississauga School on the Indian Reservation about three and a half miles from here was burned to the ground early this morning.

The fire started when an oil lamp, accidentally hit by the teacher, Paul Berthelot, exploded. Mr. Berthelot had just returned to the school where he resided and had just lit the lamp when the accident occurred.

He was knocked unconscious for a while. The fire was noticed by Father McKay from the church nearby. He and a group of reserve residents rescued Mr. Berthelot and managed to save some of the newer desks and the stove.

The one room frame structure was about 35 years old. Approximately 40 pupils are enrolled at the school. Mr. Berthelot, who is the second son of the town mayor, Louis Berthelot, had only been teaching at the school since Christmas. His living quarters were at the rear of the school.

Reverend Sir:-

With reference to official letter of Sept. 4th and your reply of Sept. 9th in connection with the transfer of Miss Robicheau from Serpent River to Mississauga School, we have just received a letter from Miss Edith Leblanc requesting appointment as a teacher.

We are writing Miss Leblanc and suggesting to her that she communicate with you. In the event of Miss Leblanc accepting appointment at the Serpent River School, we would appreciate it if you would arrange with Miss Robicheau to transfer to the Mississauga School. If this is effected, you should immediately notify Indian Agent Laurence in order that he can assist Miss Robicheau in re-opening the Mississauga School. Mr. Arneil understands that Indian Agent Laurence informed Miss Robicheau that there is no teacher's residence at Mississauga. It will be necessary for her to live in Blind River. Mr. Laurence was expected to arrange with the Provincial Government authorities for ploughing the road this winter so that Miss Robicheau could use her car.

We are also informed that Mr. Arneil promised to rent a building suitable for Miss Robicheau to store her car at Blind River.

We are prepared to allow her salary at the rate of \$131.00 a month if she makes this transfer.

Yours truly,

Rev. J.R. Oliver S.J.,

Dear Mr. Phelan,

With reference to your letter of Oct. 10th addressed to Father Oliver, file no 36-1-1 (W. T. 1).

Father Oliver referred your letter to me as being more in a position make arrangements regarding the schools at Cutler and Mississauga. Accordingly I spoke last evening to Miss Robicheau regarding the proposed transfer and found her by no means in favour of such a change. She likes her school, likes the people, and likes the children. She wants to stay right where she is.

However, I do know of a very good teacher who does want a transfer to the Mississauga school. That is Mrs. Pidadigons who is at present teaching at the Indian school at Whitefish. She claims she would not be deserting that school since there is a woman there at the reserve who has been trying to obtain the appointment to her school for the past two years. Mrs. Pidadigons has no car but would be glad to make the trip out from Blind River every day if some allowance could be made for travelling expenses even if it were not complete, and a similar allowance to make up for the lack of accommodations at the school. This woman has a First Class teaching certificate.

If this alternative does not meet with your approval at the present time, I would be grateful if the name of Mrs. Pidadigons should be kept in mind when there is need of a teacher to open classes in the new Mississauga school building, as we all hope, next year.

Yours very sincerely

Rus J. E. McKey S.J.

Dear Mr. Phelan;

I have turned the matter of your letter of October 10th over to Father MacKey.. I have as yet received no word from Miss Leblanc who as I understood left the school at Wikwemikong to teach in Sudbury for higher wages. In case she writes I shall immediately turn the matter over to Father MacKey and he will get in touch with Mr. Laurence and see what can be done. In the meantime we have taken the children here and are endeavouring to get all the application forms fixed up. Unfortunately several girls could not be accommodated and I understood that Mr. Laurence was making other arrangements for them. If the school opens it will be a simple matter to send them back. The shortage of teachers in this part of the country is almost incredible..

Sincerely yours

You suggest the transfer of Mrs. Petahtegoose who is at present in charge of the Shitefish Lake Day School. This would involve securing a new teacher for the latter school and we do not like to make the transfer without first consulting Indian Agent Marleau in whose agency the Whitefish Lake School is located.

Dear Mr. Phelan,

In accordance with yours of the 10th inst. I am enclosing the application of Mr. J. N. Godin for the position of teacher of the Mississauga school. He was wondering what salary he could expect. This is rather important to him as he has a wife and, I think, three small children. He lives in Blind River and has a car with which to drive back and forth to Mississauga.

I think I can safely recommend this man for the position. He is French as his application indicates, but during the time that I knew him before he considered teaching at Mississauga he was always careful and accurate in his use of English. I also know him to be conscientious and of exemplary conduct at all times.

If you could let him know the outcome of his application and what salary he can expect, with allowances for travelling expenses and for fuel and lodging, he would very much appreciate your consideration.

Dear Sir,

I was mostly disappointed by your letter of the 22nd. It does not answer my previous letters by any means.

I am fully aware that my salary is higher than last year's; but this is based entirely on my qualifications.

I would not have taken this position last September had I known that the allowance of approximately fifty dollars a month would have been withdrawn. Since I have never received any notice from your department I was led to understand that the allowance

for travelling to school would be granted

Mr. Phelan made it clear in my engage-
ment last January that \$47.⁰⁰ monthly com-
pensed a considerable allowance until the
school would be built. The fact that the

has not changed the situation here.

Mr. Laurence and Father Mc Kay think

Ottawa, December 20, 1947.

Mr. R.P.G. Laurence, Indian Agent,
Sault Ste. Marie, Ontario.

During the academic year 1946-47 we allowed Mr. Godin, teacher of the Mississauga School, salary at the rate of \$147.00 a teaching month. According to the new salary schedule for teachers of Indian day schools, we placed his salary at \$156.00 effective from September 1st, 1947. In setting his salary at \$147.00 a month in the first place, we were actually paying him more than we paid the previous teacher, partly due to the fact that there was no living accommodation at the school.

12
We have recently received two letters from him intimating that he considers that his present salary of \$156.00 a month is based on his qualifications and that he is entitled to an amount over and above that due to the fact that he is under some expense in reaching the school each day. Actually, we are not allowed to pay travelling expenses of teachers and as already stated, we are allowing Mr. Godin as much salary as the salary schedule provides.

With the above in mind I would appreciate having your comments on the matter.

Mr. J. N. Godin, teacher at the Mississauga Indian Day School, has written me regarding an allowance he received last year for travelling to and from school each day.

Mr. Godin has to live in Blind River as there is no accommodation at present for him on the Mississauga Reserve.

On this account last year, he received a higher salary than had been paid previously to a teacher for this school. He now claims that, although his salary is higher this year on account of the new classification, Grade 11, that he should still receive something extra on account of there being no living accommodation for him on the Mississauga Reserve and also on account of the extra expense incurred by having to travel to and from Blind River every day.

Departmental letter 36-1-5 dated June 5th, 1946, allowed Mr. Berthelot extra salary on this account after the school was destroyed by fire.

Kindly advise me regarding this matter at your convenience.

I wish to acknowledge your letter 13-9-1 (W.T.1) dated December 20th, 1947 regarding salary allowed Mr. Godin, teacher at the Mississauga School.

During the academic year 1946-47, Mr. Godin was allowed a higher salary than had been previously paid to a teacher of this school, namely \$147.00. The reason for this was that he had to pay travelling expenses to and from Blind River and also pay extra for his room, etc., on account of there being no living accommodation for him on the Reserve.

According to the new salary schedule, his salary is now \$156.00 per month based on his qualifications. In my opinion, he is still entitled to some extra remuneration above his present salary of \$156.00 a month to allow for his expenses travelling to and from Blind River. This extra amount would stop as soon as the new school is completed.

Classroom Inspection Report -
Mississauga Indian Day School.

I visited this school on February 4th. The teacher is Mr. Godin, age 37 years with a Second Class Certificate and twelve years experience.

This school was being conducted in the Roman Catholic Church while waiting the completion of the new school. Due to the enrolment of thirty-eight it was being run in two groups; the Juniors in the morning; the Seniors in the afternoon. Due to the very cold weather, only twelve were present when I inspected.

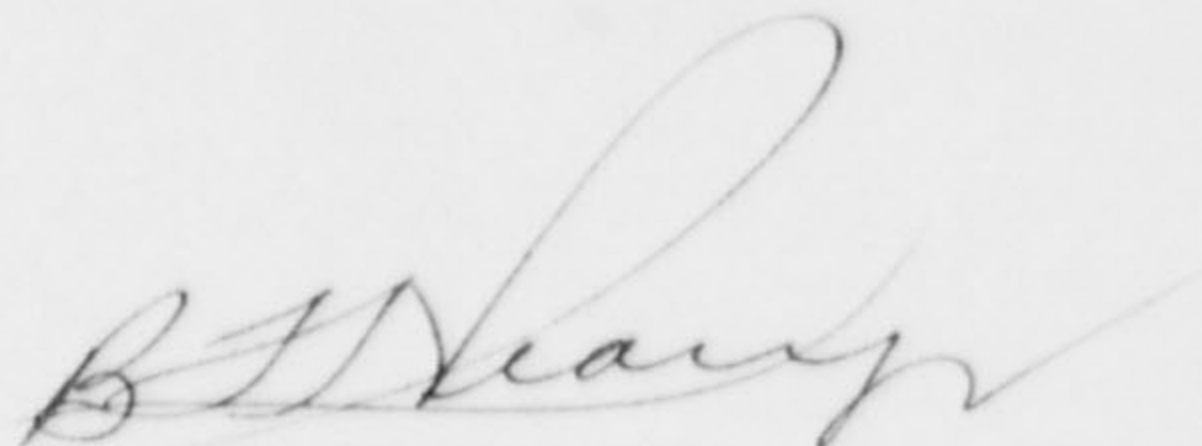

I found these children poor at following directions. It was evident that they had received too much individual attention and could not work well on their own. I advised Mr. Godin to make more use of workbooks and textbooks and to place more responsibility on his pupils. They seem slow and lethargic and are making fair progress only. In Arithmetic fundamentals I found them quite weak and their Spelling was only fair. Mr. Godin speaks good English and maintains easy discipline. I later discussed with Mr. Godin his intentions for next year. He is writing a High School Teachers' Certificate Examinations in May and if he passes, intends to attempt to get a position at the High School in Blind River. He was advised to inform the Department immediately he receives definite word concerning this examination. He would be a satisfactory teacher, but seems to lack self-confidence and apparently the Agent agreed with me in thinking that he lacks initiative.

Classroom Inspection Report -
Mississauga Indian Day School.

I visited this school on February 4th. The teacher is Mr. Godin, age 37 years with a Second Class Certificate and twelve years experience.

This school was being conducted in the Roman Catholic Church while waiting the completion of the new school. Due to the enrolment of thirty-eight it was being run in two groups; the Juniors in the morning; the Seniors in the afternoon. Due to the very cold weather, only twelve were present when I inspected.

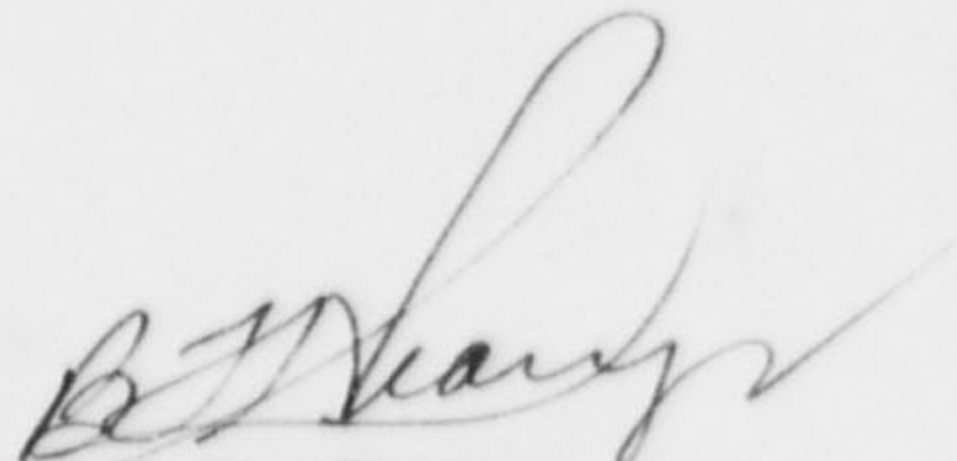

I found these children poor at following directions. It was evident that they had received too much individual attention and could not work well on their own. I advised Mr. Godin to make more use of workbooks and textbooks and to place more responsibility on his pupils. They seem slow and lethargic and are making fair progress only. In Arithmetic fundamentals I found them quite weak and their Spelling was only fair. Mr. Godin speaks good English and maintains easy discipline. I later discussed with Mr. Godin his intentions for next year. He is writing a High School Teachers' Certificate Examinations in May and if he passes, intends to attempt to get a position at the High School in Blind River. He was advised to inform the Department immediately he receives definite word concerning this examination. He would be a satisfactory teacher, but seems to lack self-confidence and apparently the Agent agreed with me in thinking that he lacks initiative.

Mr. Buck, the Chief Architect was inspecting the new school while I was with Mr. Godin. I later visited the new building and found it entirely satisfactory. I agreed with Mr. Buck that we have a good building, well constructed and well lighted. It should give many years' service. I was very pleased with the classroom and in particular with the lighting from the windows.

Dear Sir,

I wish to apply for the position as teacher of the Mississauga Indian (Kiner) Day School for the school year 1948-49.

At present, I am teaching at Ste Anne School in Azilda. This is a bilingual school consisting of eight grade. I am familiar with the ungraded school.

I possess three years' experience teaching in the latter. I am also a graduate of the Ottawa Normal School. For reference you may apply to Rémi Millette, my last and present inspector. My present salary is \$1850. per annum.

If you were to accept my application, I shall be willing to make it a permanent position.

The reason is that I will be
married this March and intend
to make my home in the rear

be sure of my permanency.

As you know, I have
already taught at that school
in Mississauga the year it burned
down. After going through what
I have that year, I sincerely
believe I deserve to get the position
in the new school.

An early response will be
appreciated.

Dear Mr. Godin:

I have for answer your letter of February 18. I have consulted with Treasury officials concerning these cheques and wish to advise that they are for the following accounts:-

- (a) Cheque No. 45052 for \$40.00 covers living quarters allowance at the rate of \$10.00 per month from September to December, 1947.
- (b) Cheque No. 62311 for \$10.00 covers living quarters allowance for the month of January, 1948.

Thanks very much for sending along the pen.

With regard to the desks, I frankly cannot let you know when they will arrive. We have orders in with several firms for desks at other schools and they are all weeks behind filling orders. Desks are simply not available at a moment's notice, and in spite of the long time our order has been in, I presume we must wait like everyone else.

Mississauga Indian Day School.

I have had another visit from Mr. J. G. Menard, student at the Ottawa Normal School, with regard to the position of teacher at the Mississauga Day School. After Mr. Menard had left my office I took the opportunity of phoning the Principal of the Normal School with regard to Mr. Menard's work. He advised me that he was a very satisfactory student and felt that he would be a very good teacher. His wife is also a teacher and apparently a very sound and sensible type of girl.

When Mr. Menard completes his year he will have a first class teaching certificate. In view of this fact and because he is entitled to the overseas Veterans' preference, the Department intends to appoint him as teacher at this school, providing that he passes his final examinations.

Therefore, I advised Mr. Menard to see you as soon as he had word of having passed his examinations, so that you could advise us accordingly.

I understand that Mr. Menard has considerable furniture of his own. We are preparing a standard list of furniture for our schools and if you will write in about the end of May, we can send you one of these lists. The Department can then provide any items which Mr. Menard does not have of his own.

It is presumed that we will shortly be receiving Mr. Godin's resignation, as intimated during my inspection trip several months ago.

Dear Sir,

I wish to withdraw my application as a school teacher for the Mississauga school. I could not afford to remain unemployed. You must admit that I have been persistent in my attempts to obtain the school. However, at the present I am employed by the Blind River Separate School Board.

We have your letter of the 23rd instant enclosing letter from J.G. Menard withdrawing his application as school teacher at the Mississauga Indian Day School. We are not prepared to consider the proposal that he makes in his communication.

We have also received the following applications:

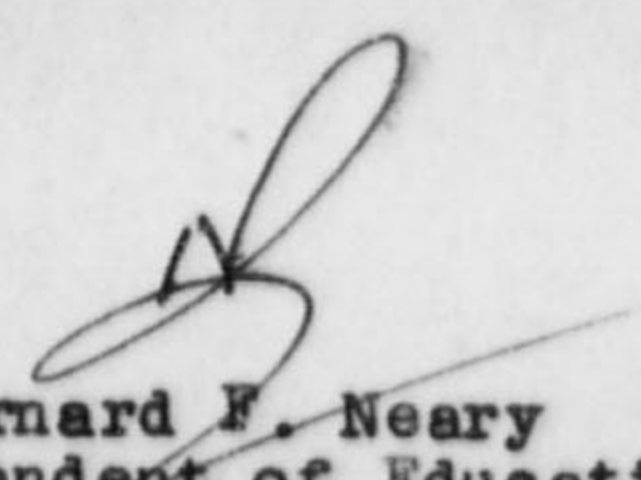

Miss May Jameus, Blind River, Ontario

Miss Bernadette Cyr, Blind River, Ont.

The former has had some experience and could be allowed salary of \$150.00 a teaching month.

Miss Cyr has no experience and all we could allow her would be \$144.00 a teaching month.

I would appreciate it if you would arrange to interview these two ladies at the earliest possible date and let us have a recommendation regarding the one you consider would be most suitable for Mississauga. We will await your reply before taking any further action with reference to securing a teacher for this school.

Re: Mississauga Indian Day School.

In reply to your letter of June 26th. 1948, file 1-1-1X (E.1), I have to advise that I engaged Miss Bernadette Cyr, Blind River Ontario, as teacher for the Mississauga R.C. Indian Day School for the season 1948-49.

Miss Cyr has a 2nd. class certificate from the Ottawa Normal School. She has no experience, as this will be her first school, but seemed anxious to make a success of her work.

Miss May Jameus was away taking a summer course, to obtain her 2nd. class certificate, as she had missed some of her subjects through illness. I was advised by Father Oliver, Principal of the Spanish Indian Residential School, that she had a school for the coming season. He also stated that Mrs. Jeanne Mallette has three children, and her husband worked in the sawmill at Blind River. For this reason I did not interview her as I felt that the living quarters at the school would be too small for a family of this size. Also I had practically engaged Miss Cyr by the time I received word from you regarding her application. I also had to act at once as Miss Cyr had already received a wire offering her a school at Makstay at \$ 1700.00 per year and requesting an immediate reply. She also has been offered a school at Gogama. ✓

Trusting the above meets with your approval.

Last week in Toronto I attended the Ontario Education Association and had an opportunity of discussing several of our Indian schools with Mr. Inspector Greening.

He advised that Miss Cyr at Mississauga was doing a fairly satisfactory teaching job but that her discipline was weak. He stated that Miss Cyr often did not call the pupils in on time and they were arriving as late as 10 o'clock. This is a condition which cannot be tolerated and some improvement will have to be made if we are to continue the employment of Miss Cyr.

It is presumed that you also have received reports concerning the commencement of classes much later than the times prescribed by the Department. I would suggest that in the near future you make a surprise visit to this school at 9 A.M. or shortly thereafter to ascertain if this teacher is permitting the children to arrive when and how they wish.

Ottawa, July 2nd, 1924.

Sir:

I have to acknowledge receipt of your letter of the 27th instant, regarding the request made by Miss L. Addey, teacher of the Sagamook Indian Day School, to be transferred to the Mississauga River Indian Day School.

In reply I beg to say that the department would have no objection to this transfer, and will allow Miss Addey salary at the same rate as she received as teacher of the Sagamook School, viz: \$700 per annum, supplemented by the bonus provided by law. Payment of salary and bonus to be based on ten teaching months in the year. You will be good enough to inform her of the Department's approval of her transfer to the Mississauga School for the next school year, and arrange with her to take up duties when the school re-opens after the summer holidays, on or about September 2nd, next.

Kindly inform the Department as to whether Miss Addey accepts this transfer or not.

Your obedient servant,

J. D. McLean

Dear Sir.

As I had the honor to write already to your Department, the teacher of Minisanga, Ont. cannot teach because there is no possible lodging for her in the rainy season. She is very good however and zealous to fulfill her duties. But Mr. Inspector White is witness that she cannot possibly remain in the school.

The same Mr. Inspector White reports to me that the teacher's lodging at Chassabou is hardly any better, and that if your Department should decide to open the school again, no suitable person could be found, that would accept to live there.

I remain, Dear Sir

Sir

I beg leave to say that the Indian School house at Mississauga Indian reserve is not fit for a Teacher or children to stay in unless it is repaired. I would estimate the cost at about fifty dollars, it requires a second floor laid over the old one with Tar paper laid between it also requires the walls all around the building to be papered with felt paper and lined up with matched lumber the small amount we expended last year did not do enough. I would advise it to be fixed right at once.

My dear Mr. Sedley:

I understand that you are erecting a school as well as a church on the Mississauga Indian Reserve, near Blind River. You will remember that I intimated to the Department that I was not much in favour of a school on that Reserve, because the Indians are away in the bush about half of each year, and hence the school would have to be closed. Even if Indians request the expenditure of money, I shall never sanction their request unless I can see that such expenditure may be productive of considerable good results. Since, however, you are going on with the school, I desire to draw your attention to the necessity of providing accommodation for the teachers' school as you have already done of the Indian school building.

There is no suitable boarding place for

If you do not provide quarters for the

teacher to remain there for any length of
time after her engagement.

Since then you have deemed it advisable
to incur the expenditure of building the
school I respectfully advise you to provide
rooms for the teacher either over the
class room or by building a lean to
on addition at the rear end of the
school with a door leading thence to
the class room.

This small additional expenditure will
aid much in having the school building
made use of when it is ready for
pupils.

The Band had a meeting the other night and wants to get new seats for the school and for the church I suppose it would be more comfortable to have good seats, but I personally think they might do for a while as the Indian Character is strange some old people who have chairs in their houses will sit down on the floor quite near the chair and will not sit it. however I will not interfere will be pleased to do as you think best

Sir,-

Mr. Separate School Inspector Jones in his report on the Mississauga school states that some repairs are needed. The ceiling of the teacher's room leaks, and this should be attended to at once. The chimney smokes; this is a matter to which your attention was previously drawn and should ^{also} be attended to at once. You will be good enough to obtain an estimate of painting the wood-work of the school-room.

Next spring screensought to be provided for the windows, and you will be good enough to bear this in mind. A ladder should be secured for use in case of emergency, and you may ascertain the cost of having one made.

New desks are needed, and if you will give the Department directions as to where they are to be shipped by freight and state the number needed, they will be ordered, and you may purchase some soap, towelling and a looking-glass and have a bench made for the basin. Be good enough to state also the area of the blackboards and slating will be sent for them.

The Department will expect you to give all these matters immediate attention, and acknowledge the receipt of this letter.

In a letter recently received from the teacher of the Mississauga Indian School she states that the wood supplied last year was not split small enough for use in her cooking stove and rather too small for the box stove. When ordering a supply for this year be good enough to see that part of it, at least, is cut suitable for Miss Kehoe's stove and the rest not too small for the use of the box-stove in the school-room.

P.X.3

Sir, -

Your letters of the 23rd and 22nd received to-day. The furniture double separate desks and the two new seats (but not any teacher's desk or chair) were brought here about the last of November. They were all scratched more or less and the place to hold books etc. in one of them broken out. I asked the man how it was going. His reply was, that all was done on the C. P. R. I wrote the above to the Agent next day as it is almost useless to write him anything. (Private) Thinking he would at once let the Department know so I should have sent the letter straight there myself.

Blannelette, yarn etc. can be bought where I buy my supplies. In my estimation it is the best general store in Blind River though a great many say it is the dearest store in the town but I think it is just as cheap as any of the others.

P. J. Kenny is the owner of the store.
 I should not describe to you the comfort it would
 be to the good Indians and myself to have
 those two individuals (Mr. and Mrs. John Dyke)
 leave us in peace. I wish they would go on
 like machinery if they would not interfere
 so much with the Indians and the school.
 Were I to give you a few instances of their
 doings you would, really, think I was ex-
 aggerating. For this reason I would rather
 you to find out all for yourself.

The good Indians must be real rocks of
 sense as they would ere this have almost
 raised an open rebellion, being constantly
 talked to by the disturbers of the peace
 to do anything and everything that is
 improper, etc.

The Indians, with their
 wives and children who have been absent
 for the past three months were expected home
 for Christmas, yet as yet none of them
 have come. Therefore, it would not be a bad
 time to put on a detective around John Dyke
 now as the Indians who are here have but very

little money, if any, and without the money they cannot obtain very much cider. One Indian, a few evenings ^{ago} called at my door about twilight, passed and asked of me to lend him two dollars to go to Mr. Dykes to get more cider. At the time he had all that was going for him. Outside the door there were two Indians waiting, however, they all started towards Mr. Dykes. They generally carry cider in 3 qt. and 6 qt. pails, with covers, this evening an Indian who was not himself free from the effects of it, showed me a coal oil can full, that he was taking home. I was surprised that they carried it in that kind of cans. Before that yet, I saw a man and myself who thus bought so much coal oil - I have seen them drink from the 3 and 6 qt. pails in front of the school, and along the road. I do not believe it was water they were drinking. About Easter or in the muskrat season, the Indians, I think, will all be here, and it is, when, all are here and have money, or fur that cider is sold in a great plenty.

On the whole reserve, at present, I know only
a fifteen children who should attend school,
the others may be home ere long.

An Indian, who is going away with his wife
and family, asked me to keep his boy during their
absence, so that he could attend school but
I could not. I often thought if some one
would keep all the children during the
parents absence it would be well for them.

Yours obedient servant.

P.S. Confidential.

I am very sorry Mr Hagan, makes known
to Mr. and Mrs. John Dyke so much of the
Indian's affairs, also, about the teacher
and school. Some of the Indians told me
they were going to speak to the Agent about
it. We need this know the more peace
we will have & jealousy, as far as I can
see, is the cause of it all. The Indian's up to
the present time have been very good and kind
and have given their children to understand
that they must be obedient, respectful and polite.

left in peace. I do earnestly hope that in the
near future you will be able to make peace

started it will be something terrible the dis-
turbance Mr and Mrs Lyke will try to make.

Mississauga, Ont. Jan. 21. 1910.

Sir, —

I am very sorry I had to go One Dollar and ninety-five cents more than I received for due to, but I could not possibly do any better. I only got half a web of flannel etc and am using my own scissors, knitting and sewing needles and salt. On Monday, Paul Boyer, placed the dyke and hung the storm door, therefore, I could not have school.

On Tuesday, I began the mid-day meal with fourteen pupils present, they ate so sparingly that I feared in three days I would not have any provisions on hand. On Wednesday the same attendance, served a soup meal with the other articles. — Thursday, seven pupils — To-day, I gave rice and milk, with the other articles, seven pupils present.

Tuesday and Wednesday were very stormy days (the snow wet and sticky) some of the pupils who had scarcely been out of doors all winter contracted severe colds and are to-day real sick.

Since the mid-day ^{meal} began the children are always on time in the morning, before, they seldom if ever were - sleeping late was the cause.

The Indians are delighted with the new plane, those living at a distance are talking of moving nearer to the school. Mr. Kenny will bring my supplies, and the articles for the mid-day ^{meal} etc. to the school, a distance of four miles, as a rule, I always had to carry mine.

Madam,

I have to acknowledge the receipt of your letter of the 21st instant in reference to the purchase of supplies for a mid-day meal and material to teach sewing to the children of the Mississauga Indian School.

In reply I beg to say that it was the intention of the Department to restrict you to an expenditure of \$10.00 for the supplies for the mid-day meal, the flannel-ette and other articles not to be included. Your account, which in all exceeds this amount by \$1.95, will be paid upon receipt through the Agent, and you may also purchase two pairs of scissors and some knitting and sewing needles. The Department desires to have these accounts kept separate. Should your provisions run out you may also make further purchase ~~on the understanding that the sum of \$10.00 is~~ not to be exceeded without further authority from the Department. You will be good enough to keep a record of the number of meals served and report to the Department fully before your supply is exhausted.

The Department is pleased to know that the parents and children are evidencing more interest in the school work since the mid-day meal was started and hopes that their interest will continue.

Sir,

On the 7th and 19th instant the Department wrote asking whether you had ordered a teacher's desk and a chair for the Mississauga Indian School.

In September, last, these two articles, as well as 14 pupils' desks, were ordered from you. The Department would very much appreciate the courtesy of a reply, as it wishes to take steps to furnish the school with the desk and chair referred to, if you have not placed the order or do not wish to do so.

The Department presumes that its previous communications were overlooked and a prompt reply would be much appreciated.

Sir,

Letter No. 151703/1, dated February 23rd, received this A. M.

On Jan. 17th, I made the first purchase of provisions, etc. for the mid-day meal at the Mississauga Indian school and at once forwarded the account for the same, to the Department, through the Agent (Mr. Hagan) for payment. Judging from letter No. 151703/1, dated Jan. 26th, the account was received by the Department.

On Feb. 9th, I made the second purchase and also forwarded the account to the Department through the Agent for payment. Enclosed please find the accounts of both purchases. I began the mid-day meal on Jan. 18th, up to yesterday, have served 411 meals.

Would the Department please inform me if they received an account for the cleaning of the school, through the Agent, which was sent in at the end of the December of 1909.

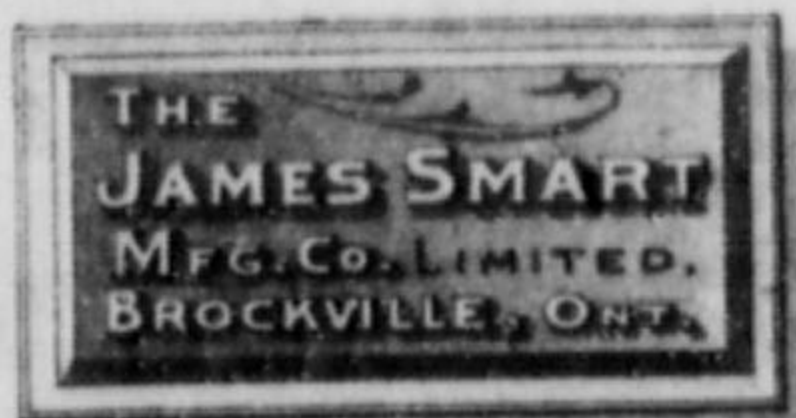

Your obedient servant

Amos Kehoe.

Last February or March or somewhere about that time, I sent in to our good Agent (Mr Hagan) an account of articles, with duplicates, to be forwarded to the Department for payment, as usual, our good Agent, paid no attention, whatever, to the letter - In the meantime, I received a cheque from the Department of Three Dollars, for the charging of the school, for the March gr., this account I did not send in but, nevertheless, it was due me.

A short time ago I wrote Mr Hagan, again, about this account, he condescended to answer and said if I would send in duplicates he would try and get the amount of the enclosed account or list of articles - "The duplicates he has already received." I asked our good Agent for these articles, till, I became tired, then I bought and paid for them myself and received only one copy of duplicates, where, I should have gotten three, the letter, I did not know at the time, I am finding out everything by cruel experience.

Secretary Dept. Indian Affairs

Ottawa, Ontario

Sir,

I have to acknowledge the receipt of your letter of the 14th, No. 151703/5 — I regret I beg to say that I was not authorized to make those purchases.

When I first came here, I was led to believe that all letters must be sent to the Agent and never, direct, to the Department — Now that I know differently, I will not take it on my self in the future to do the like.

About one year ago the Agent (Mr. Hagan) received orders from the Department to get screens done and hung for the windows, so that we would not be devoured by all kinds of flies and bugs — I presume, the order has entirely slipped his memory. If he had to remain here a few days, when the mosquitoes, black and sand flies, wasps, humble bees, black hornets and many other kinds, were all biting him at once. I presume, he would in a very short time think of the screens, at present, the season is about over.

Madam,

I have to acknowledge the receipt of your letter of the 14th instant, and in reply I beg to say that in official letter of September 25th, last, you were authorized to purchase linseed oil to be used in staining the floor of the Mississauga School. It will be necessary for you in your account to say how much oil you purchased and the price and to make a definite charge for the labour showing approximately the number of hours. The account should then be forwarded to Mr. Hagan for transmission to the Department.

Madame,

Referring to official letter of November 23rd. last I beg to say that the Department was under a misapprehension as to the oiling of the school-room floor. It was thought that the account for \$5.00 presented by you covered the cost of material and labour. The Agent now writes that the account for oil etc., has already been paid. It appears to the Department that the charge for applying this oil to the floors is too high, but it will pay \$3.00 for the work.

Kindly submit account in duplicate through the office of the Indian Agent.

I beg leave to enclose an account for oiling the floor of the Mississauga Indian School House rendered by the Teacher Miss Annie Kehal. My reason for sending this Bill is I think the Bill is too high and I do not wish to sign a voucher that "the charges are fair and just", independent of my own knowledge of painting I referred the matter to a professional Painter I asked him what he could do the work for he says if I was there I would do it for \$2.75 or will oil the floor and gain it for \$5.00 if you say it is not too much I will send the vouchers at once when I hear from you

Madam,

Mr. Agent Hagan has forwarded your account for oiling the floor of the Mississauga School-room. As you have already been informed the Department will allow \$3.00 for the labour in connection with this work and Mr. Hagan has been asked to submit a voucher. A cheque will then be drawn in your favour for that amount. This is considered a fair and reasonable rate. In your account you include three gallons of stain and a brush. I may inform you that this account has already been paid to H. F. G. Dreyer, who supplied the goods.

Sir,

I have to acknowledge the receipt of your letter of the 16th instant in reference to the account of Miss Kehoe for staining the floor of the Mississauga School-room.

In reply I beg to say that on the 5th instant the Department informed Miss Kehoe that it would allow \$3.00 for her labour and you will be good enough to submit a voucher for this amount and payment will be made. It is noticed that she includes also payment for the stain and brush. On November 6th, last, a cheque for \$4.75, No. 1477, for this material was sent you. Kindly state whether it has been handed to the merchant.

As Miss Kehoe closes the school this week I have to ask you to give this matter immediate attention and also go down to the reserve and take an inventory of the supplies in the school-room and teacher's dwelling and see that all doors and windows are securely locked, in case sometime may elapse before the services of another teacher are secured.

Dear Sir:- No. 151703-5.

Messrs. Solomon Bros. have handed me your letters of March 30th, 1911, September 7th and 14th, 1911 and have asked me to attend to this matter for them. It appears that they should have received the cheque for \$ 3.10, in payment of the account of Solomon Bros. & T. Shames and this cheque has never been received. I might say that Solomon Bros. bought out the interest of T. Shames in the business formerly conducted by Solomon Bros. & T. Shames, so that Solomon Bros. are the proper parties to receive payment and have the authority to endorse the cheque. As this matter has been out-standing for such a long time, I would be very glad if you would take it up and issue a duplicate cheque, because the first cheque has apparently been mislaid by Mr. S. Hagan, your Indian Agent at Thessalon, Ontario. Had it been paid, you would have received it long ago.

Awaiting your reply, I remain,

I beg to inform you that the Department is in receipt of a letter of the 5th instant, from Mr George J. Macarthur, Barrister, of Blind River, in regard to cheque No 2466 for \$3.10, which was sent you on the 11th February, 1911, for Messrs Solomon Bros., of that place. It is stated that the cheque never reached the firm named, and I may say that it is still outstanding. In your letter of the 11th September 1911, you stated you received the cheque on the morning of the 13th February, 1911, and that you immediately enclosed it in a letter and forwarded it to Blind River. The Department desires to be informed whether the letter containing the cheque for \$3.10 was registered. If you registered the letter an effort will be made to trace it. Kindly reply without delay.

Your obedient servant.

In answer to your letter of the 12th of March numbered 151703/5 Re cheque No 2466 I beg leave to say that the letter in which the cheque was sent was not registered.

I sent 5 letters I was late for the mail and I handed the Parcel to the Mail carrier Cheque No 5742 for \$3.28 to Robert Southwind was received all right Cheque No 2467 for \$2.05 to J. G. Dreyer was received all right Cheque No 2468 for \$6.00 Miss A. Kehoe was received all right Cheque No 2466 to Solomon Brothers ^{\$3.10} has miscarried in some manner so also a cheque of my own which I sent to my grandson for \$5.00 has never been heard of since. Sir:-

With reference to your letter of the 15th instant, and previous correspondence regarding official cheque No. 2466 drawn in favour of Messrs. Solomon Bros., which cheque you received and undertook to forward to them; I beg to say that in view of the fact that you did not personally ~~hold~~ the letter which contained the cheque, you are in a measure responsible for its loss, and the Department considers that you should furnish a bond of indemnity, which will permit of the issue of a duplicate cheque. I enclose herewith a form of Bond of Indemnity which you should execute and return to the Department. If it is found satisfactory, a duplicate cheque will be sent to Messrs. Solomon Bros. Had the firm named received the cheque and lost it, they would have been required to furnish a bond before a duplicate could issue. It is fortunate that the amount of the cheque is not large.

In future you should register all letters containing cheques, and in the event of loss they can be traced.

With reference to the bond, I beg to say that it is customary to have three names furnished therein, but as the cheque is small it will be sufficient if you execute the bond with sureties.

Your obedient servant,

Mr. Separate School Inspector O'Brien in his report on the Mississauga School recommends that iron bars be placed over the windows on the teacher's apartments on the inside. At present heavy wooden shutters are used and this prevents the ingress of fresh air.

The Department considers this a good suggestion and I have to ask you to be good enough to see that this is done. You may have these bars made by a blacksmith and placed in position.

Kindly say if we may have the well, and if I will be allowed to pay his way down to see the location

Sir, -

I beg leave to say that I was at the School House at Mississauga Indian reserve to see about a well for the school, and I beg to say that I have just got one offer, that is by Mr John Stone he will dig the well, and make and put in the curb but the Department must pay for the lumber for two dollars per foot from top to bottom I think we have a pump which might be made to suit the well, I beg leave to say that this is the only offer I have got

Sir,--

I have to acknowledge the receipt of your letter of the 14th instant in reference to the purchase of prizes for the children attending the schools in your agency.

In reply I beg to say that within a few months back prizes were furnished for the Sagamook, Serpent River and Thessalon Schools. It is not the practice of the Department to furnish prizes more than once a year and these schools cannot be now considered. You may, however, expend a sum not exceeding \$5.00 in the purchase of prizes for the children attending the Mississauga School. The account should show in detail the articles purchased with prices.

[Handwritten signature]
The attendance at the Spanish River School is too low to warrant any expenditure for prizes.

Sir,-

I have to ask you to be good enough to submit an estimate of the cost of a small woodshed with a door fitted with a lock suitable to meet the requirements of the Mississauga School. This is recommended by the Separate School Inspector. Kindly give this matter your early attention so that it may be attended to during the summer holidays.

The Inspector reports that one of the water closets is broken down and needs attention. You will be good enough to have this dealt with also during the holidays.

I beg leave to report that the well we dug at Mississauga a short time ago has gone dry when we quit the well there was three feet of water in it running through a bed of gravel lovely water, when the Leacher came back the well was dry and the old spring where we used to get the water was dry as well and the Leacher had to go about a mile for water. I sent the well digger down and he dug it three feet deeper and got splendid water, it came in so fast they could not bail it out and he put 3 feet of curbing in it and a piece more to the pump and we thought there was water enough to do a whole town and the Leacher has just called me by phone and says the water has disappeared and the well is dry and there is not a drop of water within nearly a mile of the school. What would you advise us to do we must have water it is a very strange thing, I might mention that a farmer about 6 miles from this town had a well that acted like this one and he put cement in the bottom and that holds the water so he has no more trouble

Sir,

I beg leave to draw your attention to the matter of the well at Mississauga Indian School on Mississauga Indian Reserve when we dug the well last Spring it was a beautiful well clear spring water and was all right when the Teacher left for vacation when he returned the well was dry, and none to be found in the vicinity of the school it was a pressing and I sent the well digger down to see what was wrong he said the well was dry I gave orders for him to dig it deeper which he did he dug it three feet deeper and got a fine supply of water. he put down a cowl and attached a piece of pipe to the pump and a short time after he came home the well went dry again, I was informed that there was a farmer a few miles away that had a well acted the same as ours and put cement in the bottom and it was all right in a recent letter you told me to find out the cost of cement I went to the farmer and found it was a falsehood he never had such a well I enquired of quite a number of people and they all say we must go deeper if we were through the strata of gravel we would be all right with your permission I will have it made deeper, the school is using very bad water

Sir,—

I beg leave to enclose accounts in favor of John Dyke Esqr of Mississauga although the accounts are not in detail I beg leave to say that to my personal knowledge they are correct, when Mr Benson was visiting the school he saw immediately that we should have a wood shed and two closets and his plan was to have the closets built so that outsiders could not use them without having the key of the woodshed, which I thought was an excellent idea, the whole length of the shed is 28 feet including the closets the shed proper is 12 x 24 and is very neat and tasty. There is a front door with nice casings all around it on the left of the door and about the center of the building is a trap door which is hung on hinges with a hook and staple to fasten it on the inside, that is for throwing wood in, on the end farthest from the school is the closets with a door to each with lock and key. I am very much pleased with the whole arrangement

Ottawa, March 2, 1915.

Sir,-

I am in receipt of your letter of the 24th ultimo, with which you forwarded a voucher rendered at \$48.45, in favour of Mr. John Dykes, for expenditure in connection with the wood-shed at the Mississauga School House. The voucher in question is being paid by Cheque No. 4010 for \$33.20.

The two last items in the voucher, viz. \$15.00 and 25 cents, have been disallowed and the voucher covering these charges is returned herewith. There is nothing to show that the Indian who received cash to the amount of \$15.00 from Mr. Dykes performed labour to the value thereof, nor is there a receipt in support of this payment. I may say that a short time ago the Department paid an account of \$16.00 to Alex. Nigonabe, for eight day's labour, in connection with the erection of a wood-shed and closets at the Mississauga School. If Mr. Dykes advanced money in this connection and has charged for the same in the above mentioned voucher, he should look to the Indian for his money.

Dear Sir

Owing to lack of water I fear I shant be able to keep school open during the severe winter weather. Since the Pump went out of order in October, water was obtained from a Spring about a quarter of a mile from the school. As the snow is deep and there is no road it is impossible to carry water from there

now

On Jan. 4th Surge Boyer undertook to repair the Pump and on sounding the Well found it dry. hence there will be no water from that source for some time.

Under present disadvantageous conditions kindly advise what I had better do.

Wishing you a very happy New Year I am,

Most respectfully Yours,
Jean M. Dermott.

Sir,—

Am enclosing a letter I received from Miss Mc Dermott Kachugh Mussoanga Kwa school.

The pump has gone dry & the spring which is a little distance from the school is too far for the teacher to carry water from.

might say that owing to the want of rain last autumn the wells in this vicinity are out of water or nearly so. Kindly advise if the school will be closed owing to this condition of affairs.

Have written the chief to find out if there is any possible chance of obtaining water nearer the school but from what I saw in the fall am afraid there will not be.

Sir:

I have to acknowledge receipt of your letter of the 23rd instant, enclosing a communication which you received from Miss Jean McDermott, teacher of the Mississauga River Indian Day School, relative to the water supply.

In reply I beg to say that the difficulty of obtaining water for the teacher's use is noted. You should arrange, if possible, to have an Indian or some other person draw the water required from a nearby source in a barrel. If it is necessary to do so, you may purchase a suitable barrel, and arrange to have the water required delivered at the teacher's residence as and when required. You should endeavour to have this service performed at the lowest possible cost, and it should only be continued until such time as there is a supply of water in the well, or until the teacher can obtain the quantity required herself from the spring which is situated about a quarter of a mile from the school.

I shall be pleased to hear as to whether you have been able to arrange with an Indian or some other person to draw the water required for the teacher's use, and the amount that will be charged for the service. Kindly give this matter your early attention, so that the school will not be closed.

You may forward properly certified vouchers, in duplicate, covering the cost of drawing the water required for the teacher's use.

Sir,-

The Separate School inspector, in a report on his recent inspection of the Mississauga Indian Day School, states that the chimney is badly in need of repair, also, that the water in the new well smells badly and cannot be used.

I have to request that you will arrange at an early date to have any repairs required made to the chimney. You may purchase the material required and have the work done and the chimney placed in a satisfactory condition. No unnecessary expense should be incurred.

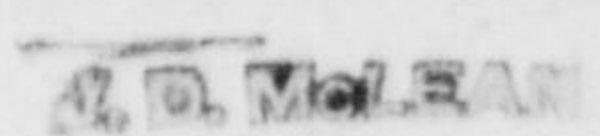

With reference to the well, it may be that it needs to be deepened or cleaned out. You should take what action you consider necessary to endeavour to have a good water supply and the water in this well, if possible, satisfactory for use. Any work carried out to the well should be performed as cheaply as possible.

Properly certified vouchers, in duplicate, should be forwarded by you, covering the cost of the repairs to the chimney and the well after the work has been completed.

EXTRACT FROM INSPECTOR'S REPORT ON THE MISSISSAUGA INDIAN DAY SCHOOL- SEPTEMBER 24, 1925.

The well water is worse than ever. It is most dangerous. It seems that this has been the second attempt to get good water and it seems a failure. The water is only 9 ft. from the ground in the well. Depth only would give good water. At present the teacher and pupils use water from spring $\frac{1}{2}$ mile away.

Sir:-

The Separate School Inspector in a report on his recent inspection of the Mississauga Indian Day School has drawn attention to the condition of the water supply. He states as follows:-

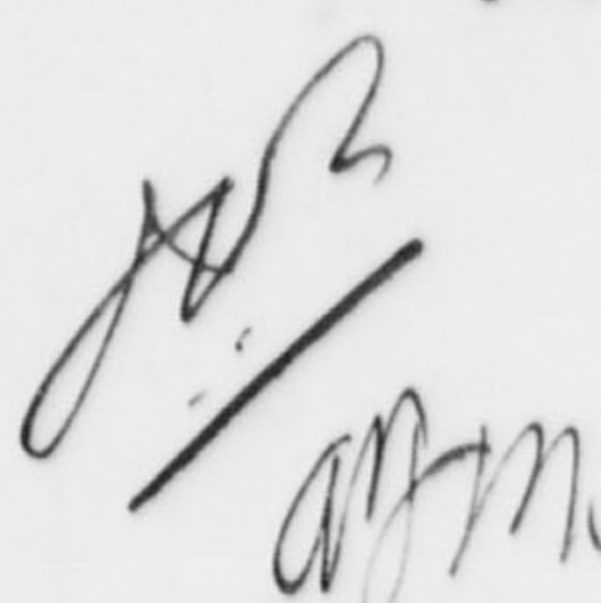

"The well water is worse than ever. It is most dangerous. It seems that this has been the second attempt to get good water and it seems a failure. The water is only 9 ft. from the ground in the well. Depth only would give good water. At present the teacher and pupils use water from spring $\frac{1}{2}$ mile away."

Please furnish a report as to what you would advise be done in order to improve the condition of the well in order to provide a supply of good water. You should also furnish an estimate of the cost of any work you would advise be undertaken. This matter should receive your earliest attention.

Sir

In answer to letter of Oct 2nd
beg to state that during the summer I had
a couple of men digging a well but could
not obtain water, so had the present well
bored out & deepened & put in sand and
gravel in the bottom. On my last visit
in September examined same & found
the color of the water a little brown but
the taste was alright. Might say that
the old well where we have a pump &
which I had cleaned out a year ago is
practically dry. and most of the wells
in this vicinity are very low owing
to the dry spell of this last year.
The only thing I can see is to use the
well water for washing & do as we did
last year have some person carry water
for drinking purposes.

Sir:-

I have your letter of 6th instant relative to the condition of the well at the Mississauga Indian Day School. We have noted the effort that was made during the past summer to have this well baled out and deepened.

It is considered that the water in this well would be satisfactory for washing purposes and it is thought that the teacher could arrange with the older boys to carry from a near by well the small quantity of water that would be required for drinking or cooking purposes. We are not prepared to incur any expense in the matter.

Sir:

The Separate School Inspector, in a report on his recent inspection of the Mississauga Indian Day School, states that the toilets require attention and that the house section of the building needs reshingling, as there is a leakage into the kitchen and bedroom. He also states that the steps at the entrance to the school are old and broken and should be repaired, and he further suggests that the kitchen and bedroom be repapered.

I have to request that you will furnish a report regarding the repairs referred to by the Inspector, stating whether you would recommend that they be carried out or not. If so, you should furnish full particulars as to the repairs you would recommend be done, and the approximate cost of same, including material and labour. Your early reply giving this information should be furnished after you have had an opportunity of visiting this school, and, if it is decided to carry out any repairs, they could be performed during the coming summer holidays.

re the repairs to Mississauga River Indian
School. Have been & examined the school
& will need the following

- 2 planks 16' X 2 X 12.
- 5 " 16 X 2 X 10.
- 4 " 14 X 2 X 6
- 4 boards 16 X 1. X 8:

Can obtain this for about 16⁰⁰
think it would be better to put on asphalt
roofing instead of shingles over the kitchen
owing to the roof being so flat & the water
lies on the roof & rots the shingles.
asphalt shingles are 8²⁵ per square.
It will also require wall paper to do the
2 rooms. costing about 7⁰⁰ for paper.
Have seen a carpenter & handy man who
will complete the job for 42⁰⁰ for the work.
Can have this done in the holidays
ready for school in September.

Is there any possibility of

this spring?? I have got a

isn't any room in the shed

EXTRACT FROM REPORT OF MR. INSPECTOR J. BECHARD,
DATED JUNE 11TH, 1930, ON HIS INSPECTION OF THE
MISSISSAUGA INDIAN DAY SCHOOL.

Original on File 36-1-6.

The wood shed is falling down and should
be repaired at once.

I am glad to hear that the Department intends
to put in some new blackboards this summer. By
transferring the windows all to one side, it would give
more room for the blackboards and the lighting of the
school would be improved. Before any work is done the
teacher should be consulted.

Sir:

I have your letter of the 29th ultimo, enclosing quotations which you received for the erection of a woodshed and alterations and repairs to the school building at the Mississauga River Indian Day School. In comparing these quotations, it is noted, except in the case of the woodshed, that each of the other quotations is for a different type of work.

I am returning the quotations herewith, and have to request that you will prepare a list in detail of the work you would recommend be carried out in changing the windows, blackboards, etc., and the proper finishing of the interior after the windows are closed; also what repairs are required to the roof. You should then have the two parties whose quotations you forwarded quote another price for the carrying out of the work which you recommend. No action will be taken regarding the erection of a woodshed until we have full particulars and prices regarding the other work to be carried out at this school. When this information is received, consideration will then be given as to the work that can be authorized to be carried out. I may add that our funds this year are extremely limited, and only the repairs and alterations which are absolutely necessary should be considered.

I have your letter of the 5th instant, in further reference to the erection of a woodshed and the alterations and repairs required to the school building at the Mississauga River Indian Day School.

In this connection I have to say that you may arrange to have a woodshed erected, size approximately 16' x 20', with sloping roof. You may also arrange to have the windows taken out and the wall closed up on the north side of the classroom, and the interior woodwork painted and the walls tinted. You may also arrange to have the steps repaired, and the roof resingled in places requiring same, and a door installed and the foundation repaired. This work should be carried out before the school reopens after the present summer holidays. The Department will rely on you to see that all costs are kept as low as possible, having in view the carrying out of a satisfactory job. The quotations which you forwarded are returned herewith, and you should arrange to have the work done by the person who quotes the lowest price.

After this work has been completed to your satisfaction, you should forward an account, in duplicate, properly certified, covering the cost, to which should be attached the quotations received.

I have to refer you to official letter of May 16th, last, relative to the request of the teacher of the Mississauga River Indian Day School to be supplied with a bed, a mattress, a comforter, two pillows and oilcloth or linoleum for the floor. Miss McDermott, the teacher, visited the Department today and she states that this equipment is required. I have to request, therefore, that you will arrange to purchase as soon as possible a bed, complete with mattress and spring. It is considered that a three quarter size bed would be satisfactory and, while of serviceable type, it should be as inexpensive as possible. You should also arrange for the purchase of a comforter and two pillows and linoleum for the floors of the bedroom and living room of the teacher's living quarters.

J.R.

The teacher states further that a new stove is required, with the necessary stove pipe. You should consult the teacher as to the supplies required, especially as to the type of stove that would be satisfactory, and you should then arrange for the purchase and delivery at the school of the above articles. The Department will expect you to see that no unnecessary expense is incurred. The teacher also states that new stove pipes are required in the classroom. You may purchase this equipment, have the pipe installed and the heating facilities placed in good order before the cold weather sets in.

After you have made the above authorized purchases, please forward itemized accounts, in duplicate, properly certified, covering the cost. Please give these matters your early attention.

I also visited the Mississauga Indian
Separate School on June 25th and found that the
only ventilation in this school was from the windows
raising from the bottom. I also found the open pail
and common drinking cup. The windows in the outside
privies were broken and it will be necessary to have
these replaced with either glass or screening.

The school will have to be properly ventil-
ated with cold air inlets and window baffles which
will deflect the draft over the heads of the children.

I will be making a return visit to this
school immediately after the holidays and I hope that
the necessary improvements will have been made by
that time.

Sir:

I have your letter of the 9th instant, enclosing a communication which you received from the Provincial Sanitary Inspector, reporting on his visit to the Serpent River and Mississauga River Indian Day Schools.

The Department is not prepared to authorize any expense in changing the lighting system at the Serpent River School. However, you should arrange, during the present summer holidays, to have the toilets thoroughly cleaned and placed in a good condition. Any repairs required should also be carried out. You may arrange for the purchase of a covered water tank with tap at bottom. It is considered that a tank of from four to six gallons capacity would be satisfactory. You may also purchase the number of enamelled drinking cups necessary for the individual use of the pupils.

Relative to the Mississauga Indian Day School, you may also arrange for the purchase of a covered water tank with tap at bottom for this school and the number of individual enamelled drinking cups required for the pupils' use. You should arrange to have the necessary repairs made to the windows in the closets and to have the toilets themselves thoroughly cleaned and placed in a good, sanitary condition.

Please have the water tanks and cups delivered when the schools reopen and the repairs and cleaning of the toilets carried out before the schools reopen. You should forward accounts, in duplicate, properly certified, covering the expenditure incurred for the above purposes for each of these schools, separately.

Should the Inspector visit these schools after the holidays and make a further report to you, please send same to the Department for attention.

Ed. Sarrow of Blind River was the man who made a report to Dept. stating he would paint the school for Muscoweya River for 115.⁰⁰ I wrote him I would see about the paint. but in the mean time I had seen the chief asked if any of the Indians would paint the school the chief said he would let me know. so while waiting for the answer, the Sanitary Inspector for the District recommended changes at the school. Sent him recommendation to Dept. & while waiting reply the chief saw me & said he would paint the school for 100.⁰⁰ so I gave him the job. & must say he has done a good job. Sarrow claims he refused other work. at the time I wrote him he told me he was working I believe at the saw mill but expected to be through shortly owing to the mill being run at quarter time so he would be at a job.

Sir,-

Miss MacNulty, teacher of the Mississauga River Indian Day School, visited the Department today and states that it will be impossible to heat the teacher's living quarters with wood and requests the Department to supply a Quebec heater and two tons of coal. As far as the Department is aware, wood has always been used at this school and no previous complaints have been made. Please let me know if you consider it necessary to purchase a new stove and coal. If so, you should furnish an estimate of the cost of both.

Miss MacNulty also complains that the water has to be secured from a well about a quarter of a mile from the school. Please advise where the previous teacher obtained her drinking water and whether or not it is possible to secure same closer to the school than the distance mentioned.

Miss MacNulty states that there is no lavatory at the teacher's residence. Please advise what it would cost to erect one.

Dear Sir.

In reply to letter of December 20th in regards to the heating of the teacher's living quarters at Mississauga River, school might say that all the teachers that have taught for the last ten years have found it comfortable, and would not recommend ^{the} purchase of a coal stove.

Miss McNulty was at Mississauga about two weeks, and found time to complain about everything, and not like she had been accustomed to, at the former school, having I understand living quarters with janitor to look after the teachers wants, In regards to the well, it is near the school and has been cleaned and it is ready for use. All the requirements sufficient for a school are at Mississauga, and it was only last year that the Department made alterations in the living quarters, making them more homelike for the teacher.

The attendance of white children at the school ^{month} last, was 12 and expect they will be the same after Xmas. Understand that Miss McNulty is not going to teach the white children, that is the report I got on my last visit to the school before the holidays.

Dear Mr. McKenzie;

- I find the foll. repairs are necessary this year at Mississauga.
- (1) a chimney on the teacherage.
 - (2) a full-length porch on the school, to be used as porch and cloak-room.
 - (3) Interior of school — walls murested, wainscot painted and floor and desks varnished.
 - (4) Exterior of school painted
 - (5) Outbuildings painted
 - (6) A spring behind school made into a well — for school use — will explain further when in the Dep't.

It is some time since anything has been done here, and in order to keep the place presentable the above should be done.

Very Sincerely

In the absence of Mr. Pothera, I am obliged to write regarding the interior decorating of the school.

Dear Sir,-

The Department is in receipt of a letter from Miss MacNulty, teacher of the Mississauga River Indian Day School, in which she states that a decorator has given an estimate of \$78.00 for the material and labour in decorating the interior of the Mississauga River School. She considers the price high and states that a considerable amount could be done by Indians and that, in this way, there would be a considerable saving.

She is being advised to postpone the work until you return to duty. As you were informed in official letter of the 6th ultimo, the Department desires the cost of any work to be kept as low as possible. Purchases should, of course, be made from firms on the approved list.

Well:

I advised Mr. Rothera not to have the well finished - as it was only surface water we were getting. In ~~my~~ absence they completed it and as it stands we cannot use the water.

I believe something could be done about the source of the water, which may make it fit for use.

I would be glad if both of the above could be rectified to the satisfaction of all concerned.

I thank you.

One more item. I expected a raise in salary, but my cheque comes as usual. Possibly the Rep't. feels that I am not entitled to any more. October 25th, 1939.

Dear Sir:-

In reply to your letter of October 16th, 36-1-5, I beg to state that I have written to Dan Boyer who is at present in the woods, to ask him to hand over to Miss MacNulty, the teacher at the Mississauga Indian day school, the two gallons of paint which he was supposed to have received from the late agent, Mr. Sims, to paint the school out-houses.

To date, I have been unable to find out from the records in this office, if Boyer was paid for this job or not. At any rate, the season is too far advanced now, to do this work this year.

The wood shed at the school should be braced to keep it from collapsing. The cost of material and labour to remedy this would be approximately \$10.00. The school floor should be stained and varnished. The wood work in the teacher's quarters should be painted. The cost of material and labour for this work would be approximately \$35.00. The living room in the teacher's quarters requires new linoleum as the present rug is almost worn through in places. Twelve yards would be the amount of linoleum needed and the approximate cost of it would be \$20.00.

These renovations should be carried out as they are really necessary.

Yours very truly,

R. P. G. Laurence

Dear Sir:

Enclosed herewith find Requisition for school material received from Miss MacNulty of the Mississauga Reserve Indian Day School.

Miss MacNulty asks that ^athe porch be built on the front of her school at an approximate cost of \$100.00, also that repairs to the chimney be made at a cost of approximately \$15.00.

A winter porch is badly needed at this school as it is filled to capacity and very crowded. There is no place for the children to hang their overcoats, etc. once the cold weather sets in and by adding a porch to the front of the school it would give the extra room required. This could be done at a cost of approximately \$100.00 for labour and material.

I therefore recommend that, if at all possible, the chimney be repaired and the porch built.

Yours very truly,

R. P. G. Laurence

Dear Sir:

On September 16 I wrote you requesting that you allow \$100.00 to build a porch on the Mississauga Reserve Indian Day School, which amount was to cover material and labour. This request was granted in your letter 36-1-5, September 20.

I now find that my estimate was out considerably and that to build the porch required would at least cost \$175.00, instead of \$100.00. I am enclosing an estimate received from Harry H. Bell, Blind River, covering the cost of material required.

Kindly advise me if it would be possible to have the amount raised from \$100.00 to \$175.00 and, if so, would you please grant the necessary authority to purchase the enclosed bill of material?

Yours very truly,

Dear Sir:

Last winter a porch was added to the Indian Day School on the Mississauga Reserve which has been quite an improvement to the School. It should be painted both inside and out. About six gallons of paint would be required for the job at an approximate cost of \$25.00.

If the money is available, I would recommend that the paint be bought for this work so that arrangements can be made to go ahead and do the painting as soon as the warm weather comes.

Sault Ste Marie, Ontario.
June 21st, 1943.

Indian Affairs Branch,
Dept. of Mines and Resources, Ottawa, Canada.

Mrs. Helen Moron, teacher of the Mississauga Indian
Day school has complained of the coldness, last winter, of
her living quarters.

I have examined this building and made an approximate
estimate of the cost of necessary improvements needed to make
same comfortable.

Handwritten: Poor
A porch on the kitchen is needed to help keep out the snow
and cold, all the windows need refitting, one new storm window,
clothes closets need to be lined to keep out the cold and that
part of the building which adjoins the school should be caulked
and boarded up etc. The approximate cost for the above would
be Material \$ 80.00 ; Labour \$75.00. *u u u*

She has also requested that the school room be painted as
it is very dark. The cost of this would be Material \$ 18.00
Labour \$ 30.00.

The above improvements are all necessary and I recommend
that her request be granted.

Kindly advise me regarding this matter.

Mr. R.P.G. Laurence, Indian Agent, Sault Ste.

I have your letter of the 21st instant,
with reference to repairs required at the Mississauga
Indian Day School.

The Department approves the painting of the
classroom at a total cost of \$48.00 for material and
labour.

With reference to the porch, it is noted
that you estimate the cost of the material at \$80.00.
Please forward a requisition for the material required
and, if you have obtained prices for it, you should
state these prices and the name of the firm from
whom you obtained them. You must be aware of the
purchasing regulations which require us to make such
purchases through our Purchasing Branch. It would
save considerable time and correspondence if you
would enclose the requisition at the same time as
you forward your recommendation. This would give
us the complete picture of what is needed.

Attached herewith please find Voucher No. 665, October 28, 1943 for additional material supplied Mississauga Indian Day School for making general repairs.

When the Carpenter was on the job it was found necessary to obtain the above additional material to make the School residence warm for the winter, so I ordered same on my own authority as I could not afford to let the carpenter go when he was on the job as carpenters at present are very scarce in this particular district.

Trusting the above meets with your approval.

The teacher of the Mississauga Indian Day School complains about the coldness of the floors in her school. I have investigated her complaint and find that the school room needs a new floor. The present one is worn, full of cracks, was poorly laid down in the first place and is very draughty. I recommend that, if possible, a new floor be laid in this school.

The cost of material and labour for a new hardwood floor would be approximately \$150.00. To sand and varnish same would cost approximately \$100.00 more.

Kindly advise me regarding this matter at your convenience.

Mr. R.P.G. Laurence, Indian Agent, Sault Ste.

With reference to requisition of the
12th instant from the teacher of the Mississauga
Day School, please let me know the size of the
four new desks required. School desks can be
obtained in three sizes -- large, medium and
small.

I note the teacher requests an allowance
to purchase materials for a midday meal and
estimates the cost of this at approximately
\$4 a week. A review of our files does not
indicate that a midday meal has been served at
this school for several years past. Do you
consider it necessary to do so? Your request
will receive further consideration when you
reply, but in any case we would not be prepared
to consider serving a midday meal except during
the winter months.

With reference to your letter 36-1-5 dated September 21-44, this is to advise you that the four new school desks for the Mississauga Day School are medium size.

With regard to teacher's request for an allowance for midday meal, I beg to state that it has been customary for a midday meal to be served at the Mississauga school. Because of the school being closed last year, during the winter months, no meals were served.

I recommend that \$ 2.00 per week be allowed during the winter months for a midday meal as many of the children come a long distance to school and require something hot at noon.

ADDRESS REPLY TO

ADMINISTRATIVE

August 1, 1944.

Dear Sir,-

Re Purchase Order #25449

Your letter of the 25th ultimo to Indian Agent Laurence, Sault Ste Marie, Ont., has been referred to us by Indian Affairs Branch for attention.

As the grade of flooring retailing at \$95.00 per M. is not satisfactory, it will be in order for you to supply the 1250' of the better grade at \$115.00. This increases the cost of the order (#25449) by \$25.00.

It would be appreciated if delivery could be made promptly, to facilitate completion of the flooring before the beginning of the autumn school term. Invoices should show the exact kind and grade of flooring supplied.

Yours very truly,

Mr. R.P.G. Laurence, Indian Agent,
Sault Ste. Marie, Ont.

In my letter of March 13 there was an amount of \$60.00 authorized for material and labour for varnishing the classroom and redecorating the teacher's living quarters at the Mississauga School. I am now in receipt of the attached two accounts, which are very unusual, and I might say that in my long experience in this Branch I have no recollection of ever having received similar ones. I doubt very much if we can consider these accounts. In the first place, the teacher had no right to authorize transportation to persons doing the work, and as regards voucher No. 96, it is not our usual practice to provide food and lodging for persons who are engaged in making repairs to any of our schools.

Dear Sir:

I am sorry to inform you that I think there has been some mistake made regarding the work performed at the Mississaugui School. The first time we went up we worked 32 hours for which I drew \$12.80 at .40 an hour. The following week my friend and I worked one day - 10 hrs. cleaning the teacher's residence. For this I received nothing, nor has she. As this was very hard work I wish you would look into the matter. I talked with the teacher about case but she couldn't give me no satisfactory answer. I therefore trust you will co-operate.

In reply to your letter 36-1-5 dated May 3rd regarding Vouchers 96 and 97, I am enclosing letter received from Miss M. Rashotte regarding same.

I beg to state that it is always very difficult to get Indians of the Mississauga Reserve to do work at the Indian Day School as most of the time the men are away in the woods either guiding or trapping and the women are not used to decorating.

I am enclosing again for your consideration Voucher No. 96 and 97.

Indian Affairs Branch, Department of Mines and Resources, Ottawa.

I wish to acknowledge your letter 36-1-5 dated June 25th enclosing report from Inspector Millette on his inspection of the Mississauga Day School.

With reference to that part of the report regarding attendance, I would suggest that starting next season the teachers of all schools in this Agency be requested to forward monthly to this office the names of parents of children who have not been punctual and who for insufficient reason have not attended school at least 80% of the time. The Agent could then request the Regional Director of Family Allowances to forward this office the next monthly allowance cheque for the families concerned which he would hold until such time as the attendance of the children improved.

As Miss Rashotte was never backward in her requests, I do not understand why she failed to requisition for screens if she found they were necessary. With your approval I will order the necessary screens.

I am returning report herewith.

Dear Mr. Phelan,
Re Mississauga School:

Phelan
You are already aware that this school was burned to the ground on the morning of February 4th last. I believe also that Mr. Laurence has informed you we are making ^{efforts} to keep classes running and provide a place where they may be held.

Mr. Paul Berthelot, the Chiblaws and I saved enough desks to seat all the children at present in attendance. The reading library was also saved as well as the teacher's desk and its contents. We were also able to prevent the sheds from burning, so the fire wood and coal are safe. What we did not have time to save were the children's books from the desks, although we did save some and a good many had been taken home for night lessons. However, Mr. Berthelot has managed, through friends in Blind River, to collect enough supplies for the children to be able to resume classes immediately. He has even secured the loan of a large movable blackboard.

It was suggested we try to obtain the use of Mississauga Inn as a school house. Mr. Laurence, after conferring with one of the owners in Sault Ste. Marie, tells me this is impossible for the present.

The suggestion which I am prepared to carry out immediately is the temporary loan of the church for classes until some other arrangement can be made, or until the end of the spring term. The Right Reverend Bishop Dignan has already granted verbal permission but he warned me at the same time that I must secure some guarantees from the Department that the building would not suffer from the wear and tear of classes.

From J. E. McKey, S. J.

Accordingly I put forward the following agreement:

The Diocese of Sault Ste. Marie freely grants the use of the Catholic Church at Mississauga for classes outside those times when the Blessed Sacrament is reserved, until such time as a more suitable place can be found, up until the end of June, 1946.

No rent will be charged for the use of building or furniture but the Department will be expected to provide the fuel for heating the premises. Moreover the Department will pay for the repair of any positive damage caused by the pupils or consequent upon the use of the building as a class room. Also the Department will make the usual allowance for scrubbing and cleaning.

Finally, if the building is used for classes for the remainder of the school year, i.e. until the end of June, 1946, the Department will pay to have the floor varnished and the interior of the church proper repainted.

I sincerely hope that the Department will accept this offer without delay.

Yours very truly

Dear Father McKey:

I have delayed answering your letter of the 8th instant, in connection with the Mississauga School, in view of our telephone conversation.

As I recall, I suggested that we allow rent at the rate of \$25.00 a month in lieu of making any repairs that might be considered necessary when we give up occupancy.

It was understood, of course, that we would supply the fuel required and make an allowance for janitor service. If my suggestion meets with the approval of His Excellency Bishop Dignan, you may arrange to have the school re-opened immediately. You should, of course, advise me of your acceptance, in order that I may notify the Indian Agent.

Yours sincerely,

Dear Mr. Phelan,
Re: Mississauga School

His Excellency Bishop Dignan has readily agreed to rent the church building in Mississauga for the purpose of holding classes outside of those times each month when it is needed as a church. He has also given me authority to arrange any details which may need attention. I therefore agree to rent the building for 25 dollars permonth up until the end of June of this year. No alterations will be necessary beyond the removal of the church benches in the front part of the building and the erection of a moveable blackboard. I will have a curtain drawn between the main body of the church and the sanctuary. This will give plenty of room for the holding of classes without interfering with the conducting of religious services at the regular times.

Mr. Berthelot has borrowed a blackboard for the time being and sufficient books and supplies. He is ready to resume classes tomorrow morning.

Rejoicing in the evident care you have for those under your charge and thanking you for your kind cooperation, I remain

Dear Mr. Phelan,

In accordance with your letter of February 12th, I have made arrangements that classes at Mississauga be immediately resumed. I believe the school was reopened Friday the 15th. I know Mr. Berthelot was teaching yesterday definitely, but I have been away on one of my missions since Thursday and have not been able to check personally. I phoned Mr. Laurence this morning and he says he will take the first opportunity of coming down to see how things are running. He had not yet received your letter notifying him of the agreement. Hence in case you did not regard my letter of the 14th instant as an answer accepting the terms of your letter of the 12th, I am writing this to give formal notice of my acceptance in the name of His Excellency Bishop Dignan.

My attention has been directed to your quarterly report for the quarter ended March 31, in which you recommend that the Indian Day School on the Mississauga Reserve be rebuilt before the fall term.

Before this building was destroyed by fire our appropriation for the fiscal year 1946-47 had been settled. In view of the Government's decision to concentrate on the provision of housing facilities throughout the Dominion, the erection of public buildings has been considerably curtailed. Under these circumstances it will not be possible for us to consider the erection of a new school on the Mississauga Reserve this year.

The following letter dated August 7, 1944 from the Treasury Board has apparently never been made known to the officers of this Department. Consequently, it is requested that the information contained therein be drawn to the attention of every employee who may be in a position to be affected: -

"The Treasury Board have recently had under consideration submissions from various departments recommending compensation in part or in whole to employees residing in Government premises who have suffered loss of their furniture and effects as a result of fires or other mishap at such Government premises.

After detailed consideration the Treasury Board have directed that all departments be notified that consideration cannot in the future be given to compensation of employees in such cases. I sent an estimate of the things I lost in the fire to Mr. Laurence. It amounted to two hundred and some dollars. To be exact, my total loss was three hundred dollars. I can't afford to lose that much. After all I'm going back to school next year and need my money.

Dear Mr. Phelan,

As you may well imagine I have been more than a little concerned about the school situation at Mississauga. I know that you have all the facts and that the requisite reports and so forth have been made, but it has struck me that there might be something I could do as an individual to help. Unfortunately I am very much a novice in any dealings with the machinery of government. I am very anxious to see a new school at Mississauga. I am eager to be of service in any way I can. But I am quite at a loss where to turn. Hence I come to you as the one most able to give me sound advice.

Is there anyone to whom I should write or have others write? Or would it do any good to take the matter up with the local Member? I certainly have no desire to interfere in what should not concern me, and much less do I wish to hinder the efforts you yourself are making in this regard. And on the other hand, perhaps, in view of the emphasis which the Department is placing on education this year, you will be able to give me assurance that any endeavours on my part will be in no way necessary.

Hoping sincerely that you will give me the benefit of your experience and intimate knowledge of these affairs, I remain

Yours faithfully in the Sacred Heart

Dear Father McKey:

I have your letter of the 1st instant, with reference to the school situation at the Mississauga Reserve.

I might as well be very frank with you and state that at the present time I cannot see any prospect of erecting a new school this summer.

This particular school was destroyed by fire after we had prepared our Estimates for the fiscal year 1946-47 and, consequently, no funds were provided.

There is also an additional reason. We require a number of schools all over the Dominion. In many cases the situation is similar to that at Mississauga. In other cases the buildings are so old that they should have been replaced before this, but due to war conditions it was not possible to do so.

When preparing our appropriation for the current fiscal year, we requested funds for the erection of a number of schools throughout Canada. However, early in the present calendar year, you will remember that it was officially decided to concentrate on the erection of private homes throughout the country and, as a consequence, our public building program has been greatly curtailed. Owing to the difficulty of securing materials, we are extremely doubtful if we will be able to erect even the small number of buildings which we proposed to build.

I am sorry that I have to give you such a dismal reply, but it is simply due to conditions over which we have no control.

With kind personal regards, Yours sincerely,

Reverend J. E. McKey, S.J.,

I enclose a letter received from Paul Berthelot. It is difficult for me to understand exactly what he means. He has no authority to sell the articles mentioned. As a matter of fact, neither you nor I would have that authority without the approval of the Salvage Officer. What price was secured for the articles and where is the money received from this sale? I would appreciate having your reply at the earliest possible date.

Mr. R. P. G. Laurence

Dear Mr. Laurence,

Pursuant to our conversation of the 6th instant re the Mississauga school, it seems good that I should set forth my opinion.

In the first place I think the fact that there will be upwards of twenty-three pupils who should be in school there next year merits our very serious attention.

Secondly, I am convinced the use of the church next year will not be practical. The arrangement has been fairly successful this year because of the fact that the teacher was a young man, and that he lived in town and could go back and forth morning and night. If the teacher were a woman, I could not allow her to use my room, even during the day. It is possible that some one might be found who would be willing to confine herself to the church proper and commute back and forth from town if taxi service were provided for her, but I am inclined to doubt this very much.

Another solution might be regular and adequate bus service to the school in Blind River. This would depend too on the accommodations of the school and the willingness of the teaching staff to stretch their resources. On this I am not prepared to say anything at present.

The only real solution is a new school immediately, and a salary for the teacher adequate to attract a good one. I know there is a housing shortage but I think everyone will agree that schools should hold an AI priority, ahead of churches and even ahead of dwellings.

If a school is begun this summer to be completed in the fall, classes could be held in the church during the warm weather until they could be moved

into the school. It is probable that a teacher could be persuaded to put up with this inconvenience if she has the prospect of better conditions constantly before her eyes.

Hoping that these views correspond fairly closely with your own, and that they will meet with the approval of the Department,

I remain

Yours very sincerely,

On my last visit to the Mississauga Reserve, I took up with Father J.E. McKey, the Parish Priest, the matter of using the church as a school next winter.

I am enclosing herewith letter received from him regarding this subject. I understand that the present teacher will not be available for next year. Last winter after the school burned down, I inquired regarding accommodation for the children at the school in Blind River but was advised that there was no room for them as the schools there were already over accommodated.

As there is no place on the Reserve for a teacher to live if a new school cannot be built this summer, then the only solution would be for the teacher to commute back and forth from Blind River by taxi service, providing she was willing to confine herself to the church proper as stated in Father McKey's letter.

The cost of taxi service would be approximately \$2.00 per day, but even this arrangement would not be very satisfactory during the cold weather.

Mr. R.P.G. Laurence, Indian Agent,

I have your letter of the 21st instant,
enclosing communication from Reverend McKey.

I enclose for your information, a copy
of my letter of May 14th, to Father McKey. Ref-
erring to the information contained in the last
two paragraphs of your letter, it is extremely
difficult for us to make any decision if the cost
of transporting a teacher daily from Blind River
would be approximately \$400.00 for the academic
year, and I note there is no place on the Reserve
where you can consider suitable for a teacher to
live.

Might I suggest that you again discuss
the matter with Father McKey, and if the church
authorities are willing to allow you the use of
the church for another year, you might make further
inquiries, and see if you can at least obtain rooms
in some Indian's house, where the teacher could
have her quarters.

I wish to acknowledge your letter file 36-1-5 of 29th. May 1946, enclosing letter from Paul Berthelot, teacher at the Mississauga Indian Day School R.C., with reference to articles belonging to the school being sold.

Mr. Berthelot advises me that he had no intention of selling the articles mentioned without authority to do so from you. He thought that you might give him the necessary authority and in this way he would be recompensed for articles he lost in the fire. The material mentioned is still stored in the school shed with the exception of the Day Couch which was being spoiled through dampness so I moved it along with two chairs to the Agent's Departmental Cabin on the Spanish River Reserve, where they will be stored until required.

letter sent to Father McKey on 14th. May 1946.

I have again discussed
the matter of using the Church for another year
with Father McKey, and he is quite willing to grant
permission to do so, provided, accomodation can be
found for the teacher.

Referring to the last para-
graph of your letter, in which you suggest rooms
might be obtained in some Indians house, I beg to advise
that there is no Indian House on the Mississauga Reserve
that Father McKey or myself could recommend as suitable
quarters for a teacher.

The only accomodation I have
been able to find to date, is in tourist quarters run
by white people about a mile and a half from the school.
This accomodation would only be available for two months
as they close at the end of November, and move into Blind
River when the cold weather starts.

I understand that two new schools have been placed in the estimates this year for this agency, one for the Serpent River and one for the Mississauga Indian Reserve.

When the plans and estimates of cost are being drawn up for these schools, I trust that consideration will be paid to the following: clothes closets in the bedrooms, cupboards and sink in the kitchen, with a cesspool outside for the sink and also a pump in the kitchen for water, if possible. None of these conveniences were in any of the schools in this agency when they were first built. Water has always been a problem at the Mississauga and Serpent River Schools on account of the distance it had to be carried.

I would recommend that approximately \$ 500.00 be set aside for each of these schools, for the purpose of drilling for water to see if it could not be obtained closer, and if possible, right in the school.

Memorandum:

DIRECTOR,
SURVEYS and ENGINEERING BRANCH

E.D.

Erection of Two Day Schools
in Sault Ste. Marie Agency -

It is our intention to begin our building programme with the erection of standard one-room day schools with attached teacherages at the following points:

(a) Serpent River

This will replace a day school which was burned some years ago. We are at present operating in a rented house. It is one quarter mile from the Cutler railway station on the Sudbury-Soo Branch of the C. P. R.

(b) Mississauga

This will replace a day school which was burned two years ago. We are at present operating in a rented church. It is three miles from the Blind River railway station on the above line.

As these two places are but 25 miles apart on the railway line, it was felt that they would provide a good beginning for school construction in 1947-48.

Therefore, would you now prepare the plans and specifications for these buildings, as previously discussed

between Mr. Buck and Colonel Neary. It is suggested that when tenders are called for, that these two schools should be advertised together, in the event that one contractor might wish to try both buildings.

Our Educational Survey Officer is ready to proceed to the site of these schools with one of your officials when you are ready to survey the actual location of the buildings.

We have sufficient funds available to cover incidental expenses involved in the above preparatory work.

Mr. R.P. G. Laurence, Indian Agent,
Sault Ste. Marie, Ontario.

Provision has been made in the current year's appropriation for an amount which we consider necessary to erect a combined school and teacher's residence on the Serpent River Reservation and also a combined school and teacher's residence to replace the Mississauga School which was destroyed by fire.

Mr. A.J. Doucet of this Division will be at Spanish School on Saturday, April 19th. Please arrange to meet him there about noon of that day and the two of you should visit Serpent River and Mississauga and decide on the proper site for the school at each point.

If you are aware of any contractor between Spanish and Sault Ste. Marie who would be willing to tender on the erection of one or both of these buildings, you should advise Mr. Doucet and possibly any interested contractor could be interviewed by Mr. Doucet.

Please acknowledge receipt of this letter.

Dear Sir:

After due consideration of the job of building a school at Mississauga Indian Reserve, it being so far from the source of supply and the inability to secure labour and materials at the present time and which fluctuate from day to day, I find I am unable to give a definite price but I will try to do this job for you just as soon as materials are available again. I expect this will be in the course of from 4 to 6 weeks.

The approximate price of the job I estimate will be in the neighbourhood of \$10,000.00, but the only way I can accept this job would be on a cost plus basis with a fixed fee of \$1,000.00.

Hoping this will be of some help to you, I remain,

Contract for Mississauga Indian Day School

Before requesting an Order-in-Council for the awarding of a contract to Mr. George V. Hannah of Sault Ste. Marie for the construction of this building, it is requested that you point out the following facts to him:

- (a) That progress payments can be made to contractors in accordance with the work performed. Such applications for payments will be certified by the Indian Agent representing the Branch and duly approved by Headquarters. Pay-rolls and invoices must be open to inspection by the Indian Agent.
- (b) That final payment, however, will be subject to certification by the Treasury Cost Inspection and Audit Division, following an examination by them of the records of the contractor concerned. Mr. Hannah's name must not appear on the pay-roll nor will his travelling expenses nor other personal costs be paid. It is expected that he will meet his own salary and expenditures with the fixed fee of \$1000.00.
- (c) That Mr. Hannah's tender of Cost-Plus fixed fee of \$1000.00 will be submitted for consideration by the Minister.

MEMORANDUM:

36-1-5
Ottawa, July 31, 1947.
THE DIRECTOR

Attention Miss M. Walton

Contracts on a Cost-Plus Basis.

With reference to our conversation, this office is prepared to make progress payment to contractors in accordance with the work performed to date. Such applications for payments should be certified by the inspecting engineer, or, in the absence of such, by an Indian Agent representing the Branch, and duly approved by Headquarters.

However, as pointed out, final payment will be subject to certification by the Treasury Cost Inspection and Audit Division, following an examination by them of the records of the contractor concerned. The final payment usually includes the contractors' profit on the over-all cost of labour and material involved in carrying out the work.

The Cost Inspection and Audit Division have offices located in all the provinces and is therefore prepared to handle, without undue delay, whatever audit work it may be necessary to perform on account of the various Government Departments.

It is suggested that just as soon as work is contemplated, cost-plus or otherwise, prior to entering into any negotiations, you first obtain an encumbrance certificate from this office certifying that the necessary funds are available.

Acting Chief Treasury Officer.

I wish to acknowledge your letter of August 5th, 1947
file 36-1-5 (W.T.) regarding contract for Mississauga Indian
Day School.

I have discussed the contents of your letter with
Mr. George Hannah and he states that he expects a certain
amount of travelling will have to be done to obtain materials
which are in short supply. He would have to make at least
one trip from Sault Ste. Marie to Sudbury to contact different
supply houses and would have to transport men and equipment
from Sault Ste. Marie to the Mississauga Reserve.

He expects to be re-imbursed for these expenses and
states that \$250.00 would be more than ample to cover same.

He does not expect his name to be on the payroll,
but that the fixed fee of \$1,000.00 will be his clear profit.
If the above meets with your approval he is ready to go ahead
with this work under the other conditions outlined in your
letter.

Kindly advise me regarding this matter at your
convenience.

TO HIS EXCELLENCY

THE GOVERNOR GENERAL IN COUNCIL:

The undersigned has the honour to report:

THAT it is immediately necessary, and funds are provided in the 1947-48 estimates, Indian Affairs Branch, Mines and Resources, to construct a one-room Indian day school and teacher's residence at Mississauga, in the Sault Ste. Marie Indian Agency, Province of Ontario;

THAT it is essential that educational facilities be provided for the Indian children on the Mississauga Reserve;

THAT Section 36 of the Public Works Act, Chapter 166, R.S.C. 1927, provides, in part, as follows:-

"Whenever any works are to be executed under the direction of any Department of the Government the Minister having charge of such Department shall invite tenders by public advertisement for the execution of such works except in cases (a) of pressing emergency in which delay would be injurious to the public interest.....";

THAT efforts have been made to interest builders and contractors in the vicinity of Mississauga but the builders and contractors have advised that they would not be interested in tenders if invited as aforesaid, as they have all the work they can do in their own localities;

THAT competent building contractor, namely George V. Hannah, Sault Ste. Marie, who, our officials state, is a very reliable man, has agreed to undertake the construction of the said building immediately, on the basis of cost plus a fixed fee of one thousand dollars (\$1,000.);

THAT it is considered that the construction of this building is a pressing emergency and within the exception provided in Section 36 above recited, and further, it is considered that the work can be more expeditiously and economically executed as suggested herein.

Edwin Council passed 12 September 1947

- 2 -

The undersigned, therefore, recommends that authority be granted for the construction of this building as outlined above, this being the only arrangement possible at the present time and it being essential that this work be undertaken at once and carried to completion in order that the building will be available in the near future.

Respectfully submitted,

Acting Minister of Mines and Resources.

DEPUTY MINISTER.

Re: Mississauga Indian Day School
Sault Ste. Marie Indian Agency
Electoral District of Algoma East.

Funds are provided in the Current Years' Appropriation for the erection of a new school on the Mississauga Reserve. Mr. Doucet of this Branch and Mr. Rankin of the Surveys and Engineering Branch visited the Reserve early this summer and selected a site. At the same time they met Indian Agent Laurence and interviewed several contractors with a view to having them tender on the erection of the building.

We recently received a letter from Indian Agent Laurence enclosing an offer from George V. Hannah, General Contractor, Sault Ste. Marie, Ontario, to erect the building on the basis of cost plus a fixed fee of \$1,000.00.

We are anxious to have this school erected as soon as possible and I enclose a Memorandum to Council, which I hope will meet with your approval.

With reference to the building of the new school on the Mississauga Indian Reserve, I have to advise that there is a transmission line about $1\frac{1}{2}$ miles from the school. It would cost approximately \$1500.00 to build a line from the present power line to the school.

Kindly advise me if the Indian Affairs Branch would consider building a power line to this school so that it could be supplied with electric light.

If this line could be built it would also help to improve conditions on this reserve.

there is no mention of water supply.

Kindly advise me if it will be in order
to drive a point through the basement, before the floor is
put in, to see if water can be obtained, for use in the

Dear Sir:

We would like to draw your attention to the plans and specifications for the above project.

The specifications as outlined by the Department call for a "Heavy Duty All Cast 109,000 B.T.U. per hour at Register" Furnace.

Attached are wires advising the inability of either of our manufacturers to supply the specified Furnace.

We are in a position to supply a Steel King Furnace No. U1-54-32 with a gravity rating at the registers of 128,000 B.T.U. per hour.

Would you kindly advise as to whether or not the Imperial Iron Corporation's Steel King Furnace would meet with the Department's approval.

Yours very truly,

Mr. R.P.G. Laurence, Superintendent,
Indian Agency, Sault Ste. Marie, Ont.

We have your letter of the 14th instant,
file 5-39, advising that the new Mississauga day
school will be completed about January 24th.

I expect to visit this school in the very
near future and consequently it should not be
opened until I arrive.

We are not prepared to furnish the living
quarters at the present time. As you have been ad-
vised previously, we do not wish the living quarters
used at this time.

With reference to the school desks, please
let me know how many desks are at present available
and you should also state the number of additional
desks that you consider are required. Desks can be
obtained in three sizes, large, medium and small and
the number in each size should be stated.

I have visited this school at various times during the construction of same, and consider that satisfactory work has been done.

Mr. Hannah, the contractor, expects to complete the school by January 31st. 1948, with perhaps the exception of some of the finishing coat of paint on the outside of the building. If the weather stays cold, this work may have to wait until it gets milder.

1. Cross Lake Indian Day School:

It is estimated that this school will cost approximately \$10,000.00 when completed. All labour, with one exception, has been Indian.

2. Mississauga Indian Day School:

This school will cost approximately \$13,500.00 on a cost plus 10% basis, employing some Indian labour. It has a full basement which is so designed as to provide an extra classroom, if and when required. This means that we are actually building a potential two room school. The attached pictures were taken on my recent inspection of this school.

Re: Construction of Indian Day School and Teacher's
Residence, Mississauga, Algoma District, Ontario.
George V. Hannah, Sault Ste. Marie - Contractor

Herewith, final claim of the contractor, in
duplicate, on account of the above.

A detailed post audit made by the Cost Inspection
and Audit Division indicates that the total cost of the project,
including the contractor's fee, amounts to \$16,135.47.

As already intimated, application will have to be
made to Treasury Board for the transfer of \$1,135.47 from some
other project in that \$15,000.00 only has been authorized to
date. Financial encumbrances have been issued for \$14,069.32
and a further amount of \$2,066.15 should be encumbered.

Once action has been taken to provide the necessary
funds, will you kindly approve the claim and return to me by
hand for payment from 1947-48 appropriation.

To facilitate easy handling of the claim, I have
retained a large number of detailed supporting vouchers, such
if required at some future date will of course be available.

COVERING PROGRESS CLAIMS

- Nos. 1 - 5 FINAL

DATE OF THIS REPORT

- April 17, 1948.

TREASURY COST AUDITOR

- K. M. Burrows

The contractor has submitted his claims, Nos. 1, 2, 3, 4 and 5 (Final) for this project, showing an expenditure including fee of \$16,135.47.

AUTHORIZATION

Agreement dated September 29, 1947, between The Minister of Mines and Resources and George V. Hannah authorized the construction of a one room school and teacher's residence on the Mississauga Indian Reserve, at cost of the work plus a fee of \$1,000.00.

It is noted that in a letter from our Department dated Ottawa September 23, 1947 the estimated cost is quoted as being \$8,000.00.

SUPERVISION

The work was supervised by Mr. R.P.G. Laurence, Indian Agent, Sault Ste. Marie, Ontario. Mr. Laurence had authority to approve all charges (see letter dated Ottawa September 23, 1947) and has signed all vouchers, payrolls and Form 1064, indicating his approval.

Total Cost	\$16,135.47

PROGRESS CLAIMS

Recovery of expenditures on claims 1 - 4 was received by means of interim progress certificates.

WAGES

Wage rates were approved by the Indian Agent. Daily labour reports were test-checked to payrolls about 95% and the compilation of the payrolls test-checked approximately 95%.

WORKMEN'S COMPENSATION INSURANCE

Workmen's Compensation Insurance was charged at the rate of 3%. This has been established as the actual rate for 1947. The provisional rate for 1948 was reduced to 2.75%, and attached to claim 5 is a credit of \$5.30 to cover this reduction. This credit did not cover insurance paid on Vacation Pay, but as this only amounted to .06 no correction was made.

WORKMEN'S COMPENSATION INSURANCE (CONT'D.)

Credit is also attached amounting to \$11.61 covering rebate of insurance on excess wages.

Attached to this final report is a letter from the Workmen's Compensation Board stating the contractor is in good standing.

P.L. & P.D. INSURANCE

This charge is in accordance with the contract.

MATERIALS AND EXPENSES

The contractor made some doors, sash and cupboards in his shop. I have verified the cost by examination of the work sheets.

Receiving reports covering receipt of material at the project were not kept by the contractor. We have therefore been unable to verify the quantities of material.

Computations, extensions and additions of vouchers were test-checked approximately 95%.

ROOM RENT

Room rent of \$378.00 and board of \$351.24 were paid by the contractor for room and board for his employees. These charges were approved by the Indian Agent.

SUBCONTRACTS

Subcontracts (2) consist of plumbing and installation of a furnace. These charges are approved by the Indian Agent. Attached to the final claim is a statutory declaration from the subcontractor who installed the furnace. We did not require statutory declaration from the plumber as more than 30 days have elapsed since he submitted his final claim.

CARTAGE

Most of the materials had to be trucked from Sault Ste. Marie to the site and the Indian Agent approved a rate of \$15.00 a trip. This charge amounts to \$675.00.

CONTRACTOR'S FEE

The fee claimed of \$1,000.00 is in accordance with the contract.

INVENTORIES

The Indian Agent states that no inventories remain. Extra material was returned and credited in progress claims.

LIQUIDATIONS

Wages and suppliers' invoices were paid by cheque. Paid cheques returned from the bank were examined, and I have ascertained that all charges have been paid with the exception of one outstanding cheque:

Albert Solomon Claim #5 Invoice Dec. 10, 1947 \$6.45.

CERTIFICATE

I hereby certify that I have made an examination of the accounts and records of George V. Hannah insofar as they pertain to this contract, and I have received the information requested, and that subject to the comments of this report, the total cost of the work as shown by the above accounts and records, is \$16,135.47 including payment to the contractor of \$675.00 for cartage and his fee of \$1,000.00.

His Excellency

The Governor General in Council.

The undersigned begs to report that a resolution was passed in July last by the Mississagi River Band of Indians in favour of charging to their capital the cost of an addition which was found advisable to make to the school-house on their reserve, in the District of Algoma.

The total cost of the work amounts to \$316.53, and as the said work is in the nature of a permanent improvement and properly represents capital, the undersigned would recommend that, under the provisions of Section 90 of the Indian Act, authority be given for the expenditure thereon of the above mentioned sum from the capital at the credit of the Mississagi River Band, which amounts to \$7,504.29.

Certified copy of a Report of the Committee of the Privy Council, approved by His Excellency the Governor General on the 21st. November, 1908.

On a Memorandum dated 13th November, 1908, from the Superintendent General of Indian Affairs, stating that a resolution was passed in July, 1908, by the Mississagi River Band of Indians in favour of charging to their capital the cost of an addition which was found advisable to make to the school-house on their reserve, in the District of Algoma.

That the total cost of the work amounts to \$216.53.
said

The Minister recommends, - as the work is in the nature of a permanent improvement and properly represents capital, - that, under the provisions of Section 90 of the Indian Act, authority be given for the expenditure thereon of the above mentioned sum from the capital at the credit of the Mississagi River Band, which amounts to \$7,504.29.

The Committee submit the same for approval.

Clerk of the Privy Council.

Dear Sir:

Enclosed find Requisition from Miss MacNulty of the Mississauga Reserve School requesting permission to secure linoleum to the amount of \$25.00 for the living room in her quarters. Twelve yards would be the amount of linoleum required and the approximate cost would be \$25.00.

This linoleum is needed as the present one is worn through in different places and, I understand, was bought in 1925. Authority to purchase the above amount of linoleum was granted in your letter 36-1-5, dated October 30, 1939, but for some reason or other Miss MacNulty was unable at that time to obtain the type of linoleum required.

Yours very truly,

Dear Sir:

The wallpaper in the kitchen and living room of the Mississauga River Reserve Indian Day School is in very poor condition, torn in places, also stained and dirty, and makes the living quarters look very drab.

Mrs. Moran, the new teacher, would like very much to have these rooms re-papered. The approximate cost for material and labour to do so would be \$20.00.

I would recommend that, if possible, this expenditure be allowed to help make the general surroundings reasonably attractive.

I have your letter of the 11th instant, with reference to a new cook stove for the Mississauga School. Please let me know the exact type of stove required, also the name and address of the firm from whom you have apparently received a quotation of \$75. As you know, purchases over \$50 have to be submitted to the Purchasing Branch and when the information supplied us is indefinite it involves writing another letter. Agents could save themselves and this office considerable work if all information regarding purchases were forwarded in the first communication.

Sir,—

466987

Apr 14 1915

L. Yelland, Manager of The Hudsons Bay Co. Motel has written me regarding opening a school there. He says that there are seventeen Indian children of school age and he has three of his own that he would like to send.

A new building would not be necessary as I understand that there is a house that could be used after making a few alterations.

Motel is about thirty miles east of the Pic River Reserve.

Regarding Indian Education I think that a farm should be connected with the school on every Reserve. It is apparently impossible to teach the old people to farm but should be easy to teach the young.

The teachers at St. Joseph's Boarding School tell me that most of their pupils forget what was learned at school just as soon as they get back on the Reserves. I know that the boys and girls on the Fort William Res. are growing up without any ambition except perhaps to do as their parents do.

Dear Sir -

I have your letter of the 14th instant, with reference to the establishment of a school for the Indians at Montizambert. I wish, however, to have further details and I would ask you to be good enough to ascertain the number of families; the names of the parents; the band to which they belong; and the number of children of school age in each of these families, with their ages.

I note that you have not made any recommendation with regard to this application from Mr. Yelland, Manager of the Hudson's Bay Company, and when supplying this further information, I should be glad to have your opinion.

With regard to the farming operations, I may say that the Department is appointing a field Agent who will visit you sometime in the near future to discuss the matter with you.

Re #466,987

Your letter of April 26th last was duly received and I have delayed answering until to-day as I wanted to be sure to get all the information. Enclose herewith a letter from L. Y. Clland, Manager of the Hudson Bay Co. which gives full particulars.

It would cost about \$150.00 to equip this school complete. Second hand desks could be bought.

I did not recommend this school in my former letter as I was undecided whether it would be advisable to establish schools off the Reserves, or spend all the money on the Reserves and have first class schools there and make agriculture the principal subject in these schools.

I believe that money spent in a farm on each Reserve would be a good investment, provided of course that a practical farmer was in charge. The children could then put in certain hours of their school time learning the practical side of farming. As it is now when they leave school they have nothing to do and soon become as sh...

names I sent you are Indians that live here at

regard their livelihood. I might say that they trap

by this the Dept. will give us the school we

Sir,-

I have to acknowledge the receipt of your letter of the 26th ultimo reporting that you have engaged Miss Inez Mercier on the nomination of the Rev. Father Belanger to take charge of the new school at Mobert.

In reply I beg to say that the Department would like to know why Miss Mercier was engaged when on the 19th ultimo you were informed that it had decided to accept Mrs. Xavier McLaren, who applied through Father Belanger for the position, as teacher of this school and you were requested to see that she opened it on the 1st instant. There is nothing to file to show that Mrs. McLaren had declined to take charge of this school and in any event Miss Mercier should not have been appointed without consulting the Department. We have had experience with Miss Mercier and when she resigned her position as teacher of the Garden Village School on the 30th of June, last, it was decided not to reengage her and she was told that the Department had no vacancy to which she could be appointed. The Department arrived at this decision on the report of the Separate School Inspector.

I may also inform you that, while the Department is at all times willing to receive recommendations of teachers from

from the clergy and give them due consideration, it does not concede to them the right to nominate or appoint teachers without its consent.

Sir,-

I have your letter of the 3rd inst file # 466987.

I am very sorry to hear of the objection to the appointment of Miss Mercier to the Molbert School.

I merely mentioned Mrs McLaren's name in connection with this appointment as I knew that she had applied to Father Belanger. I personally did not think that she would have been suitable for the position as she has three small children. She would have also asked to be provided with a house.

Father Belanger assured me that Miss Mercier had taught for three years at Wikevmitkong and was fully qualified to teach at Molbert. I would not have given my consent to the appointment had the time not been so limited.

I will be guided by this case and will secure your consent to future appointments by wire if necessary.

Miss Mercier has been at Molbert since Aug 30th.

The teacher advises me that she will have to live in the school, as Mr Yelland, manager of the Hudson's Bay Post has refused her the use of his cook store as the teacher had sent to Eatons for some groceries. At present the teacher is much discouraged as she will have to live with Indians until a living room is furnished at the school.*

It will be necessary to buy a cook store, cooking utensils, bed and bedding as well as spend a small sum, about \$30.00 or less, on repairs to the building.

Please give me authority to buy these supplies and arrange for the repair work.

It is also advisable to supply sewing material for this school. Cost of this would not be over \$6.00.

Father Bellanger wrote me that the Department always provided living rooms at the schools and as there are no such rooms provided at the Molert School I thought the Department should pay for the room.

I might point out that where the teachers live in the schools the fuel accounts are \$75⁰⁰ and over more per year than in a school like Mission Bay where the teacher boards out

Dear Sir.

Miss Mercier will not be able to pass the winter as the Department is not disposed to give any accommodation. I would not like to see that school closed. So this is the only way to have it opened. There is a young lady who has been operator on the C.P.R. for nearly two years, so she knows English very well. She would take this school and would stay at her brother in law's house who is operator there at King. This young lady has no diploma, but I am sure that she would do better than Miss Mercier, who seems to have so much the place displeases her -

Miss Angria Hamel is the name of this young lady. She has been in the convent for years - She certainly do well as all the pupils are beginners -

Will you please propose that to the Dept. so that I give Miss Mercier her liberty -

I don't think I will be able to go to Port Arthur before next week.

If you have acted on the authority given you in the letter of the 21st instant above referred to and appointed Miss Hamel the Department could not very well appoint Mrs. McLaren to take charge of this school without compensating Miss Hamel and it cannot pay two teachers for the one school. The bed I have belongs to Mr. Gelland and he claims he wants his bed. and I have no place to go. as the other white people who live here have only accommodation for themselves. If nothing is done why I will have to resign as I do not want to go to the expense of buying bed & etc. because as I understand from Father Belanger he may give me only 30 days notice any day. At least he has told me so twice since I am here and speaks of having a girl to replace me who has neither experience or qualifications. I think he spoke of this matter to Mr. G. also. Well now it was I assure you a hard task to open this school. owing to the fact the pupils were not into the ways of going to school and again they

I consider it is a great injustice towards me on the part of Father Belanger. as the matter he refers to is altogether out side of school matters as he objects to me keeping company with a certain non Catholic party in White River and at the same time he dont know them simply because they are Protestants.

So far as school matters are concerned I am willing to do all I can to have the pupils make progress and to help them along any way I can.

I can furnish recommendation from the school board in the different schools I have taught.

Dear Mr. Brown:

Some time ago I wrote to Father Belanger to the effect that if the school was not furnished for me that I should have to resign and since that time I have changed my mind and intend going back to live at the store as I have made arrangements there for board & room. Now since I have secured suitable accomodation I would like to remain teaching here as school matters are going nicely.

However yesterday to my surprise I got a letter from Father in which he states that "he will try to have another teacher to replace me on Nov 1st and therefore give me my freedom." He has told me several times since I am here that he was going to discharge me if I did not stop keeping company with a Protestant fellow. Well if I am discharged from this school on this account I shall take the matter to higher authority. The party he refers to is a respectable young man.

As the Dept doesn't want to do any improvement, and you can't stay at the school in what I understand very well. I have them with regret indeed to give you your freedom. If I had known such a thing I would have never dared to ask for a teacher, but the mistake is made, so must we take it.

whilst she is at school, and by what my children tell me, she does all she can, to teach the children, and make the school at Nipigon a success, and has also improved them immensely in cleanliness, as you know yourself. Mr Brown, they needed badly, in respect to the Protestant he speaks off, what I have seen of this fellow, and was also acquainted with him whilst I was at Nipigon. I think myself he has no cause to send such a disgraceful letter to a girl like the copy enclosed, and a man in the position he claims to be, ought to be ashamed of himself. He has also passed the remark, that if a Protestant teacher, came here, he would advise the Ind children not to go to school, now what do you think Mr Brown, of a narrow minded man like that. I worked hard myself to get this school here, also getting permission from the Bishop of Algoma, for the use of the building, he gave me permission to use same, but mentioned he would prefer having a Protestant teacher, but speaking personally, I did not mind whether the teacher was Catholic or Protestant, as I said to LeBelongue that a day school was for children to learn to read and write etc. not to discuss religion. The Indians are keeping their children away, saying they are not learning anything and speaking on my own behalf. for the last two months I might as well have kept my children home. for what they have learnt. instead of looking after the children, she spends nearly all the morning writing letters, and also get her fellow here. two or three times a week staying with her alone at the school, until 3. 4. 5 P.M. in the morning, which certainly makes her unfit for duty the following day. letting the children out of school. just when the teacher, but never keeping them in after four. shall be pleased, if we could get a change here at once. In reply to your letter of the 7th ultimo 466987/1 I would say that after taking everything into consideration I think that it would be to the best interests of the school if Miss Mercier would be removed. I wrote her last week and advised her to resign ^{and leave at end of February} and she is satisfied to do this but would like to stay until March 31st. Rev Chas Belanger S.J. visited the school on January 9th and gave her thirty days notice to vacate but she does not recognize his authority to discharge her.

The principal complaint against Miss Mercier is that she sometimes keeps late hours and is therefore too tired to give proper attention to her pupils. When the priest says a visit the children stay away from school but when he goes away they attend again.

Kindly advise if the Dept is satisfied to have her resign and leave at end of March or before. The priest would like to have her sent away at once.

My testimonials are, one from Mr

My certificate for Ontario is a

Hoping to hear that my application

Sir,-

I beg to enclose an application from Mrs. E. McGillis for the Moberg School. Mrs. McGillis is recommended by Rev. Chas. Belanger S.J. Miss Mercier will leave the school at end of the month. I understand that Rev. Belanger forbade any Indian children to attend school until a new teacher is appointed.

Miss Mercier will vacate on Feb 29th - and Mrs McGillis is prepared to commence on March 1st.

Miss Mercier writes me that she will have the school thoroughly cleaned and everything in order for the new teacher.

Mrs McGillis is a married woman of about fifty years of age, so there is not much chance of her falling in love with any one around Moberg.

The Moberg Indians are away to the bush and will not be back until Christmas so I do not think it would be advisable to open the school until January next.

I have heard nothing from Father Belanger re his recommendation of teacher for the Pic River school. If I do not hear from him by Tuesday I will wire you to have Miss Duffey come to Heron Bay if this meets with your approval.

To the Secretary,

Sir:-

The Indians in the district of Heron Bay and of Mobert are very anxious to have educational facilities for their children, and are willing to do all in their power to help in establishing teachers.

At Mobert, there are 18 or 19 children of an age to attend school. There is land owned by the Indians which would be suitable for a School building, but until such time as they can build, one of their homes would be available. They are willing to pay half the Teacher's salary.

In the case of Heron Bay, the School-house has been closed for some years, and it is estimated that the cost of renovating this would be about \$100.00.

Will you kindly let me know if anything can be done in this matter.

Sir:

I have to acknowledge receipt of your letter of the 8th instant, informing the Department that the Indians at Heron Bay (Pic River) and Moberg are desirous of having the day schools at both these points re-opened, in order that educational facilities may be provided for their children.

In reply I beg to say that when these schools were in operation in the past the work accomplished was, owing to the poor attendance, very unsatisfactory. We note that there is no school building at Moberg, and the conducting of school in an Indian residence would be unsatisfactory. We are not prepared at the present time to authorize the re-opening of these two schools.

MEMORANDUM:

Mr. Burk, Indian Agent, Port Arthur, has discussed the day school situation at Pic, Sand Point, Moberg and Gull Bay. At one time or another schools were in operation at all four of these Reserves. Mr. Burk is of the opinion that there will be an agitation for the reopening of these schools. He considers it advisable to experiment with one Reserve, and suggests Pic as the most promising. A summer school might be granted here, as there is an old schoolhouse. Desks would be required and, if the work was continued during the winter months, arrangements would have to be made to put the building in good shape.

I have not suggested to Mr. Burk that he advocate commencing a school at Pic, but if the demand is strong enough we might favourably consider the matter.

Sir:

I beg to report the Indians at the Moberg Reserve have requested both Mr. Paget and myself to open a school on their Reserve. The Hudson's Bay Factor advised me that the Indians leave their families on the Reserve during the winter months, and will continue to do so as the hunt is rapidly decreasing.

I recently received a petition from the Indians of this Band urging me to open a temporary school on this Reserve. There are at least 30 children of school age at Moberg, who are receiving no education. A suitable building could be obtained for a temporary school on this Reserve.

I would recommend that school provision be made for these children as soon as possible.

The approximately cost to outfit a temporary school would be \$300.00.

An early reply will be appreciated.

Sir,-

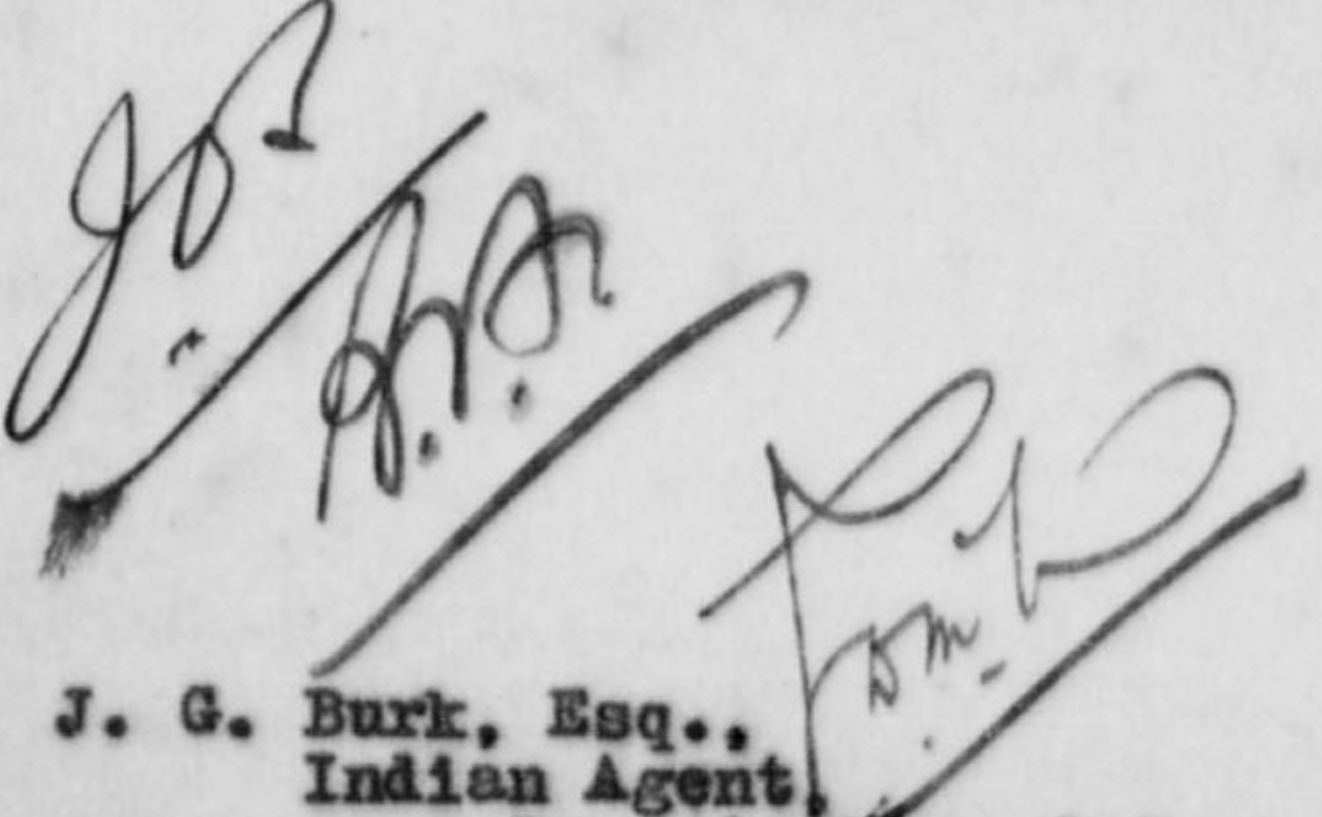

I have your letter of the 30th ultimo, enclosing an application from Mrs. Eva M. McDonnell for the position as teacher of the school which it is proposed to reopen on the Mobert Reserve. The qualifications which she possesses have been noted.

From the manner in which the application is signed, it is noted that she is a married woman although, in your letter, you refer to her as Miss McDonnell. Sir:

Referring to your letter of January 11th, 1930, 9-14-1, dealing with the salary of Mr. G. Vesey, teacher of the Moberg Indian Day School, which was temporary open on November 4th, last, I wish to advise I have today received a letter from Mr. Vesey advising he was under the impression the salary would be \$90.00 per teaching month, and advised I had informed him of this amount in this office.

When communicating with the Department regarding this salary I was under the impression \$85.00 per teaching month was first recommended by myself when speaking to Mr. Vesey. Mr. Vesey apparently is extremely disappointed and requested me to write to the Department to ascertain if it would be possible to pay him \$90.00 per teaching month from the 4th of November last.

As Mr. Vesey holds a second class certain, and as I experienced great difficulty in obtaining a teacher for this school, would it not be possible to adhere to his request?

This will make his salary from that date at the rate of \$90 per teaching month, and you will be good enough to advise him accordingly. The Inspector states, further, that Mr. Vesey will never make a successful teacher in an Indian school and he suggests that a properly qualified and experienced teacher be secured.

I should be pleased to have your views at an early date, regarding the suggestion of the Inspector, that the services of another teacher be engaged. I beg to acknowledge receipt of your letter of the 12th inst., 9-14-1, relative to report received by the Department from the Inspector of Catholic Schools in this Agency. I note the Inspector states the teacher, Mr. G. W. Vesey, will never make a successful teacher in Indian schools and suggests that a proper qualified and experienced teacher be secured. In reply I would say several applications were received for this school and when advised of the location the applicants, with the exception of Mr. Vesey, did not wish to teach in such an isolated location. Consequently Mr. Vesey was engaged.

The writer was aware of the fact that Mr. Vesey was not as successful as other teachers in this Agency, but as I was unable to fill his place his services have been retained.

As it is extremely difficult to secure qualified teachers for isolated schools in this Agency I would suggest that the matter be left in abeyance until I ascertain if it will be possible to secure another teacher for the Moberg School.

Madam:

Pursuant to our conversation yesterday, I have to confirm your appointment as teacher of the Mobert Indian Day School - salary to be at the rate of \$85 per teaching month. This school is not far from White River, on the main line of the C. P. R. At the present time, there are rented buildings being used for classroom and for teacher's residence, but there is in course of erection a building with both functions combined. The teacher's residence will be furnished and heated. At a later date, I shall write, letting you know when to report for duty.

The Indian agent for this locality is Mr. J. G. Burk, Port Arthur, and you should look to him for advice and instructions in connection with your duties. All reports and returns are forwarded to his office.

I may say that Mobert is approximately 1½ miles from the station at King, where there is an operator. The Imperial Limited stops on demand. At Mobert, which is an Indian village, there is a Catholic church and a Hudson Bay store. The Hudson Bay manager and his wife will be the only white residents, as the priest comes only at intervals. I think it would be a good plan for you to take with you a little sister for company. There will be plenty of room in the teacher's quarters and she could attend class at your school.

Sir:

Confirming your wire of the 19th inst., regarding the reopening of the Mobert Indian Day School for the fall term, I beg to advise the Mobert and Pic Schools were both kept open until the end of July, as the Indians on these Reserves derive their living from hunting in the winter and berry picking in the summertime. Consequently the school will not be reopened until the 1st of October.

I note Miss Ethel St. Louis has been appointed as teacher for this school.

With reference to the Mobert Indian Day School, I beg to report a new combined school and residence is now under construction and should be completed by the latter end of October. The school is situated on a small hill overlooking the lake, and is approximately half a mile from the C. P. R. station at King.

The Hudson's Bay Company have a post which is situated 500 feet from the school, and three white families are living within a few hundred feet of the Reserve. Consequently it is presumed the teacher will not be lonely.

Would you kindly advise if you wish me to communicate with Miss St. Louis?

Owing to local conditions, it has been customary in the past to take the annual summer holidays during August and September. A new combined school and teacher's residence is now under construction and will be completed by the latter end of October, but the Department desires the school opened on the first of October and classes conducted in the old building until the new one is ready for occupation.

EXTRACT from Report of Mr. Inspector Greening, dated May 1st, 1931, on his inspection of the MOBERT INDIAN DAY SCHOOL.

This young lady has lived up to my expectations. Her energy and enthusiasm are as great as ever. I arrived at Mobert quite unexpectedly, and the teacher had not the slightest idea that I was on my way. I was very much struck with the tidy and tasteful appearance of the teacher, which, in itself alone, I should say, should have its effect upon her charges.

I happened to meet the Anglican Missionary who has charge of this district (Major Armour is his name, I think). Some few days ago I met him again at Port Arthur. He spoke most enthusiastically of Miss St. Louis, and strongly urged me to ask the Department to keep her at Mobert as long as possible.

Mohbert ranks well in the forefront of those Indian Day Schools visited by me and staffed by lay teachers.

Dear Mr. Burk, -

For some time, I have not been feeling well, and wrote to Port Arthur for medical advice, and was told to take a week or two's change in the hospital. At the time, I thought I would be able to stick it till the holidays, but I can't - and wish to inform you and want to you to inform Ottawa that I'm taking a week or more "sick leave." I will finish my month and go up to St. Joseph's the end of this week, likely. I will let you know the exact date later.

In the meantime, Mr. Burk, I would like you to please write Ottawa and tell them to send me my cheque for January and February - send it to you, rather - I'll need it, if I go to the

Dear Sir:

I am enclosing herewith letter from Miss St. Louis, which is self-explanatory. As you will note Miss St. Louis is not feeling very well and desires to close school for a medical examination. Dr. Gillie advised me that Miss St. Louis is trouble with high blood pressure. Unfortunately at her age it invariably is fatal. I do hope it will not prove so in this case.

The teacher has also requested me to ascertain if it would be possible to send her a month's salary.

I have also received similar requests from Miss Hamer, Sand Point School, via MacDiarmid, Ontario, and Miss McGuire, Whitesand School, via Armstrong, Ontario. Miss St. Louis' cheque could be sent in care of this office and I will be pleased to forward it to Moberg. The three teachers are assisting their parents and relatives who are out of work and consequently their funds have become exhausted.

I trust this letter finds you in the very best of health.

Your letter of the 3rd to hand,
No. 9-14-1, Miss St. Louis spent a few days
at our house and is now visiting friends
near Chapleau on a small farm, where she will
be isolated from the Indians. I believe the
children have been getting on her nerves, and
10 days or 2 weeks on the farm will do her a

her blood pressure was away down, and with a
few days rest she would be back to normal.

I have forwarded her cheque today.
Many thanks.

In your 210-A of the 10th instant, you stated that you had been requested to fill any vacancies that occurred in the Indian schools in your agency by local teachers. Under these circumstances, the Department is not prepared to approve of the appointment of Miss Dupuis.

You should interview Mr. Inspector Greening and submit the name, age, qualifications, etc., of a teacher you would recommend. As this school will not reopen until October 1st, there is plenty of time to secure a suitable teacher.

Sir:

With reference to the appointing of a new teacher for the vacancy at the Mobert Indian Day School, I wish to draw the Department's attention to Miss V. Hamer, former teacher at the Sand Point Day School.

Unfortunately, as the Department has already been informed, Miss Hamer and the priest in this Agency do not agree; and consequently Miss Hamer could not be transferred to Mobert School. Under the circumstances would it be possible to transfer a teacher from some other Agency to Mobert, and have Miss Hamer take her place.

At a recent interview with Miss Hamer I have been informed her father is out of work, and consequently she desires to teach if she can possibly secure a position. Under the circumstances I would appreciate it very much if the Department could possibly see their way clear to employ Miss Hamer in another Agency and have a teacher transferred to Mobert.

MARCH, 1933.

Original on 9-14-7.

MOBERT INDIAN DAY SCHOOL:

With reference to management, I regret to inform you that the teacher has very little control over the children. I brought this to the teacher's attention on several occasions, and also lectured the children. I was under the impression that better control would be exercised. Unfortunately I recently received a letter from the Chief, advising that the children did not obey the teacher. It is my belief a change should be made at this school, as the teacher and pupils are making no headway.

I have to refer to your report for the month of March, last, on the services being performed by Miss Josephine D. Scott, teacher of the Moberg Indian Day School. In view of this report, it is considered that it would be advisable, in the interests of the work, that a change of teacher be made for the school year commencing September first, next. It is noted that Miss Scott has little control over the children and that the pupils are making little or no progress. I would request, therefore, that you inform her that her services will not be required after the end of ~~June~~, *July* next, when this school closes for the summer holidays.

In due course, you should endeavour to engage the services of a qualified teacher for this school, in time to begin duties on or about September first, next. Sir:

I beg to refer you to official letter of May 10th last, with reference to the services of Miss Josephine Scott, teacher of the Moberg Indian Day School. It is presumed that you have already informed Miss Scott that her services will not be required for the next academic year.

Mrs. S. A. Prudhomme has applied direct to the Department. We are aware that she is a qualified teacher, with considerable experience, and, no doubt, would be able to handle the Moberg School quite satisfactorily. Please let me know if you have received any other applications for this school.

I beg to enclose herewith letter from Inspector Greening which is self-explanatory. I may say Mr. Greening and myself have gone over the applications and both agreed that Miss Cazaly, who has had former experience in Indian Schools would be especially suited for the vacancy at Moberg.

I would be pleased if the Department would advise at their earliest convenience which application they wish to accept for the Moberg Indian Day School.

Dear Mr. Burk,

I have your letter of the 25th. August, and have considered Mrs. Prud'homme's application for the school at Mebert, together with the other applications you handed me this morning.

Mrs. Prud'homme, I imagine, should prove a good teacher for Mebert.

There is another young lady also whose case came to my attention recently, viz. Miss I.S. Cazaly. Miss Cazaly taught in an Indian Day School at Garden River for some time. I never inspected her school, but I have discussed her case with the local Inspector who did visit her. In fact, as there was thought to be a likely vacancy at one of the Indian Day Schools near Sault Ste. Marie, Mr. Sgent Sims, the Missionary and I unanimously agreed that Miss Cazaly was easily the best teacher in sight for the school. It turned out, however, that the school did not fall vacant, and I do not know if Miss Cazaly is at present employed.

Her address, in case you need it, is
c/o The Kanawaki Golf Club,

With kindest regards,
Yours very sincerely,

Memorandum:

MR. BUSKARD.

With reference to your memorandum of the first instant, regarding a teacher for the Robert Indian Day School, I enclose my memorandum of the 31st ultimo. Indian Agent Burk has advised the Department that Miss Scott was duly notified that her services would not be required at this school after the end of July, last.

In his letter Mr. Burk states that he has received an application from Miss I. S. Cazaly. Miss Cazaly has a second class certificate and taught in an Indian school at Garden River for a short time about two years ago.

Sir,-

The Department is in receipt of Inspector Greening's report regarding his inspection of the Moberg Indian Day School on the 22nd ultimo.

This report reads, in part, as follows:-

"The difficulty is that the Indians at Moberg have lost interest in the school. The Chief called to see me and told me that, in spite of his best endeavours, he was unable to get the children to school. Many of the families, he said, had moved from Moberg rather than send their children to school there. At my visit in May, there were only four children present, so that I was unable to form any estimate of the work that had been done during the year. At this visit, as will be seen in another part of this report, there were seven pupils present. The Chief says that it is the boys who show the greatest reluctance to going to school. I would imagine that the pupils at this school are not so well advanced as they were when Miss St. Louis left, this condition, no doubt, being the result of lack of interest and poor attendance. Unless the available children can be got to attend school, the work being done hardly warrants the expenditure being made."

"The Reserve Constable (Bonanish by name, I believe) has done very little to assist the teacher in securing attendance. Indeed, he is one of those who have left the reserve."

The Department would appreciate receiving from you a full report regarding the conditions at Moberg. You might let me know the approximate number of children of school age at that point and what steps you have taken to secure a more regular attendance.

Your obedient servant,

A. F. MacKenzie.
Secretary.

Sir:

I have your letter of the 3rd instant, relative to the salary of Mr. G. Vesey, teacher of the Moberg Indian Day School.

In reply I beg to say that, as there appears to have been a misapprehension on the part of Mr. Vesey as to the salary he was to receive, the Department will allow him an increase of \$5 per month in his present salary from the 1st of April, last, the beginning of the new fiscal year. This will make his salary from that date at the rate of \$90 per teaching month, and you will be good enough to advise him accordingly. As our books are closed for the last fiscal year, we regret that it will not be possible to grant him the increase at the above rate from the date he began duties at this school.

Dear Sir,
When you were down last, you
said you would write the Dept and ask
them to advance me my first month's
cheque. If you have not as yet done so,
would you kindly write them when you
get this?

Everything is going along fine and
all the Indians are the same. Thank you
for the milk which I received last week.

Yours truly,

Sir,

In reply to your letter # 466987 of June 28th last would say that I have looked over the building proposed for a school. House at Motert. This building would be suitable for school purposes with a small expenditure of about \$30⁰⁰.

L. Yelland is the only white man there who has children.

There are enough Indian children here to warrant opening of a school and I would recommend that one be opened.

Please advise quickly - as possible if a teacher may be engaged. Also may I have the building put in shape?

Sir,—

The present school building at Moberly is unsatisfactory for school purposes - and it would be better to buy a new building than to spend further money on the old.

There are several houses for sale there, any of which would be more suitable than the present building.

There would be necessary living quarters for the teacher in any of these buildings which are lacking in the present building.

Kindly advise if the Dept is prepared to build a building here so that I can submit figures of cost.

Dear Sir,

In reply to your letter of the 14th inst. which I just received, I must say as I did before,

that I do not acknowledge as being correct, in all its details Mr. Jelland's account.

The last school account which I signed included everything to the end of May, but one dozen pencils, one pair potatoes, 3 bars soap and one leaf blotting paper, which he should be ashamed to mention, his four children having been supplied with all books, copy books, scribbles and so forth.

But he knows he is dealing with ^{good} ~~bad~~ ^{ferme}, so he is taking advantage of it. Between the Indian Department and the Hudson Bay Company he will ^{have} an easy living.

Remain, Sir

Yours respectfully

210-D

Sir:

I have your letter 9-14-1, of the 23rd inst. relative to the opening of a temporary school for the benefit of 35 Indian children on the Moberg Reserve, and in reply beg to advise I have recently returned from the Reserve and find I will be able to rent a suitable building for classroom work.

Referring to the desks, I beg to report I have consulted a local lumber manufacturing company, who advised me they would be able to construct suitable benches and tables at a very reasonable figure. The cost of desks, tables, stoves, furniture, etc. will be approximately \$300.00.

With reference to obtaining the services of a teacher for this school, I wish to report I recently received a letter from a teacher living in the vicinity of the Reserve. I have communicated with the teacher advising her to send in her application immediately.

I trust this is satisfactory.

Your obedient servant,

Sir,-

I have your letter of the 27th ultimo, relative to the opening of a temporary school for the benefit of the Indian children on the Moberg Reserve. In this connection, it is noted that you will be able to rent a suitable building to carry on the classroom work. The Department will approve of your incurring an expenditure of, approximately, \$300., in the fitting up of the building you can obtain for classroom purposes. You should have the benches and tables built locally and you may purchase the stoves, furniture, etc., required, keeping all costs as low as possible. You should complete arrangements to secure the building referred to by you and have same fitted up as soon as possible in order that the school can be opened at an early date. Please forward accounts in duplicate, properly certified, covering all expenditures incurred which, it is hoped, you will be able to keep within the above-authorized amount.

You have not stated the rental that will be charged for the use of the building and I shall be pleased to have this information.

Memorandum:

MR. DORR.

There is available \$7,000 for the erection of a combined classroom and teacher's residence at the Moberg Indian Day School. I believe the same type of building as was lately erected at Sand Point, in Mr. Burk's agency, would be suitable. Dr. Scott has approved of this work proceeding this year. The classroom ~~shall~~ be a little larger than usual at this school as we have to put in 40 desks.

Sir:

I wish to refer to your 210-1D of the 29th ultimo and to inform you that funds are now available for the erection of a combined classroom and teacher's residence at the Moberg Indian Day School. The work may be proceeded with when timely. The Department relies on you to supervise the activity and to see that there is no unnecessary expenditure. It may be necessary to have as many as 40 desks in this school, so you will please see that the classroom is large enough to accommodate the children available.

With reference to the engagement of labour and the purchase of materials, I wish to refer you to official 9-10-5 of April 25th, 1929. The instructions in my former letter should guide you in this matter.

Sir:

I wish to report I have just received a letter from the Moberg Band, advising the lake water where they obtained their drinking water has recently been condemned.

I would suggest that an inexpensive pump be purchased which could be used for the school children and also the Band. This pump and attachments will cost approximately \$10.00 to \$15.00.

I have communicated with the Band advising them to dig a well immediately and reported I would communicate with the Department for the necessary authority to purchase a pump.

Dear Sir:

Replying to your letter of September 16th, we can supply you with a 22" School Bell at a price of \$32.50, f.o.b. Moberly, which we understand is the nearest Station to King at which freight is handled.

On looking up the Railway Guide we find there are two places in Ontario by the name of "King"--one not far from Toronto and the other in the Thunder Bay District. We are under the impression that it is this latter place to which you are referring.

The Bell on which we have quoted is made of the highest grade cast steel, possesses a sweet, rich, mellow tone and is of the greatest durability. The price includes mountings. A tolling hammer can be supplied if required, but it would be extra.

In closing we would like to mention that we carry a stock of these Bells, and should we be favored with your order immediate shipment could be made.

Yours very truly,

THE GEO. M. HENDRY CO., Limited.

Gentlemen:

I have your letter of the 18th instant, quoting the price at which you will supply a 22" school bell for delivery at King, Ont.

In reply I have to say that your quotation is accepted, and I have to request that you will arrange to ship, as soon as possible, addressed to J. G. Burk, Esq., Indian Agent, King, Ont., one school bell, 22" in diameter, with mountings, complete. This should be supplied at the price quoted by you, viz., \$32.50 F.O.B. King. We will not require a tolling hammer. This bell is for the use of the Moberg Indian Day School. I may say that we were requested to have this bell forwarded to King, Ont., which is the nearest station to the school. King is on the C.P.R., in the Thunder Bay district.

After shipment has been made, please forward your account, in triplicate, covering the cost of the bell to Mr. Burk, whose post office address is Port Arthur, Ont. He is being informed of the order placed with you, and requested, upon receipt of the bell, to certify the account and send it to the Department, when payment will be made.

Yours very truly,

F. H. Paget

Sir:

With reference to the construction of the combined teacher's residence and day school on the Moberg Indian Reserve, I beg to enclose herewith duplicate labour returns amounting to \$2334.00.

Unfortunately the foreman-contractor, Mr. McBride, was compelled to do considerable refilling during the construction of the basement as quicksand was encountered, which increased the cost of the Labour. The cost of gravel was also rather expensive as same had to be conveyed in bags from a small island half a mile from the school site.

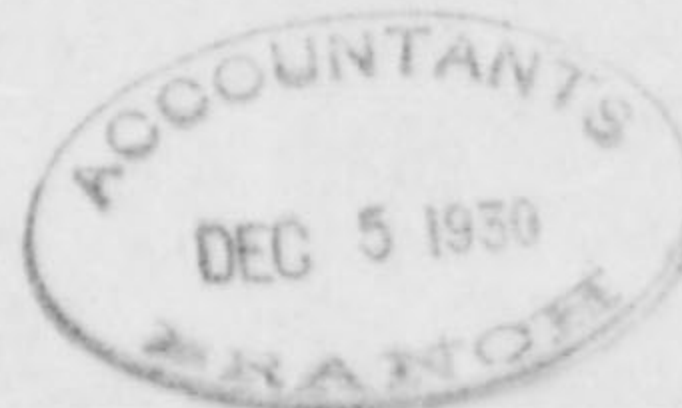

Your obedient servant,

Sir:

Confirming the following wire:

"The following wire received from  
"Hudson's Bay Company Mobert Day School damaged  
"by fire this morning Chief and men saved  
"buildings. Come on No. 4 with insurance  
"adjustor stop. Leaving immediately for Mobert  
"with carpenter detailed report following".

I beg to report I left on the first available  
train for Mobert to investigate this fire.

The fire apparently originated  
from an over-heated pipe. The pipe did not  
fit the pipe hole in the chimney snugly  
so the foreman was compelled to fill this  
space with concrete. A large piece of  
this cement had dried and fallen out leaving  
a small space where sparks might have  
penetrated. Unfortunately the teacher had  
neglected to turn the damper off in the  
pipe. The fire started at 4 a.m. during  
an exceptionally cold spell and high winds.

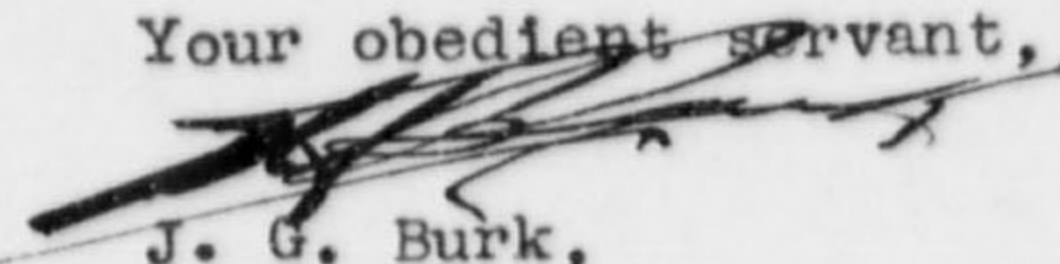

I found the teacher suffering  
from a nervous shock and extremely worried  
about her neglect. I did not reprimand her  
at the time, as she felt she should resign  
at once. I feel that this might have happened  
in any case, and as the inspector reports that  
she is doing good work would not recommend  
that she leave this school.

The approximate cost of the fire  
should not exceed \$150.00.

A circular letter has been mailed  
to all schools in this Agency urging that the  
greatest precautions be taken in case of fire.

I regret very much having to report  
this fire and trust there will be no other such  
instances.

Your obedient servant,

  
J. G. Burk,

Ottawa, December 15, 1930.

Sir:

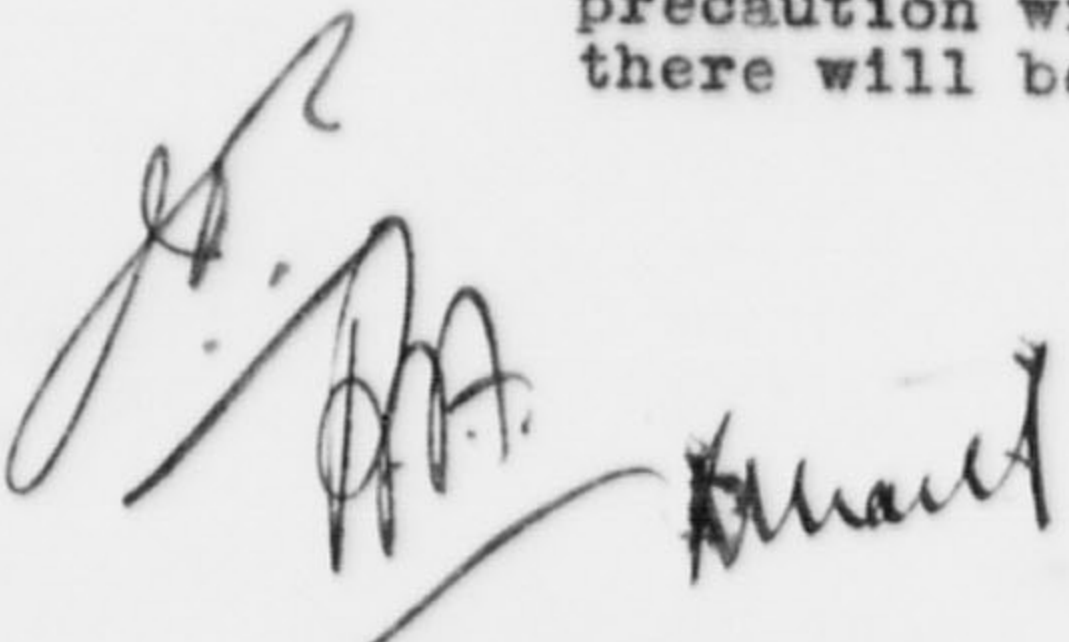

I have your letter of the 8th instant, furnishing a report on the fire that occurred at the Moberg Indian Day School on the 4th instant. It is noted that the fire was caused through an overheated pipe, and that the damage will not exceed approximately \$150.

You may take the necessary steps as soon as possible to have the repairs required carried out. You should see that the pipe is properly installed, and that every precaution is taken to see that fire does not recur from the same cause. The Department does not feel that any blame should be attributed to the teacher. Please keep any costs in carrying out the repairs as low as possible, and, when completed, you should forward accounts, in duplicate, in the usual manner covering the expenditure incurred.

The action taken by you in circularizing the schools is approved, and it is hoped that every precaution will be taken by the teachers and that there will be no other such instances.

Your obedient servant,

A. F. MacKenzie,  
Secretary.

Sir:

On my recent visit to the Moberg Day School, I found the following equipment should be purchased for the school:

- 1 frying pan,
- 1 Broom,
- 4 Inexpensive Curtain rods/ to replace old rods which collapsed,
- 1 Swede Saw,
- 1 doz. Cups,
- 1 " Bowls,
- 1 " Dessert Spoons,
- 1 Egg Beater.

Miss St. Louis informed me she does not keep the furnace on after 7 in the evening, as she is afraid of fire. She informed me if an inexpensive stove was purchased for the kitchen it would give sufficient heat to heat her residence, and she would also be able to prepare noonday lunches for the school children.

The oil stove is very economical to operate for one person, but if Miss St. Louis allows the furnace to go out directly after school is over, and only operates a kitchen stove for cooking and heating her residence it would be much cheaper to purchase a stove.

A very inexpensive stove could be purchased from Eatons, which is a combination heater and cooker, for approximately \$23.00.

I would suggest that this stove be purchased for the Moberg School, as it will actually pay for itself in a short time.

Your obedient servant,

J. G. Burk,  
Indian Agent.

The Secretary,  
Dept. of Indian Affairs,

Ottawa, December 24, 1931.

Sir:

I have your letter of the 21st instant, requesting that certain supplies and a stove be furnished for the use of the Moberg Indian Day School.

In reply I have to say that you may arrange for the purchase and delivery of the following:

|                            |                    |
|----------------------------|--------------------|
| 1 frying pan               | 1 Doz. cups        |
| 1 broom                    | 1 " bowls          |
| 4 inexpensive curtain rods | 1 " dessert spoons |
| 1 Swede saw                | 1 egg beater.      |

You may also arrange for the purchase of a stove of an inexpensive type, on which to prepare the noonday lunches for the school children. You should see that the stove is of a suitable type, and the cost should not exceed your estimate of approximately \$23. If any stove pipe is required, you may also arrange for the purchase of same.

Please give the matter of the above purchases your early attention and arrange to have the stove properly set up in the kitchen.

After these purchases have been made, you should forward itemized accounts, in duplicate, properly certified, covering the expenditure incurred.

Your obedient servant,

T. R. L. MacInnes,  
Acting Secretary.

Sir:

I beg to draw the Department's attention to requests from school teachers, which are received at this office from time to time for various inexpensive articles, such as, broom, saw blade, panes of glass, wicks for oil stoves, mantles for gasoline lamps, and various other small articles which as a rule, are urgently required at the time.

In the past I have been in the habit of purchasing various small inexpensive articles which were urgently required at the time and rendered accounts at the end of each month. For example in one month possibly 4 requisitions from 4 different schools, and the cost of various articles purchased may cost \$4.45 as follows:

|                   |                     |             |
|-------------------|---------------------|-------------|
| Mobert School     | 1 broom, 1 pc glass |             |
|                   | Express             | 1.70        |
| Lake Helen School | 1 doz. Mantles      | 1.25        |
| Grand Bay         | " 1 Generator       | .60         |
| Mission Bay       | " 1 Mop             | .90         |
|                   |                     | <u>4.45</u> |

As you will note the total amount of these various articles from 4 different schools amount to \$4.45. Kindly advise if it will be in order to submit these accounts on the one voucher with separate covering letter heads, chargeable to each Indian Day School, or would the Department prefer separate vouchers for each school.

In conclusion I may say if I was obliged to wait to receive authority to purchase articles that were urgently required, it would be a great inconvenience, especially as I am out of the City a great deal.

I would appreciate the Department's views on this subject.

Your obedient servant,

*J. G. Burk*

Sir:

I beg to draw the Department's attention to conditions on the Moberg Indian Reserve. The Band are just recovering from a very severe epidemic of whooping cough, and influenza has recently developed on this Reserve. It was necessary to send a nurse down to take charge of the severer cases which developed into pneumonia.

The school children are very much undernourished, and the nurse and myself came to the same conclusion we would be well advised to recommend the following supplies for a lunch for the pupils:

10 lbs. Rice,  
10 " Oatmeal,  
10 " Sugar,  
10 " Barley,  
10 " Cocoa.

which will cost approximately \$3.00.

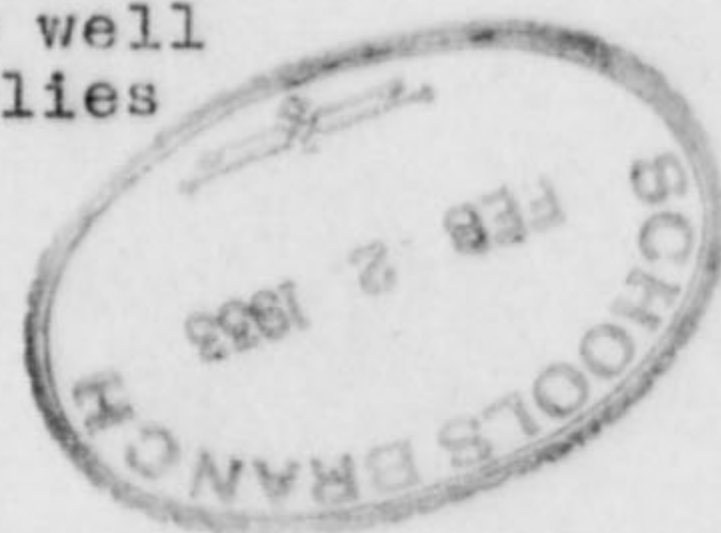

If the above meets with the Department's approval I would suggest continuing these monthly supplies until the end of April.

An early reply will be appreciated.

Your obedient servant,

J. G. Burk,  
Indian Agent.

Sir,-

With reference to your letter of the 27th ultimo regarding purchases for Indian day schools in your agency, I beg to say that, if an emergency arises when an inexpensive article is required, you may purchase same without requesting authority. Otherwise, you should strictly conform to the instructions contained in circular letter of November 14th, 1932.

Separate vouchers should be forwarded for each school and, at the same time, you should submit a covering letter stating the reason for making purchases without first securing authority.

Your obedient servant,

Sir:

I beg to report I recently returned from the Moberg Indian Day School. After a careful inspection of each home I found 85% of the children are undernourished. The teacher has supplied oatmeal, rice, and barley, also cocoa. She paid for these from her own pocket.

I would strongly recommend an allowance of \$12.00 for 3 months, as the children on this Reserve are undernourished and one hot meal would be of great assistance.

I would also recommend purchasing flannelette and wool for sewing classes which will not exceed \$10.00. The teacher advised she would mend the children's clothing, teach them how to darn their socks, and make undergarments. Some of the children are running around very poorly clad with the temperature ranging around 40 to 50 below zero. This Reserve is situated a few miles west of White River.

The following supplies are also required for the school: 7 panes of glass, swede saw, blade, 1 axe.

Sir:

I have your letter of the 8th instant, requesting that a grant be allowed to purchase supplies for a hot meal for the pupils of the Moberg Indian Day School and that sewing material and a few other supplies be authorized.

The Department will allow a grant, which must not exceed the total sum of \$12.00, towards the purchase of supplies for the pupils' midday lunch for a three month period. You should arrange for the purchase not exceeding the above amount. Further, the Department will approve of you arranging for the purchase of the flannelette and wool required for the sewing classes, to an amount not exceeding \$10.00. You may also purchase 7 panes of glass, swede saw, blade, and one axe.

Please obtain accounts covering the cost of the above authorized supplies. These, you should attach to proper voucher forms, certify in the usual manner and forward for payment. The accounts should reach the Department before our books close at the end of the present fiscal year, viz.: March 31st, next.

Sir:

On a recent tour of inspection I found that the classroom and living quarters of the Moberg Indian Day School should be kalsomined. The cost will be approximately \$7.50 for murescoing 2000 feet in the living quarters including bedroom, and \$7.50 for the classroom.

11 50  
The floors should be oiled and the wood work varnished which will cost approximately \$4.00. The teacher will do the kalsomining and varnishing of wood work free of cost.

I would be pleased to receive authority to purchase the kalsomine and varnish.

Sir:

Attention Educational Branch.

I wish to advise I have just received a letter from Mrs. Prudhomme, teacher at the Moberg School, advising that the furnace in the school needs fixing. She also states that it is almost impossible to hold classes in account of the tremendously cold classroom, as they cannot light a fire, and she fears that the children may contract colds which might develop into influenza or pneumonia.

I would be pleased if the Department could give me authority to send an expert furnace-man to Moberg to repair the furnace. I would suggest that he be sent down immediately as otherwise school will have to be closed, as the weather is very cold. I would be pleased to receive a wire giving me authority to have this work done.

Your obedient servant,

J. G. Burk,  
Indian Agent.

Sir: Attention Educational Branch

I beg to enclose herewith  
voucher amounting to \$8.50, covering repairs  
to the cooking stove for the Moberg Indian Day  
School.

For the Department's information  
I may say that Mrs. Prudhomme had intended paying  
for these supplies herself, but I advised her, in  
future, to write to this office for authority  
before purchasing any orders and same would be  
forwarded to Ottawa for their authorization.  
Mrs. Prudhomme advised the grates were completely  
burned out in the cooking stove, and consequently  
it was necessary to order same at once.

I trust this account will be paid  
by our Department.

Your obedient servant,

  
J. G. Burk,  
Indian Agent.

The Secretary,  
Dept. of Indian Affairs,  
Ottawa, Ontario.

Sir:

I have been advised by the teacher at Moberg Indian Day School that the wire screening, on the doors of the residence and classroom is beyond repair and that it will also be necessary to replace 4 panes of glass in the classroom windows. I would appreciate if you would forward the necessary authority to purchase screening, glass, putty etc. to make these repairs. The approximate cost will not exceed \$5.00 delivered at Moberg.

Your obedient servant,

Dear Sir,-

EX'D.

The Department finds it necessary to return your voucher No. 4-15, for \$21.30, in favour of the Hudson's Bay Company.

With reference to the item of \$11.00 for goods supplied to Steven W. Jack in payment of his work at the Pic Indian Day School, it will be necessary to attach to the account a receipt from Jack acknowledging the goods charged on the account.

The Department cannot understand why this account has been certified by J. R. Douglas, teacher of the Moberg Indian Day School, as the repairs are stated to have been made at the Pic School.

Yours truly,

A. F. MacKenzie.

R

Sir:

In reply to your letter of the 3rd instant file No. 9-14-5 regarding voucher No. 4-15, amounting to \$21.30 in favor of the Hudson's Bay Co., I beg to advise that the account has been signed by Steven Whiskeyjack and J. R. Douglas, the latter being the teacher at the Moberg Indian Day School, this being the school for which the supplies were ordered and issued to. The post manager has made a mistake in the name of the school.

Your obedient servant,

OFFICE OF  
INDIAN AGENT

Port Arthur, Ont.,  
Jan. 11, 1937.

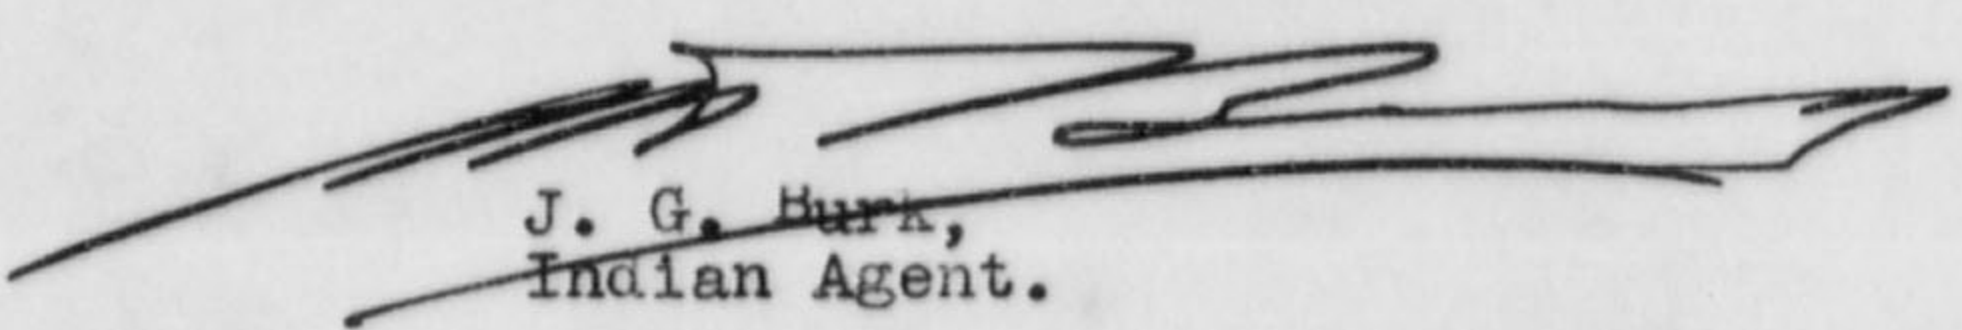

210-6

Sir:

With reference to my recent visit to the Moberg Indian Day School, I beg to advise that as the school and residence were left in such a very untidy condition that consequently I would strongly recommend some varnish and additional muresco be purchased. It will also be necessary to purchase other small items of hardware including several panes of glass, nails, stove pipes and elbows. The approximate cost will be \$12.75, and I would appreciate the necessary authorization to make this purchase as soon as possible, as they are urgently required.

Your obedient servant,

  
J. G. Burk,  
Indian Agent.

Dear Sir,-

In reporting regarding his inspection of the Moberg Indian Day School on March 16th, last, Inspector Greening writes:-

"The building, the property of the Department, is in good condition except for the fact that there is a cracked fire-pot in the hot air furnace. This permits sparks to pass into the hot air conveyor pipes, one such spark having set fire to a pair of gloves in the teacher's residence. The furnace needs being taken apart."

It is understood that the cost of these repairs will not be excessive and you may arrange for fixing the furnace at this school.

Yours truly,

EX'D.

Ottawa,  
January 17, 1939.

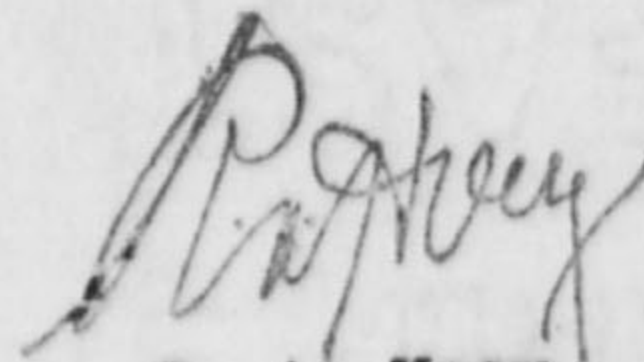

Dear Sir:

The Department finds it necessary to return the attached account. You will note that this requests payment for \$9.00. In official letter of November 29, 1938, it was distinctly stated that we could only allow the sum of \$7.00 for a Christman treat at the Moberg school. As our funds are quite limited it is difficult to understand why you submitted an account for a larger amount than that authorized. A revised account should be forwarded.

Yours truly,

J. G. Burk, Esq.,  
Indian Agent,

Attention- Supt. of Welfare & Training

Sir:

With reference to previous correspondence in connection with necessary repairs to be made to the Mobert Indian Day School, I beg to report that a survey of the work to be done, before next winter, has been made and we find that it will be necessary to install and supply two new 8" galvanized pipe, one damper in main heating duct in school classroom, one clean out cover for chimney base, install one clean out furnace door and make general repairs to the furnace. The local firm, who made the initial instalment of the furnace have quoted us a price of \$114.00 for the work, which includes expenses and labour for the survey made. I would suggest that this work be completed before the end of the school term, so that the teacher will be present while repairs are being made and would be pleased if the Department would authorize this expenditure.

J. G. Burk, Indian Agent.

EX'D.

Dear Sir:

I am in receipt of your letter of the 8th instant with reference to repairs which you state are required at the Moberg Indian day school. I note that you state that an amount of \$114.00 will be required to do the necessary work but a review of the material required appears to show that such a large expenditure would not be necessary.

In preparing our appropriation for the present fiscal year it was only found possible to include an amount of \$925.00 for repairs and improvements at the day schools in the Port Arthur Agency. Nearly all of this amount will be required for the new foundation and other repairs at the McIntyre Bay school and the Department is not in a position to authorize heavy expenditure at the other schools in your Agency this year.

Before giving any consideration to the repairs which you state should be made at the Moberg school the Department will await further details from you.

Yours truly,

  
J.G. Burk, Esq.,

Dear Sir:

I am in receipt of your letter of the 28th ultimo, with reference to the furnace at the Moberg Indian Day School. The information given in your letter is not sufficiently definite to permit the Purchasing Agent to secure the repairs required to the furnace.

I would again point out that it appears a very large expenditure for simply repairing the furnace. Would it not be possible to secure a stove at a much smaller cost to properly heat this building?

Yours truly,

Attention-Supt. of Welfare & Training

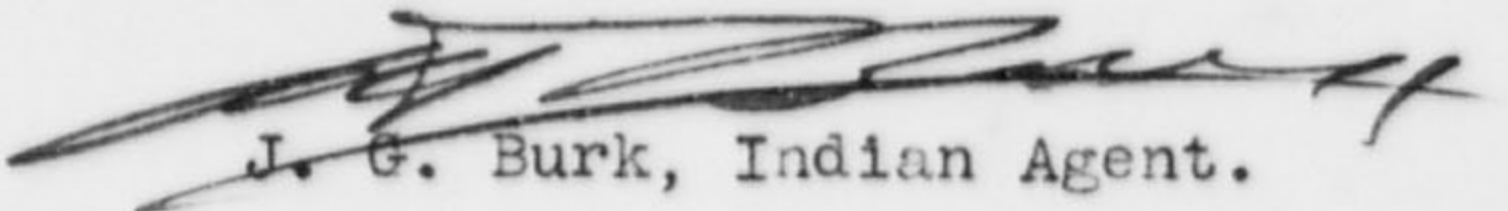

Sir:

Referring to your letter of July 7th, file 9-14-5 In connection with repairs to the furnace at the Moberg Indian Day school, I beg to report I communicated with Mr. Lampshire, of this city, who advised me that the parts can be obtained from the Beach Foundry Ltd., Ottawa, Ont. and I am attaching herewith, list of parts required.

As you will note by previous correspondence the biggest expense in repairing the furnace is the repair parts required. The labor appears to be very reasonable.

In conclusion, I may say that when the school was constructed we did not make provision for stoves, consequently it would be necessary to have a brick layer construct new openings in the chimney, one for a stove in the classroom and one for a stove in the residence, which I believe would be almost as expensive as the repairs to the furnace. Under the existing circumstances I trust that authorization can be obtained for the repairs to the furnace.

Your obedient servant,

  
J. G. Burk, Indian Agent.

Dear Sir:

With reference to your letter of the 18th instant the Purchasing Agent is being requested to secure the grate bars and radiator for the furnace at the Moberg school.

You may purchase the galvanized pipe, damper, cleanout for base of chimney and cement.

A firm on the approved list should be engaged to do any work that is required and the Department will expect you to keep the cost to the lowest possible point.

Attention-Supt. of Welfare & Training

Sir:

I beg to report that the drinking water supply at the Moberg Indian Day School is very poor. It is obtained from a small Lake near the school and for the greater part of the year, it is warm and unfit for drinking. After inspecting the school and discussing the matter with the teacher, Mr. Douglas, he reports that the pump can be installed for approximately \$10.00 for Indian labour with his assistance.

The Hudson's Bay Co. at that point have a pump, point and piping etc. and will supply same for a total cost of \$12.00.

I would be pleased if the Department would authorize this installation.

Sir:

In reply to your letter of November 27th, file 9-14-5 in connection with a voucher, No. 105-3, in favor of Lampshire and Terry of this city for repairs to the Mober school furnace, I beg to return herewith, corrected account.

On taking the matter up with Mr. F. Lampshire, he explained that he had included his expenses etc. under the heading labor. However, he has rendered another account and shown these amounts separately with supporting receipts, which of course, is the way the account should have been originally rendered.

Your obedient servant,

Attention-Supt. of Welfare & Training

Sir:

I am in receipt of a communication from Mr. J. R. Douglas, teacher at the Moberg Indian day school, with regard to the supplying of a pump handle for the school pump. I quote you his letter, in part as follows:

"We had the hard luck to break our pump handle and right now we are without decent drinking water. Would you please purchase a steel pump handle for a McDougal pump and send it down. The lake water is not fit for use now as the snow is melting and making it filthy."

The approximate cost of supplying the above mentioned will not exceed \$4.00 and in view of the circumstances I would appreciate authority to purchase same.

Your obedient servant,

J. G. Burk, Indian Agent.

Sir:

During my recent inspection tour of the Moberg reservation, Mr. Douglas, teacher of the day school reported his cook stove was almost completely worn out. I found on investigation that the oven was completely burned out and that the stove has been patched up several times and now is beyond repair. I have made several enquiries regarding the cost of these stoves since my return to the city and I find that the cost of a stove will be approximately \$40.00.

I would be pleased, therefore, if the Department would advise if authorization can be granted to make this purchase.
